

include a completed draft checklist of applicable requirements based on Appendix H of the U.S. Navy Tow Manual, which can be found at <http://www.supsalv.org/pdf/towman.pdf>.

The Mooring Plan describes how the vessel will be secured at its permanent display site during normal and extreme weather conditions (including the 100-year storm event) to prevent damage to the vessel, its mooring system, the pier, and surrounding facilities. It will also provide evidence of availability of a facility for permanent mooring of the vessel, either by ownership, existing lease, or by letter from the facility owners indicating a statement of intent to utilize such facilities. It must also address any requirement to obtain site-specific permits and/or municipal approvals required for the facility, to include but not limited to, Port Authority and Army Corps of Engineers approvals/permits, where required. The mooring location must be acceptable to the DON and not obstruct or interfere with navigation.

The Environmental Plan describes how the applicant will comply with all Federal, State, and local environmental and public health and safety regulations and permit requirements. The applicant must also provide information necessary for the Navy to complete an environmental assessment of the Donation as required by the National Environmental Policy Act, including the impact of the Donation on the natural and man-made environment, local infrastructure, and evaluation of the socio-economic consequences of the donation.

The Maintenance Plan must describe plans for long-term and short-term maintenance of the vessel, including preservation and periodic maintenance schedule, underwater hull inspections, emergency response and fire/flood/intrusion control, pest control, security, periodic dry-docking, and the qualifications of the maintenance team.

c. *The Curatorial/Museum Plan includes two parts:* A Curatorial Plan and a Historic Management Plan. The Curatorial Plan must describe the qualifications for a professional curator (and curator staff, if necessary). The plan must also describe how the museum will collect and manage artifacts, including a statement of purpose and description of access, authority, and collection management responsibilities. The Historic Management Plan must describe how the museum will display the vessel and exhibits, including a description of the historical context of the ship, vessel restoration plans, historical subject

matter that will be displayed with the vessel, and exhibit display plans.

d. The Community Support Plan must include evidence of local support. Evidence of regional support should also be provided. This includes letters of endorsement from adjacent communities and counties, cities or States. Also describe how the location of the vessel will encourage public visitation and tourism, become an integral part of the community, and how the vessel will enhance community development. The Community Support Plan must also describe the benefit to the DON, including but not limited to, addressing how the prospective donee may support DON recruiting efforts, the connection between the Navy and the proposed berthing location, how veterans associations in the area are willing to support the vessel, how the prospective donee will honor veterans' contributions to the United States, and how the exhibit will commemorate those contributions and showcase Naval traditions.

The relative importance of each area that must be addressed in the Donation application is as follows: Business/Financial Plan and Technical Plan are the most important criteria and are equal in importance. Within the Technical Plan, the Mooring Plan is of greatest importance, and the Towing Plan, Maintenance Plan, and Environmental Plan are individually of equal importance but of lesser importance to the Mooring Plan. The Curatorial/Museum Plan and Community Support Plan are of equal importance, but of lesser importance than the aforementioned plans.

Evaluation of the application(s) will be performed by the Navy to ensure the application(s) are compliant with the minimum acceptable application criteria and requirements. In the event of multiple compliant applications, the DON will perform a comparative evaluation of the applications to determine the best-qualified applicant. The adjectival ratings to be used for each criterion include: Outstanding, Good, Satisfactory, Marginal, and Unsatisfactory. The Secretary of the Navy, or his designee, will make the final Donation decision.

Additional information concerning the application process and requirements are found on the DON Ship Donation Web site, <http://www.navsea.navy.mil/ndp>. The complete application must be submitted in hard copy and electronically on a CD to the Navy Inactive Ships Program office within six months of this **Federal Register** notice. In the absence of a viable donation application, the DON

reserves the right to remove ex-DOLPHIN from donation consideration and proceed with disposal of the vessel.

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 2, 2007.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6)

Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: January 24, 2007.
