AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Management Group, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before December 16, 2002.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, *e.g.* new, revision,

Type of Review: Reinstatement.

Title: National Study of Postsecondary Faculty: 2004 (NSOPF: 04)—Faculty Survey.

Frequency: Survey conducted approximately every four years.

Affected Public: Individuals or households; not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 1,200.

Burden Hours: 510.

Abstract: The fourth cycle of the NSOPF is being conducted in response to a continuing need for data on faculty and instructional staff at U.S. postsecondary education institutions. Information about these key staff at postsecondary institutions is critical to understanding and explaining the quality of education and research in these institutions. This study will expand the information about faculty and instructional staff in two ways: allowing comparisons to be made over time and examining critical issues surrounding faculty that have developed since the first three studies. This clearance request covers field test and full-scale activities for the second phase of the study—a self-directed WEB or CATI interview with faculty and instructional staff in 2- and 4-year postsecondary institutions. The interview will collect information on the background, responsibilities, workload, salaries, benefits, and attitudes of faculty members.
