

monthly expenses. Without this information, the Agency is unable to determine if a customer would qualify for any services or if assistance has been granted to which the customer would not be eligible under current regulations and statutes. The Agency also encourages its customers to leverage our mortgage financing with that of other lenders to assist as many customers as possible within our limited resources. In many cases, another lender will leverage and participate with RHS in assisting the customer. In these cases, RHS and the other lender share documentation, with the customer's consent, to reduce duplication. Through our work with participating lenders, the Agency keeps abreast of information required by other lenders to ensure that RHS is not requiring unnecessary information. The Agency continually strives to ensure that information collection burden is kept to a minimum.

As mentioned, these loans are made directly by the Agency. RHS also services these loans for their term (33 or 38 years) and provides tools to assist the customer in becoming a successful homeowner. As discussed, payment subsidies are renewed on an annual basis. In addition, the Agency provides credit counseling and other services to its customers in an effort to assist them in becoming successful. The Agency offers many servicing tools including a moratorium (stop) on payments, modifications to payment subsidies to reflect changes in the customer's income, loan reamortization, payment workouts, etc. To obtain this assistance, the Agency must require certain information such as updated income and financial information, etc., to ensure the customer qualifies for the assistance, and is provided with the correct benefits based upon their circumstances.

Direct single family housing loans are only provided to customers who cannot obtain other credit for their housing needs. Customers are required by statute to refinance with another lender when they are financially able. To ensure the Agency meets its statutory responsibilities, existing customers may be requested to submit updated income and financial information for the Agency to make a determination as to whether they can "graduate" to other credit. In addition, should a customer default on a loan which results in liquidation, the Agency needs updated income and financial information to settle any outstanding indebtedness.

With the implementation of EGOV in June 2002, individuals are able to make application on line. We have 64 eForms which the public can access and print

for personal use. RHS is committed to automation and reducing the burden upon the public.
