

production lines when the ammunition plant was active. At the present time, a potential reuse proposed for these tracts is sale to the Nebraska Public Power District for the possible construction and operation of a coal-burning power plant, which may eventually contain two units at 400 megawatts (MW) generating capacity each, for a total of 800 MW of generating capacity.

The DEIS will analyze potential direct and indirect impacts of disposal and the industrial reuse of the ten tracts, utilizing the construction and operation of a coal-burning power plant as an example of a potential industrial reuse. Topics to be addressed include potential impacts on air, water, soils, wildlife, vegetation, noise, recreation, cultural/historic resources, land use, transportation, aesthetics, as well as socioeconomic impacts—both beneficial and adverse—on the surrounding community. The DEIS will also briefly describe impacts from potential reconnected actions, like mining and transport of the coal to be used in the power plant, and cumulative impacts, long-term effects to the community, region, and nation from a number of actions, events, and trends, to which the proposed action may contribute incrementally.

In addition, the DEIS will examine the No Action Alternative, under which no sale and reuse would occur and the subject tracts would remain in the possession of the Army. Under this alternative, gradual demolition of structures and cleanup of contaminated groundwater would continue.

The Corps invites the participation of interested and affected Federal, state, and local agencies, Indian Tribes, and other private organizations and parties in helping determine the scope of the DEIS. A public information and scoping meeting will be held on March 11, 2004 at the Mid-Town Holiday Inn, located at 2503 South Locust Street, Grand Island, Nebraska 68801. That meeting will begin at 6:30 p.m. and end at 8:30 p.m. This meeting will be announced in the local Grand Island media. In addition, the Corps will hold an informational meeting for interested agencies prior to the public scoping meeting. Representatives of the Corps will be available to discuss the proposed action, issues, environmental concerns, and the EIS process at both meetings. This Notice will also serve as an additional scoping method. Persons who may be interested in or affected by the proposed action/DEIS are invited to participate in the scoping process by responding to this Notice with written comments. The scoping process will help define problems and determine which issues

are to be addressed in the DEIS. Written comments should be postmarked no later than April 7, 2004.

It is expected that the DEIS will be made available to the public by June 2004.

Dated: February 19, 2004.

Candace M. Gorton,

Chief, Environmental, Economics and Cultural Resource Section, Planning Branch.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC03-715-001, FERC Form 715]

Commission Information Collection Activities, Proposed Collection; Comment Request; Submitted for OMB Review

March 1, 2004.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice.

SUMMARY: In compliance with the requirements of section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507, the Federal Energy Regulatory Commission (Commission) has submitted the information collection described below to the Office of Management and Budget (OMB) for review and extension of the expiration

date. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. The Commission is in receipt of comments from two entities in response to an earlier **Federal Register** notice of September 18, 2003 (68 FR 54722), and has responded to the comments in its submission to OMB.

DATES: Comments on the collection of information are due by March 31, 2004.

ADDRESSES: Address comments on the collection of information to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Federal Energy Regulatory Commission Desk Officer. Comments to OMB should be filed electronically, c/o [Pamela L. Beverly@omb.eop.gov](mailto:Pamela.L.Beverly@omb.eop.gov) and include the OMB Control No. as a point of reference. The Desk Officer may be reached by telephone at 202-395-7856. A copy of the comments should also be sent to the Federal Energy Regulatory Commission, Office of the Executive Director, ED-30, Attention: Michael Miller, 888 First Street, NE., Washington, DC 20426. Comments may be filed either in paper format or electronically. Those persons filing electronically do not need to make a paper filing. For paper filings, such comments should be submitted to the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 and should refer to Docket No. IC03-715-001.

Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Web site at www.ferc.gov and click on "Make an E-filing," and then follow the instructions for each screen. First time users will have to establish a user name and password. The Commission will send an automatic acknowledgment to the sender's E-mail address upon receipt of comments. User assistance for electronic filings is available at 202-502-8258 or by e-mail to efiling@ferc.gov. Comments should not be submitted to the e-mail address.

All comments are available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.
