- A selectee of this position may be required to satisfactorily complete a one-year probationary period.
- Shift work required: days, evenings, nights, weekends, and Holidays.
- May be subject to on-call status.

TRAVEL and RELOCATION: Travel and relocation expenses may be authorized under governing Federal travel regulations.

DESCRIPTION OF DUTIES: The incumbent serves as a Medical Technologist in an inpatient, outpatient, and referral facility, which provides support to physicians in the diagnosis of hemostatic and metabolic disorders with responsibility for integrating software within the hospital computer system and overseeing the ancillary program. Responsible for the implementation, planning, training, and maintaining the use of the RPMS laboratory software package and monitoring all ancillary tests performed in the facility, outlying clinics, schools and testing done in the field. Responsible for the design and maintenance of the Laboratory Computer Program to gather, record, process, and report clinical data to improve or expand laboratory services. The incumbent will ensure adherence by all hospital staff and non-hospital staff, to regulatory guidelines for waived and non-waived tests. The incumbent is the primary contact

person for the Laboratory Branch to disseminate information about the Laboratory Computer System. Performs other duties as assigned.

QUALIFICATION REQUIREMENTS: Candidates must have had experience as described below. Your description of work experience, level of responsibility, and accomplishments will be used to determine that you meet these requirements. NOTE: Applicants will be required to sign Optional Form 306, Declaration for Federal Employment, certifying to the accuracy and truthfulness of the information provided in their application.

Experience and/or Education Requirements

Basic Requirements: Transcripts must be submitted to verify Basic Requirements are met.

- A. Degree: medical technology, chemistry, or biology that included or was supplemented by at least:
- 16 semester hours of biological science of which one course was in microbiology and one course was in immunology. (NOTE: If there is no mention of immunology or immunobiology in the course title, the requirement for a course in immunology may be met by any course that covers the following topic areas: (1) definition and relationships of antigens and antibodies; (2) host-antigen interactions; (3) bursal and thymic influences on lymphoid cells; and (4) humoral and cellular response mechanisms.) The remaining biology courses must have been in general biology, zoology, or any of the areas listed below under "Evaluation of Education and Experience;"
 - 16 semester hours of chemistry of which one course was in organic or biochemistry. The remaining chemistry courses must have been in general chemistry, qualitative analysis, qualitative chemistry, quantitative chemistry, physical chemistry, analytical chemistry, or any of the areas listed below under "Evaluation of Education and Experience;" and
 - 3 semester hours of college mathematics.

OR

- B. A full 4-year course of study that included or was supplemented by at least 12 months in a college or hospital-based medical technology program or medical technology school approved by a recognized accrediting organization. The professional medical technology curriculum may have consisted of a 1-year post-baccalaureate certificate program or the last 1 or 2 years of a 4-year program of study culminating in a bachelor's in medical technology.

OR

- C. A combination of (1) at least 35 semester hours of biological science, chemistry, and mathematics as described in paragraph A above and (2) additional appropriate education and/or experience totaling 4 years. This combination of education and experience must have provided knowledge of the theories, principles, and practices of medical technology equivalent to that provided by the full 4-year course of study described in A or B above. All science and mathematics courses must have been acceptable for credit toward meeting the requirements for a science major at an accredited college or university. Acceptable experience is responsible professional or technician experience in a hospital laboratory, health agency, industrial medical laboratory, or pharmaceutical house; or teaching, test development, or medical research program experience that provided an understanding of the methods and techniques applied in performing professional clinical laboratory work. Certification/licensure as a medical technologist (generalist) obtained through written examination by a nationally recognized credentialing agency or State licensing body is a good indication that the quality of experience is acceptable.

Evaluation of Education and Experience: The four major areas of clinical laboratory science are microbiology, clinical chemistry, hematology, and immunohematology (blood banking). Qualifying course work in these areas includes bacteriology, mycology, mycobacteriology, tissue culture, virology, parasitology, endocrinology, enzymology, toxicology, urinalysis, coagulation, hemostasis, cell morphology, immunology, serology, immunoserology, immuno-deficiency, hemolysis, histocompatibility, cyto-genetics, and similar disciplines or areas of laboratory practice.

Related fields include physiology, anatomy, molecular biology, cell biology, embryology, pathology, genetics, pharmacology, histology, cytology, nuclear medicine, epidemiology, biostatistics, infection control, physics, statistics, and similar areas of science *where the work is directly related to the position to be filled.*

For positions above grade GS-5, experience or graduate education must have been in (1) the general field of medical technology, (2) one of the disciplines or specialized areas of medical technology, or (3) a field directly related and applicable to medical technology or the position to be filled.

Additional Qualification Requirements: In addition to meeting the basic qualification requirements, applicants must have specialized experience and/or directly related education in the amounts shown below:

GS-11: One (1) year of specialized experience equivalent to at least GS-9 or three (3) years of progressively higher level graduate education leading to a Ph.D. degree or Ph.D. or equivalent doctoral degree. ***Transcripts must be submitted to verify education requirements are met.***

Specialized Experience: Experience that equipped the applicant with the particular knowledge, skills, and abilities to perform successfully the duties of a Medical Technologist. Specialized experience includes the knowledge and skills for integrating software within the hospital computer system and overseeing the ancillary programs. Creditable, specialized experience must have been equivalent to the next lower grade level or equivalent pay band level in the Federal service.

QUALITY OF EXPERIENCE: Experience must have been at a level of difficulty comparable to the next lower grade in the Federal service. It is an applicant's responsibility to provide documentation or proof that he/she has met the qualification requirements of the position. Reference inquiries, including contacts with candidate's instructors, supervisors, or employers may be made to obtain further information about the candidate's professional qualification for the position.

LEGAL AND REGULATORY REQUIREMENTS: Candidates must meet time after competitive appointment, time-in-grade, and qualification requirements by the closing date of the announcement. If selected under the Excepted Service Examining Plan (ESEP) time-in-grade requirements do not apply.

KNOWLEDGE SKILLS, AND ABILITIES (KSAs) REQUIRED: Applicants who meet the basic qualification requirements described in this announcement will be further evaluated by determining the extent to which their work or related experience, education, training, awards, outside activities, and performance appraisal, etc., indicate they possess the knowledge, skills, and abilities described below. All applicants should provide clear, concise examples that show level of accomplishment or degree to which they possess the KSAs on a separate attachment. The information provided will be used to determine the "best qualified" candidates.

1. Knowledge of medical technology principles, practices and concepts sufficient to perform studies, advise management and develop plans for methodologies.
2. Knowledge and skill sufficient to consult with peers on a laboratory information system (LIS) and a hospital computer system to adapt and maintain software programs for accomplishing laboratory work.
3. Knowledge of recognized reference standards, medical legal responsibilities, accrediting requirements and federal/state laws and regulations sufficient to ensure that the laboratory software is consistent with requirements.
4. Ability to teach.
5. Ability to communicate effectively, both orally and in writing.

AREA INFORMATION: The Tucson Area encompasses the Pascua Yaqui (pah.skwah ya.ke) and Tohono O'odham (to.ho.no aah.tum) Indian Reservations. The Sells Service Unit (SSU) is the primary source of health care for the approximately 24,000 people of the Tohono O'odham Nation. The Sells Service Unit consists of an American Hospital Association affiliated JCAHO accredited hospital at Sells (65 miles west of Tucson) and three health centers - San Xavier Health Center located in Tucson; Santa Rosa Health Center located in Santa Rosa; and, the San Simon Health Center located in San Simon Village. The SSU also provides an environmental health program, which is responsible for construction and maintenance of sanitation facilities. The Sells Service Unit has a community focused health care delivery program and works in close association with the Tohono O'odham Tribal Health Committee and Tribal Health Department.

Tucson - Arizona's second largest metropolitan area is home to nearly 600,000. Tucson is one of the oldest continuously inhabited sites in North America, steeped in a rich heritage of Indian and Spanish influence. It affords entertainment, recreation and shopping and cultural opportunities. The arid desert climate receives an annual rainfall of 7 inches with average temperatures ranging from 50° in winter months to over 100° in summer.

CTAP - INFORMATION FOR DEPARTMENT OF HEALTH AND HUMAN SERVICES (DHHS) SURPLUS OR DISPLACED EMPLOYEES REQUESTING SPECIAL SELECTION PRIORITY CONSIDERATION.

If you are currently a DHHS employee who has received a Reduction-in-Force (RIF) separation notice or a Certificate of Expected Separation, you may be entitled to special priority selection under the DHHS Career Transition Assistance Program (CTAP). To receive this priority consideration, you must:

1. Be a current DHHS career or career-conditional (tenure group I or II) or be a current IHS excepted appointment (with no time limits) tenure group II excepted/competitive service employee who has received a RIF separation notice or a Certificate of Expected Separation (CES) and, the date of the RIF separation has not passed and you are still on the rolls of DHHS. You must submit a copy of the RIF separation notice or CES along with your application.
2. Be applying for a position that is at or below the grade level of the position from which you are being separated. The position must not have a greater promotion potential than the position from which you are being separated.
3. Have a current (or last) performance rating of record of at least fully successful or equivalent. This must be submitted with your application package.
4. Be currently employed by DHHS in the same commuting area of the position for which you are requesting priority consideration.
5. File your application by the vacancy announcement closing date and meet all the application criteria (e.g., submit all required documentation, etc.).
6. Meet the basic qualifications for the position, any documented selective factor, physical requirements with any reasonable accommodation and are able to satisfactorily perform the duties of the position without undue interruption.

ICTAP - INFORMATION FOR DISPLACED EMPLOYEES REQUESTING SPECIAL SELECTION PRIORITY CONSIDERATION UNDER THE INTERAGENCY CAREER TRANSITION ASSISTANCE PROGRAM (ICTAP)

If you are a displaced Federal employee, you may be entitled to receive special priority selection under the ICTAP. To receive this priority consideration, you must:

1. Be a displaced Federal employee. You must submit a copy of the appropriate documentation such as RIF separation notice, a letter from the Office of Personnel Management or our agency documenting your priority consideration status with your application package. The following categories of candidates are considered displaced employees.

A. Current or former career or career-conditional (tenure group I or II) competitive service employees who:

1. Received a specific RIF separation notice; or
2. Separated because of a compensable injury, whose compensation has been terminated and whose former agency certifies that it is unable to place; or
3. Retired with a disability and whose disability annuity has been or is being terminated; or
4. Upon receipt of a RIF separation notice retired on the effective date of the RIF and submits a Standard Form 50 that indicates "Retirement in Lieu of RIF;" or
5. Retired under the discontinued service retirement option; or
6. Was separated because he/she declined a transfer of function or directed reassignment to another commuting area.

OR

B. Former Military Reserve or National Guard Technicians who are receiving a special Office of Personnel Management (OPM) disability retirement annuity under Section 8337(h) or 8456 of Title 5, United States Code.

2. Be applying for a position at or below the grade level of the position from which you have been separated. The position must not have a greater promotion potential than the position from which you are separated.
3. Have current (or last) performance rating of record of at least fully successful or equivalent. This must be submitted with your application package. (This requirement does not apply to candidates who are eligible due to compensable injury or disability retirement.)
4. Occupy or be displaced from a position in the same local commuting area of the position for which you are requesting priority consideration.
5. File your application by the vacancy announcement date and meet all the application criteria (e.g., submit all required documentation, etc.).
6. Be rated well qualified for the position including documented selective factors, quality ranking factors, physical requirements with reasonable accommodations and are able to satisfactorily perform the duties of the position upon entry. A numerical rating of 85 is considered to be well qualified.

Item 15a. Agency Specific Questions

Name: _____ **Social Security Number:** _____
(Please print)

Job Title in Announcement: Medical Technologist, GS-0644-11 **Announcement Number:** SWR-09-0304

Section 231 of the Crime Control Act 1990, Public Law 101-647, requires that employment applications for Federal child care positions contain a question asking whether the individual has ever been arrested for or charged with a crime involving a child and for the disposition of the arrest or charge.

Section 408 of the Miscellaneous Indian Legislation, Public Law 101-630, contains a related requirement for positions in the Department of Health and Human Services that involve regular contact with or control over Indian children. The agency must ensure that persons hired for these positions have not been found guilty of or pleaded nolo contendere or guilty to certain crimes.

To assure compliance with the above laws, the following questions are added to the Declaration for Federal Employment:

1) Have you ever been arrested for or charged with a crime involving a child? YES _____ NO _____

[If "YES", provide the date, explanation of the violation, disposition of the arrest or charge, place of occurrence, and the name and address of the police department or court involved.]

2) Have you ever been found guilty of, or entered a plea of nolo contendere (no contest) or guilty to, any felonious or misdemeanor offense under Federal, State, or tribal law involving crimes of violence; sexual assault, molestation, exploitation, contact or prostitution; or crimes against persons; or offenses committed against children? YES _____ NO _____

[If "YES", provide the date, explanation of the violation, disposition of the arrest or charge, place of occurrence, and the name address of the police department or court involved.]

I certify that (1) my response to these questions is made under penalty of perjury, which is punishable by fines of up to \$2,000 or 5 years imprisonment, or both; and (2) I have received notice that a criminal check will be conducted. I understand my right to obtain a copy of any criminal history report made available to the Indian Health Service and my right to challenge the accuracy and completeness of any information contained in the report.
