ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, Washington, DC 20503. Commenters are encouraged to submit responses electronically by e-mail to oira\_submission@omb.eop.gov or via fax to (202) 395-6974. Commenters should include the following subject line in their response "Comment: [insert OMB number], [insert abbreviated collection name, e.g., "Upward Bound Evaluation"]. Persons submitting comments electronically should not submit paper copies.

**SUPPLEMENTARY INFORMATION: Section** 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Abstract: The No Child Left Behind Act (NCLB) requires districts with Title I schools that fall short of state standards for three years or more to offer supplemental educational services (SES) to their students from low-income families who attend these schools. SES are tutoring or other academic support services offered outside the regular school day by state-approved providers free of charge to eligible students. Parents can choose the specific SES provider from among a list approved to serve their area. The U.S. Department of Education has commissioned Mathematica Policy Research to evaluate the impact of SES on student achievement in up to nine school districts across the country. Findings of the study will not only inform national policy discussions about SES, but will also provide direct feedback to participating districts about the effectiveness of the SES offered to their students.

### **DEPARTMENT OF EDUCATION**

Federal Pell Grant, Academic Competitiveness Grant, National Science and Mathematics Access To Retain Talent Grant, Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs

**AGENCY:** Federal Student Aid, U.S. Department of Education.

**ACTION:** Notice of revision of the Federal Need Analysis Methodology for the 2009–2010 award year.

**SUMMARY:** The Secretary announces the annual updates to the tables that will be used in the statutory "Federal Need Analysis Methodology" to determine a student's expected family contribution (EFC) for award year 2009-2010 for the student financial aid programs authorized under Title IV of the Higher Education Act of 1965, as amended (HEA). An EFC is the amount a student and his or her family may reasonably be expected to contribute toward the student's postsecondary educational costs for purposes of determining financial aid eligibility. The Title IV programs include the Federal Pell Grant, Academic Competitiveness Grant, National Science and Mathematics Access to Retain Talent Grant, Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs (Title IV, HEA Programs).

Individuals with disabilities can obtain this document in an alternative format (e.g., Braille, large print, audiotape or compact disk) on request to the contact person listed in the preceding paragraph.

**SUPPLEMENTARY INFORMATION:** Part F of Title IV of the HEA specifies the criteria, data elements, calculations, and tables used in the Federal Need Analysis Methodology EFC calculations.

Section 478 of Part F of Title IV of the HEA requires the Secretary to adjust four of the tables—the Income Protection Allowance, the Adjusted Net Worth of a Business or Farm, the Education Savings and Asset Protection Allowance, and the Assessment Schedules and Rates—each award year to adjust for general price inflation. The changes are based, in general, upon increases in the Consumer Price Index.

For award year 2009–2010 the Secretary is charged with updating the income protection allowance for parents of dependent students, adjusted net worth of a business or farm, and the assessment schedules and rates to account for inflation that took place between December 2007 and December

2008. However, because the Secretary must publish these tables before December 2008, the increases in the tables must be based upon a percentage equal to the estimated percentage increase in the Consumer Price Index for All Urban Consumers for 2008. The Secretary estimates that the increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the period December 2007 through December 2008 will be 1.7 percent. Additionally, the College Cost Reduction and Access Act (CCRAA, Pub. L. 110-84) modified the updating procedure for the income protection allowance for dependent students and the income protection allowance tables for both independent students with dependents other than a spouse and independent students

without dependents other than a spouse. CCRAA established new 2009–2010 award year values for these income protection allowances. The updated tables are in sections 1, 2, and 4 of this notice.

The Secretary must also revise, for each award year, the education savings and asset protection allowances as provided for in section 478(d) of the HEA. The Education Savings and Asset Protection Allowance table for award year 2009–2010 has been updated in section 3 of this notice. Section 478(h) of the HEA also requires the Secretary to increase the amount specified for the Employment Expense Allowance, adjusted for inflation. This calculation is based upon increases in the Bureau of Labor Statistics budget of the marginal

costs for a two-worker family compared to a one-worker family for food away from home, apparel, transportation, and household furnishings and operations. The Employment Expense Allowance table for award year 2009–2010 has been updated in section 5 of this notice.

The HEA provides for the following annual updates:

1. Income Protection Allowance. This allowance is the amount of living expenses associated with the maintenance of an individual or family that may be offset against the family's income. It varies by family size. The income protection allowance for the dependent student is \$3,750. The income protection allowances for parents of dependent students for award year 2009–2010 are:

Parents of dependent students					
Family size	Number in college				
	1	2	3	4	5
2	\$15,840 19,730 24,370 28,750	\$13,130 17,030 21,660 26,040	\$14,320 18,960 23,340	\$16,250 20,630	\$17,940
6	33,630	30,920	28,220	25,510	22,820

For each additional family member, add \$3,800.

For each additional college student, subtract \$2,700.

The income protection allowances for independent students with dependents

other than a spouse for award year 2009–10 are:

	Independent students with dependents other than a spou				a spouse
Family size	Number in college				
	1	2	3	4	5
2	\$17,720 22,060 27,250 32,150	\$14,690 19,050 24,220 29,120	\$16,020 21,210 26,100	\$18,170 23,070	\$20,060
6	32,150 37,600	29,120 34,570	31,570	28,520	25,520

For each additional family member, add \$4,240.

For each additional college student, subtract \$3.020.

The income protection allowances for single independent students and independent students without dependents other than a spouse for award year 2009–10 are:

Marital status	Number in college	IPA
Single Married Married	1 2 1	\$7,000 7,000 11,220

2. Adjusted Net Worth (NW) of a Business or Farm. A portion of the full net value of a business or farm is excluded from the calculation of an expected contribution because—(1) the

income produced from these assets is already assessed in another part of the formula; and (2) the formula protects a portion of the value of the assets. The portion of these assets included in the contribution calculation is computed according to the following schedule. This schedule is used for parents of dependent students, independent students without dependents other than a spouse, and independent students with dependents other than a spouse.

If the net worth of a business or farm is—	Then the adjusted net worth is—
Less than \$1	\$0 \$0 + 40% of NW
\$115,001 to \$340,000 \$340,001 to \$565,000	\$46,000 + 50% of NW over \$115,000 \$158,500 + 60% of NW over \$340,000

If the net worth of a business or farm is—	Then the adjusted net worth is—
\$565,001 or more	\$293,500 + 100% of NW over \$565,000

3. Education Savings and Asset Protection Allowance. This allowance protects a portion of net worth (assets less debts) from being considered available for postsecondary educational expenses. There are three asset protection allowance tables—one for parents of dependent students, one for independent students without dependents other than a spouse, and one for independent students with dependents other than a spouse.

4. Assessment Schedules and Rates. Two schedules that are subject to updates, one for parents of dependent students and one for independent students with dependents other than a spouse, are used to determine the EFC toward educational expenses from family financial resources. For dependent students, the EFC is derived from an assessment of the parents' adjusted available income (AAI). For independent students with dependents other than a spouse, the EFC is derived from an assessment of the family's AAI. The AAI represents a measure of a family's financial strength, which

The parents' contribution for a dependent student is computed according to the following schedule:

If AAI is—	Then the contribution is—
Less than -\$3,409	-\$750 22% of AAI \$3,124 + 25% of AAI over \$14,200 \$4,024 + 29% of AAI over \$17,800 \$5,068 + 34% of AAI over \$21,400 \$6,292 + 40% of AAI over \$25,000 \$7,732 + 47% of AAI over \$28,600

The contribution for an independent student with dependents other than a

spouse is computed according to the following schedule:

If AAI is—	Then the contribution is—
Less than -\$3,409	-\$750 22% of AAI \$3,124 + 25% of AAI over \$14,200 \$4,024 + 29% of AAI over \$17,800 \$5,068 + 34% of AAI over \$21,400 \$6,292 + 40% of AAI over \$25,000 \$7,732 + 47% of AAI over \$28,600

5. Employment Expense Allowance. This allowance for employment-related expenses, which is used for the parents of dependent students and for married independent students, recognizes additional expenses incurred by working spouses and single-parent households. The allowance is based upon the marginal differences in costs for a two-worker family compared to a one-worker family for food away from home, apparel, transportation, and household furnishings and operations.

The employment expense allowance for parents of dependent students, married independent students without dependents other than a spouse, and independent students with dependents other than a spouse is the lesser of \$3,500 or 35 percent of earned income.

6. Allowance for State and Other Taxes. The allowance for State and other taxes protects a portion of the parents' and students' income from being considered available for postsecondary educational expenses.

There are four categories for State and other taxes, one each for parents of dependent students, independent students with dependents other than a spouse, dependent students, and independent students without dependents other than a spouse. Section 478(g) of the HEA directs the Secretary to update the tables for State and other taxes after reviewing the Statistics of Income file data maintained by the Internal Revenue Service.

**AGENCIES:** Department of Energy (DOE) and Bureau of Land Management (BLM), Department of the Interior (DOI).

**ACTION:** Notice of Intent.

**SUMMARY:** In Executive Order 13212, *Actions to Expedite Energy-Related Projects*, the President ordered that executive departments and agencies

take appropriate actions "to expedite projects that will increase the production, transmission, or conservation of energy." In addition, Title II, Section 211, of the Energy Policy Act of 2005 (Pub. L. 109-58) provides that the Secretary of the Interior (the Secretary) should, within 10 years of enactment of the Act, "\* \* seek to have approved non-hydropower renewable energy projects located on the public lands with a generation capacity of at least 10,000 megawatts of electricity." DOE and BLM (the Agencies) have identified utility-scale solar energy development as a potentially critical component in meeting these mandates. Utility-scale solar energy projects generate electricity that is distributed to consumers through the electric power transmission grid. The Agencies have determined that specific actions should be taken to further such energy development. The Agencies are considering the development and implementation of agency-specific programs that would establish environmental policies and mitigation strategies (e.g., best management practices and siting criteria) related to solar energy development in six western states
