Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 27, 2009.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, *e.g.* new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this

collection on the respondents, including through the use of information technology.

Dated: February 19, 2009.

Abstract: The National Center for Education Statistics (NCES) is requesting an amendment to its three-year clearance for the Integrated Postsecondary Education Data System (IPEDS) to run for the 2008-09, 2009-10, and 2010-2011 Web-based data collections. Current authorization for IPEDS expires January 31, 2012 (OMB No. 1850-0582). The Higher Education Opportunity Act (HEOA), which became law on August 14, 2008, after OMB had already granted IPEDS a three-year clearance, has several implications for the IPEDS annual Web-based data collection. The law requires the immediate implementation of several new institutional reporting requirements so that the data may be made available on the College Navigator Web site by August 2009. To meet these statutory deadlines, NCES requested two amendments to its clearance package from OMB, in order to meet the August 2009 deadline for several new requirements in the new law. First, a change memo was sent to OMB on August 19, 2008 (known as "Amendment 1"). It included a small number of non-substantive changes to the 2008-09 data collection based on the new requirements. OMB provided clearance for those changes in a notice on August 26, 2008. Then, NCES submitted a revised clearance package (known as "Amendment 2"). It included a limited number of additional substantive changes to spring cycle of the 2008-09 IPEDS Web-based data collection. OMB provided clearance for those changes in a notice on January 16, 2009. NCES now requests a third set of revisions to the Original Clearance Package to meet additional HEOA requirements for the collection of data related to net price in the 2009-10 and

2010-11 data collections (known hereafter as "Amendment 3"). These changes do not affect the 2008-09 data collection now underway. These changes will allow NCES to make available on the College Navigator Web site data on institutional net prices and a multi-year tuition calculator. In addition, we are including a set of changes to improve the data already collected in IPEDS that are based on suggestions from the postsecondary education data community and IPEDS Technical Review Panel. These changes will improve the reporting of data related to the new HEOA-mandated student-to-faculty ratio, and simplify IPEDS reporting and reduce reporting burden for nondegree-granting institutions.

Title: Evaluation of the Teaching American History Grants Program: Data Collection Instruments.

Frequency: Annually.

Affected Public: Individuals or household.

Reporting and Recordkeeping Hour Burden:

Responses: 384.

Burden Hours: 416.

Abstract: This evaluation is the first systematic study of the Teaching American History (TAH) Grants Program that focuses on the relationship

between program practices and outcomes. In particular, this evaluation will focus on TAH program contributions to teacher content knowledge and student achievement. The data collection activities for which we are seeking OMB approval are the case studies portion of the evaluation. The purpose of the case study visits will be to deepen our understanding of the factors and conditions that support improved outcomes in student achievement and teacher content knowledge as a result of participation in the grant and to describe practices for various subgroups of teachers. This evaluation (including the case studies portion of which we are seeking OMB approval) is crucial for establishing whether the TAH program is working as intended by Congress, and for identifying which elements of the program are most effective.
