TO THE OFFICIALS OF THE STATE-CHARTERED CREDIT UNION ADDRESSED:

Enclosed are the materials for your use in filing the March 31, 2009 Call Report. This package contains a copy of the Call Report Form and Instructions, the Call Report (form 5300), the PC 5300 *Windows* program compact disk, and a copy of the PC 5300 *Windows* Checklist.

Call Report: The form 5300 contains both core pages and supplementary schedules. Credit unions that engage in a broader range of investment, share, or lending activities must complete the supplementary schedules as needed.

Call Report Form and Instructions: The Call Report Form and Instructions should be referenced while completing the actual form 5300. The Instructions start after page 20 of the 5300 Call Report Form.

The paper copy of the form is provided for your convenience. You are not required to return the form if you use the PC 5300 program (unless your examiner has requested that you do so), but you should print and sign a completed report, and retain a copy in your permanent records. If you choose to use the PC 5300 program, you must install the current system enclosed in this package. Please make sure that the version which appears on the *NCUA Form 5300 for Windows* program is correctly identified as 9.a. Your charter number and check digit are listed at the top left corner of this page.

Technical Support: Please call NCUA Customer Service at 1-800-827-3255 with any software questions. Please direct any questions not related to the PC 5300 software to the SSA Office listed below.

Return Date: The processor will contact you with any questions during processing. If you do not use the eSend option for the Call Report, please submit a copy of your March 31, 2009 financial statements and your 5300 Call Report in hard copy or on diskette. However, some State Supervisory Authorities (SSAs) require their credit unions to send financial statements directly to their office headquarters even if the 5300 is submitted via the eSend option. ***THE COMPLETED FORM OR DISKETTE MUST BE RETURNED BY APRIL 20, 2009 TO THE FOLLOWING ADDRESS:***

Password: Your security passwords required to use eSend for the Call Report and ROO are now self-managed via NCUA's password management system. The website address for the password management system is <https://webapps.ncua.gov/CUPMS>. You can use this system to change your password, set up challenge questions for future retrieval of lost or forgotten passwords, and request your password be sent to the email address or fax number on record.

eSend to NCUA: Credit unions with Internet access and using NCUA provided software can securely upload the Call Report and Report of Officials (ROO) data for processing with the eSend option. Please refer to the program instructions for further details. All errors must be resolved and a comment must be provided for each warning before using this option.

Report of Officials: The 2009 Report of Officials (form 4501) and the report's *Windows* software were sent with the December 2008 call report materials. The form, software, and user instructions are also available on the current CD and on our website at www.ncua.gov/GuidesManuals/roofficials/roofficials.html.
