

Exchange for Construction of New Seismically Stable Facilities, Cities of El Segundo and Hawthorne, Los Angeles County, CA, Comment Period Ends: May 27, 2003, Contact: Jason Taylor, (310) 363-0142.

This document is available on the Internet at: <http://www.pirniewest.com/LAAFB>.

EIS No. 030159, Final EIS, AFS, CA, North Fork Fire Salvage Project, Harvest Salvage, Merchantable Timber Volume Sale and Sierra National Forest Land and Resource Management Plan, Implementation, Bass Lake Ranger District, Madera County, CA, Wait Period Ends: May 12, 2003, Contact: Michael Price, (559) 877-2218.

EIS No. 030160, Final Supplement, AFS, UT, Griffin Springs Resource Management Project, New Information concerning the Life History and Analysis of Endangered, Threatened, Candidate, Sensitive and Management Indicator Species, Dixie National Forest, Escalante Range District, Garfield County, UT, Wait Period Ends: May 12, 2003, Contact: David M. Keefe, (435) 826-5400.

EIS No. 030161, Draft Supplement, FTA, NY, Second Avenue Subway Project, Improve Transit Access to Manhattan's East Side and Reduce Excess Crowds on the Lexington Avenue Subway, Metropolitan Transportation Authority (MTC) New York City Transit (NYCT), New York, NY, Comment Period Ends: June 10, 2003, Contact: Irwin B. Kessman, (212) 668-2177.

EIS No. 030162, Revised Draft EIS, DOE, Hanford Site Solid (Radioactive and Hazardous) Waste Program, New Information on Waste Management Alternatives, Waste Management Practices Enhancement for Low-Level Radioactive Waste, Mixed Low-Level Radioactive Waste and Transuranic Waste, Richard, Benton County, WA, Comment Period Ends: May 27, 2003, Contact: Michael S. Collins, (800) 426-4914.

Amended Notices

EIS No. 030114, Draft EIS, NPS, AK, Glacier Bay National Park and Preserve Vessel Quotas and Operating Requirements for Cruise Ships and Tour, Charter, and Private Vessels, Implementation, AK, Comment Period Ends: May 14, 2003, Contact: Nancy Swanton, (907) 257-2651.

Revision of FR Notice Published on 3/31/2003: CEQ Comment Period Ending 5/20/2003 has been Corrected to 5/14/2003.

EIS No. 030121, Draft EIS, COE, CA, East Cliff Drive Bluff Protection and Parkway Project, Evaluate Alternatives for Coastal Bluff Erosion Protection, City of Santa Cruz, Santa Cruz County, CA, Comment Period End: May 12, 2003, Contact: Sarah Cameron, (415) 977-8538.

Revision of FR Notice Published on 3/28/2003: EIS No. 0230121 has been Corrected to 030121.

Dated: April 8, 2003.

Joseph C. Montgomery,
Director, NEPA Compliance Division, Office of Federal Activities.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7482-4]

Science Advisory Board; Notification of Public Advisory Committee Meeting Environmental Engineering Committee (EEC) Conference Call

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA), Science Advisory Board (SAB), Environmental Engineering Committee (EEC) is announcing a planning teleconference meeting to discuss several proposed self-initiated projects for Fiscal Year 2004.

DATES: The conference call meeting will take place on Wednesday, April 30, 2003 from 11:30 p.m. to 1:30 p.m. Eastern Standard Time. Participation will be by teleconference only.

ADDRESSES: Members of the public who wish to obtain the call-in number and access code to participate must contact Ms. Sandra Friedman, EPA Science Advisory Board Staff Office; telephone/voice mail at (202) 564-2526 or via e-mail at friedman.sandra@epa.gov in order to register.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information about this conference call meeting should contact Ms. Kathleen White, Designated Federal Officer, by telephone/voice mail at (202) 564-4559 or via e-mail at white.kathleen@epa.gov. General information concerning the EPA Science Advisory Board can be found on the EPA Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: 1. *Summary:* The U.S. Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) is

providing this notification of an upcoming teleconference call meeting of the Environmental Engineering Committee (EEC).

The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice, consultation, and recommendations to the EPA Administrator on the technical basis for Agency positions and regulations. This committee of the SAB will comply with the provisions of the Federal Advisory Committee Act (FACA) and all appropriate SAB policies and procedures.

During the public conference call meeting, to take place at the date and time noted above, the EEC will discuss its proposals for self-initiated projects to be considered by the SAB in FY 2004. Self-initiated projects are scientific and technical projects proposed outside of the normal mechanism of Agency-requested consultations, advisories, and peer reviews. Such projects are intended to address critical needs for anticipatory or cross-cutting scientific and technical advice. All SAB self-initiated projects will be evaluated by the SAB's Executive Committee (EC) during its July 16-17, 2003 public meeting.

2. *Availability of Meeting Materials:* A copy of the draft agenda for the meeting that is the subject of this notice will be posted on the SAB Web site (<http://www.epa.gov/sab>) (under the AGENDAs subheading) approximately 10 days before the conference call meeting. Other materials that may be available, such as draft proposals for SAB self-initiated projects to be considered at the EEC conference call meeting will also be posted on the SAB Web site in this time-frame, linked to the calendar entry for this meeting (<http://www.epa.gov/sab/mtgcal.htm>).

3. *Providing Oral or Written Comments at SAB Meetings:* It is the policy of the EPA Science Advisory Board (SAB) to accept written public comments of any length, and to accommodate oral public comments whenever possible. The EPA SAB expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. *Oral Comments:* In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated). For conference call meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Interested parties should contact the Designated Federal Official (DFO) at least one week prior to the meeting in order to be placed on the

public speaker list for the meeting. Speakers may attend the meeting and provide comment up to the meeting time. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting. *Written Comments:* Although the SAB accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the review panel for their consideration. Comments should be supplied to the appropriate DFO at the address/contact information noted below in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format). Those providing written comments and who attend the meeting are also asked to bring 35 copies of their comments for public distribution. Should comment be provided at the meeting and not in advance of the meeting, they should be in-hand to the DFO up to and immediately following the meeting.

4. Meeting Access—Participation in this meeting is by teleconference only. Individuals requiring special accommodation to access this teleconference meeting, should contact the DFO at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: April 7, 2003.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[FRL -7482-5]

Science Advisory Board, Environmental Health Committee; Notification of an Upcoming Meeting and Final List of Panel Members for the Review of the Supplemental Guidance for Assessing Cancer Susceptibility From Early-life Exposure to Carcinogens (SGACS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA), Science Advisory Board (SAB), a Federal Advisory Committee,

announces: (a) An upcoming meeting (b) and final list of panel members for the Review of the Supplemental Guidance for Assessing Cancer Susceptibility from Early-life Exposure to Carcinogens (SGACS).

DATES: The face-to-face meeting will take place May 12, 2003 from 1 PM to 5 PM, and May 13 and 14, 2003 from 9 to 5 PM (all times noted are Eastern Daylight Time).

ADDRESS: The meeting will take place at the Sheraton Crystal City, 1800 Jefferson-Davis Hwy, Arlington, VA 22202

FOR FURTHER INFORMATION CONTACT: For general information about the meeting, please contact Dr. Suhair Shallal, Designated Federal Officer, by telephone/voice mail at (202) 564-4566, by fax at (202) 501-0582; or via e-mail at shallal.suhair@epa.gov. General information concerning the EPA Science Advisory Board can be found on the EPA SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: 1. Notification of Public Meeting: The U.S. Environmental Protection Agency (EPA) Science Advisory Board (SAB) is providing notification of an upcoming meeting and announcing the final membership of the SCAGS panel.

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Supplemental Guidance for Assessing Cancer Susceptibility (SGACS) panel of the US EPA Science Advisory Board (SAB) will meet to review the EPA's Office of Research and Development draft document entitled "Supplemental Guidance for Assessing Cancer Susceptibility From Early-Life Exposure to Carcinogens". This document provides a possible approach for assessing cancer susceptibility from early-life exposure to carcinogens.

The purpose of this meeting is to allow contemporaneous public access to the SGACS review panel's deliberations concerning the above-mentioned draft document. The meeting is open to the public; however, seating is limited and available on a first come basis. The meeting will be held at the times and dates and place specified above. A copy of the draft agenda for the meeting will be posted on the SAB Web site (<http://www.epa.gov/sab>) (under the AGENDAS subheading) approximately 10 days before the meeting.

For more information regarding the background on this advising activity, please refer to the **Federal Register**, 68 FR 10240, published on March 4, 2003 or the SAB Web site at <http://www.epa.gov/sab/panels/sgacs.html>.

The panel will be charged with responding to the following questions concerning the document to be reviewed.

(a) The Agency seeks the Science Advisory Board's review of the soundness of the Agency's position that the existing scientific information and data support the conclusion that there is greater susceptibility for the development of tumors as a result of exposures in early lifestages as compared with adults to chemicals acting through a mutagenic mode of action. Are there any key studies that the Agency has overlooked in reaching this conclusion?

(b) For chemicals acting through non-mutagenic modes of action, the Agency concludes that a range of approaches needs to be developed over time for addressing cancer risks from childhood exposures. Please comment on the Agency's conclusion that the scientific knowledge and data are insufficient at this time to develop generic guidance on how to address these chemicals and a case-by-case approach is more suitable. Is the SAB aware of any additional data for chemicals acting through non-mutagenic modes of action relevant to possible early lifestage sensitivity?

(c) Assuming that it is appropriate to conclude that there is differential lifestage susceptibility to chemicals acting through a mutagenic mode of action, the Agency's guidance uses a default approach that adjusts cancer slope factors (typically from conventional animal bioassays and/or epidemiologic studies of adult exposure) to address the impact of early-lifestage exposure. Please comment on the appropriateness of this approach.

(d) When considering differential susceptibility, the Agency's guidance separates the potential susceptible period into two age groups, 0-2 years and 2-15 years. These groupings were based on biological considerations rather than exposure considerations. The first grouping, 0-2 years of age, is meant to encompass a period of rapid development and the second grouping, 2-15 years of age, was selected to represent middle adolescence approximately following the period of rapid developmental changes during puberty. Please comment on the appropriateness of these age groupings with respect to susceptible lifestages given the current knowledge.

(e) The Guidance provides a quantitative approach to account for the greater susceptibility of early-life exposure to chemicals that act through a mutagenic mode of action. An
