DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4809-N-15]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This notice identifies unutilized, underutilized, excess, and

surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Mark Johnston, room 7266, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234, TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this notice according to the following categories: Suitable/available suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Shirley Kramer, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application

packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expression of interest as soon as possible. For complete details concerning the processing of application, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Agriculture*: Ms. Marsha Pruitt, Department of Agriculture, Reporters Building, 300 7th Street, SW., Room 310B, Washington, DC 20250; (202) 720-4335; *Energy*: Mr. Tom Knox, Department of Energy, Office of Engineering & Construction Management, CR-80, Washington, DC 20585; (202) 586-8715; *GSA*: Mr. Brian K. Bureau of Land Management

[NV–040–03–5101–ER–F336; N–74943]

Notice of Availability of the Proposed Toquop Land Disposal Amendment to the Caliente Management Framework Plan and Final Environmental Impact Statement for the Toquop Energy Project

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of the proposed Toquop Land Disposal Amendment to the Caliente Management Framework Plan (MFP) and Final Environmental Impact Statement (FEIS) for the Toquop Energy Project.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, an FEIS has been prepared by the Bureau of Land Management (BLM), Ely Field Office, for the Toquop Energy Project. The FEIS was prepared to evaluate the effects of amending the Caliente Management Framework Plan to identify specific sections of land as available for disposal through sale or exchange, effects of an exchange of 640 acres in the Toquop area for 640 acres in the Pah Rah area, and to analyze the impacts of issuing a right-of-way for the construction and operation of a natural gas fired electric power generating plant and associated facilities on public land currently administered by the Ely and Las Vegas Field Offices of the BLM.

DATES: The Proposed Toquop Land Disposal Amendment to the Caliente Management Framework Plan and Final Environmental Impact Statement for the Toquop Energy Project is available for a 30-day protest period starting from the date the Environmental Protection Agency (EPA) publishes its NOA in the **Federal Register**. Copies of the FEIS will be mailed to individuals, agencies, or companies who previously requested

copies. Instructions for filing protests are contained in the Final Environmental Impact Statement document cover sheet just inside the front cover, and are included below under **SUPPLEMENTARY INFORMATION**. **ADDRESSES:** Public reading copies of the FEIS will be available for reading at public libraries: Caliente Branch Library; Clark County Library; Las Vegas Public Library; Lincoln County Library; Mesquite Library; North Las Vegas Library; Panaca High School Library; University of Nevada-Las Vegas; James R. Dickinson Library Documents Department; University of Nevada-Reno; Getchell Library Government Publication Dept.; Washoe County Library; White Pine County Library. A limited number of copies of the document will be available at the following BLM offices: BLM Nevada State Office, Las Vegas Field Office, Caliente Field Station, and Ely Field Office.

FOR FURTHER INFORMATION CONTACT: Gene A. Kolkman, Field Manager, Bureau of Land Management, Ely Field Office, 702 N. Industrial Way, Ely, Nevada 89301–9408; telephone (775) 289–1800.

SUPPLEMENTARY INFORMATION: The Environmental Protection Agency published the notice of availability of the Draft EIS (DEIS) on May 31, 2002. The public comment period on the DEIS ended August 29, 2002. The FEIS addresses alternatives to resolve the following major issues: ground water resources, air quality, economic benefits, and desert tortoise habitat.

This proposed Toquop Land Disposal Amendment to the Caliente MFP and FEIS for the Toquop Energy Project evaluates the environmental effects that would result from issuance of a right-of-way for the construction of the proposed Toquop Energy electric power generating plant. This 1,100-megawatt (MW) natural gas-fired and water-cooled power plant and associated features would be located on public lands in Lincoln County and Clark County, southern Nevada, that are presently managed by the Ely and Las Vegas Field Offices of the U.S. Bureau of Land Management (BLM). The power plant site for the proposed action is approximately 50 miles south-southeast of Caliente, Nevada, and 12 miles northwest of Mesquite, Nevada. An alternative power plant site located in the Tule Desert approximately 12 miles north-northwest of the Toquop Wash plant site and an alternative air-cooled plant located at the Toquop Wash plant site are evaluated. This document also evaluates the effects of amending the
