

request for a scientific research permit to take shortnose sturgeon had been submitted by Earth Tech Northeast Inc. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

Earth Tech Northeast Inc. proposes to document: (1) The use of the existing Tappan Zee Bridge structure on the Hudson River as significant habitat by fisheries resources; and (2) the relative abundance and spatial and temporal patterns of shortnose sturgeon, if these fish are present. The applicants propose to use anchored gill nets and traps to capture, measure, scan and release a maximum of 250 juvenile and adult shortnose sturgeon. The proposed research would occur at six stations alongside and under the existing Tappan Zee Bridge and at three reference locations within 700 feet north of the existing bridge.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of the endangered species which is the subject of this permit, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

We may use the eligibility requirement for competitions under the OSDFS Discretionary Grant Programs in fiscal year 2007 and later years. We intend for the eligibility requirement to ensure an equitable distribution of awards among eligible applicants for grants under the OSDFS Discretionary Grant Programs.

DATES: *Effective Date:* This requirement is effective January 3, 2007.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: The Office of Safe and Drug-Free Schools (OSDFS) Discretionary Grant Programs provide funding to develop, implement, or expand drug and violence prevention, physical education, school counseling, mentoring, character education, civics education, and related projects at the local and State levels. In addition to providing this initial funding, OSDFS also is committed to promoting sustainability of projects and activities by encouraging grantees to seek other sources of funding and support when their project period ends.

We published a notice of proposed eligibility requirement in the **Federal Register** on February 23, 2006 (71 FR 9329).

With one exception, there are no differences between the notice of proposed eligibility requirement and this notice of final eligibility

requirement. The exception is that the final eligibility requirement in this notice does not include the Life Skills for State and Local Prisoners program (CFDA No. 84.255A) because that program is no longer administered by the Office of Safe and Drug-Free Schools.

Analysis of Comments

In response to our invitation in the notice of proposed eligibility requirement, fourteen parties submitted comments. Eleven comments did not address the proposed eligibility requirement and are not discussed here. An analysis of the comments and of any changes in the eligibility requirement since publication of the notice of proposed eligibility requirement follows.

We group major issues according to subject. Generally, we do not address technical and other minor changes and suggested changes the law does not authorize us to make under the applicable statutory authority.

Quality of Applications

Comments: Several commenters said the quality of an application, regardless of an applicant's previous history, should be the main criterion for awarding Federal funds.

Discussion: The quality of an application is, and will remain, the principal criterion for awarding Federal funds under the Discretionary Grant Programs. However, the eligibility requirement will permit the Secretary to take previous funding history into account when determining who is eligible to compete for an award. We take this action for several reasons: First, to focus Federal financial assistance on expanding the number of programs and projects that support activities in a covered program; second, to promote rigorous assessment of results of funded projects to determine their impact on target populations and to inform future improvement efforts before making a second award under the same program; and, finally, to promote management improvement in Federal grant administration by requiring grantees to complete activities under current grants before embarking on a second grant under the same program.

Change: None.

Comment: One commenter objected to excluding current grantees from reapplying to the same program because the experience of one grant often leads to the identification of gaps that need to be addressed through a second grant.

Discussion: We agree that project implementation often results in grantees gaining a greater awareness of needs and
