Draft EIS Schedule and Availability

In its order, the court stated that it would defer until July 1, 2004, the setting aside of the Presidential permits and the FONSI, and has ordered DOE and BLM to seek a hearing date on or before May 15, 2004, to brief these issues. DOE and BLM intend to prepare and issue a final EIS before May 15, 2004, so that it is available for the court's review.

The Draft EIS is presently scheduled to be issued by early 2004, at which time its availability will be announced in the **Federal Register** and local media, and public comments will be solicited on the Draft.

People who do not wish to submit comments or suggestions at this time but who would like to receive a copy of the Draft EIS for review and comment when it is issued should notify Mrs. Russell at the address in the **ADDRESSES** section of this notice. DOE and BLM will publish the Draft both on paper and as a compact disc. In addition, DOE will make the Draft available on the World Wide Web at <http://tis.eh.doe.gov/nepa/documentspub.html>.

The Draft EIS will be made available for public inspection in several locations in the vicinity of the project. A notice of these locations will be provided in the **Federal Register** and local media at a later date.
