

opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Deputy Chief Information Officer, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Frequency: On Occasion.

Affected Public: Individuals or households; Not-for-profit institutions.
Reporting and Recordkeeping Hour Burden:

Responses: 6,200.

Burden Hours: 1,400.

Abstract: Videotape study of 8th grade math and science classrooms in the United States, the Czech Republic, France, Japan, the Netherlands, and One Asian Nation during the 1998-1999 school year. Designed and conducted by the U.S., this study supplements the Main TIMSS-R academic assessment data collection in which 45 to 50 countries are expected to participate. This study is based on and extends the work of the previous TIMSS video study. That study included only mathematics and compared the U.S. data with two other countries—Japan and Germany. This study will include science in addition to mathematics lessons, will be conducted in five high-achieving nations, and will collect and produce video tapes that will be useful for improving teaching practices.
