

published in the **Federal Register** and on our Web site as stated above.

(c) You submit the electronic form to an electronic document receiving system that we have designated for the receipt of that specific form.

(d) The electronic form bears valid electronic signatures, as provided in subpart B of this part, to the same extent that the paper submission for which it substitutes would bear handwritten signatures.

§ 73.32 May I electronically sign forms I submit electronically to TTB?

You may electronically sign the electronic form you submit to us if:

(a) You have registered with TTB to do so and have certified, prior to the time of such use, that the electronic signatures or digital signatures in your system are intended to be the legally binding equivalent of traditional handwritten signatures;

(b) The electronic or digital signature meets the standards of this part and is authorized by TTB in accordance with this part; and

(c) The electronic or digital signature is sufficiently trustworthy and reliable that the signing party may not repudiate the signature.

§ 73.33 Am I legally bound by a form I sign electronically?

Yes; by electronically signing a form you submit to us, you are agreeing to be legally bound to the same extent as if you applied a traditional handwritten signature on a paper document submitted to satisfy the same reporting requirement. Persons using electronic signatures shall, upon TTB's request, provide additional certification or testimony that a specific electronic signature is the legally binding equivalent of the signer's handwritten signature.

§ 73.34 When is an electronically submitted form considered timely filed?

If you submit a form to our electronic document receiving system, your report will be considered filed on the date of the electronic postmark given by that system.

§ 73.35 Do I need to keep paper copies of forms I submit to TTB electronically?

Nothing in this part alters any other regulatory or statutory requirement that records be maintained in paper format. If the regulations in this chapter require you to keep paper copies of certain forms, you must continue to do so unless TTB otherwise authorizes you to maintain electronic copies of these documents through a general notice in the **Federal Register** or through a variance.

Approval and Promulgation of State Air Quality Plans for Designated Facilities and Pollutants; State of West Virginia; Control of Emissions from Existing Commercial/Industrial Incineration (CISWI) Units

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve the commercial and industrial solid waste incinerator 111(d)/129 plan (the "plan") submitted by the West Virginia Department of Environmental Protection, Division of Air Quality (DAQ). The plan was submitted to EPA by the DAQ on November 29, 2001, and amended on September 25, 2002, and January 22, 2003. In the Final Rules section of this **Federal Register**, EPA is approving the State of West Virginia's CISWI plan submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipate no adverse comments. A more detailed description of the state submittal and EPA's evaluation are included in a Technical Support Document (TSD) prepared in support of this rulemaking action. A copy of the TSD is available, upon request, from the EPA Regional Office listed in the **ADDRESSES** section of this document. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by May 12, 2003.

ADDRESSES: Written comments should be mailed to Walter Wilkie, Deputy Chief, Air Quality Planning and

Information Services Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

FOR FURTHER INFORMATION CONTACT:

James B. Topsale at (215) 814-2190, or by e-mail at topsale.jim@epa.gov.

SUPPLEMENTARY INFORMATION: For further information, please see the information provided in the direct final action, with the same title, that is located in the "Rules and Regulations" section of this **Federal Register** publication. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

Dated: March 31, 2003.

Thomas C. Voltaggio,

Acting Regional Administrator, Region III.

Control of Emissions From New Nonroad Diesel Engines: Amendments to the Nonroad Engine Definition

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rule.

SUMMARY: EPA is proposing to revise the definition of nonroad engines to include all diesel-powered engines used in agricultural operations in the State of California that are certified by the engine maker to meet the applicable nonroad emission standards. Under this proposed rule, such engines would be considered nonroad engines without regard to whether these engines are portable or transportable or how long these engines remain in one fixed location at a farm.

In the "Rules and Regulations" section of this **Federal Register**, we are making this amendment as a direct final rule without prior proposal.

We have explained our reasons for this amendment in the preamble to the
