[Docket No. CP02-90-001]

AES Ocean Express Pipeline Project; Notice of Availability of the Draft Environmental Impact Statement and Announcement of a Public Comment Meeting for the Proposed Ocean Express Pipeline Project

June 27, 2003.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a Draft Environmental Impact Statement (DEIS) on the natural gas pipeline facilities proposed by AES Ocean Express, L.L.C. (Ocean Express) in the above-referenced docket.

The DEIS was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project with the appropriate mitigating measures as recommended, would have limited adverse environmental impact. The DEIS also evaluates alternatives to the proposal, including system alternatives, major route alternatives, and route variations, and requests comments on them.

The DEIS addresses the potential environmental effects of the construction and operation of approximately 54.4 miles of 24-inch diameter, interstate natural gas pipeline extending from a receipt point on the Exclusive Economic Zone boundary between the United States and the Bahamas to delivery points in Broward County, Florida. In addition, associated ancillary facilities proposed to be constructed include two meter stations, one below-ground valve, one aboveground main pipeline shutoff valve, and one pig launching/receiving station.

The purpose of the Ocean Express Pipeline Project is to transport 842,000 dekatherms/day of natural gas on an annual basis to new markets in southeastern Florida.

Comment Procedures and Public Meeting

Any person wishing to comment on the DEIS may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your comments to:

Magalie Salas, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426;

- Label one copy of the comments for the attention of Gas Branch 3, PJ11.3;
- Reference Docket No. CP02-90-001; and
- Mail your comments so that they will be received in Washington, DC on or before August 12, 2003.

Please note that we are continuing to experience delays in mail deliveries from the U.S. Postal Service. As a result, we will include all comments that we receive within a reasonable time frame in our environmental analysis of this project. However, the Commission strongly encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments, you will need to create a free account which can be created by clicking on "Login to File" and then "New User Account."

In addition to accepting written and electronically filed comments, one public meeting to receive comments on this DEIS will be held at the following time and location.

Date

Monday, July 28, 2003, 7 p.m.—

Location

Hollywood Beach Culture & Community Center, 1301 S. Ocean Drive, Hollywood, Florida 33019, (954) 921-3600

Interested groups and individuals are encouraged to attend and present oral comments on the environmental impacts described in the DEIS. Transcripts of the meetings will be prepared.

After these comments are reviewed, any significant new issues are investigated, and modifications are made to the DEIS, a Final Environmental Impact Statement (FEIS) will be published and distributed by the staff. The FEIS will contain the staff's responses to timely comments filed on the DEIS.

Comments will be considered by the Commission but will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).

Anyone may intervene in this proceeding based on this DEIS. You

must file your request to intervene as specified above. You do not need intervenor status to have your comments considered.

The DEIS has been placed in the public files of the FERC and is available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

A limited number of copies are available from the Public Reference and Files Maintenance Branch identified above.
