

§ 1653.4

5 CFR Ch. VI (1-1-03 Edition)

the provisions relating to the TSP in the court order remain valid and will proceed with the payment process.

(2) The Board must be notified in writing by one of the parties of the disposition of the appeal in order for the freeze to be removed from the account or for a payment to be made. The notification must include a statement regarding the effect of the disposition on the provisions of the original order relating to the TSP and a copy of the resulting document from the court must be provided.

(1) Multiple court orders pending before the Board will be processed in accordance with the procedures set forth in this part in the following order:

(1) As between conflicting qualifying court orders relating to the same spouse or former spouse, the Board will process only the court order bearing the latest date entered by the clerk of the court. If any order does not have a date entered, then the date the order was filed by the clerk shall be used; if there is no date entered or date filed, then the date the order was signed by the judge shall be used.

(2) As between conflicting qualifying court orders relating to two or more former spouses, the Board will process the orders in the order of the dates entered by the clerk of the court, starting with the order bearing the earliest date, and continuing until the account is exhausted. If any order does not have a date entered, then the date the order was filed by the clerk shall be used; if there is no date entered or date filed, then the date the order was signed by the judge shall be used.

§ 1653.4 Calculating entitlement under a retirement benefits court order.

(a) If the court order awards a percentage or fraction of the account as of a specific date or event, the amount of the entitlement will be calculated based upon the balance of the account as of the end of the month on or immediately preceding the date or event, plus any transactions posted after the date or event, but before payment, that are effective on or before the month-end date used for calculating the entitlement. For purposes of computing the amount of an entitlement, any loan amount outstanding as of the month-

end date used for calculating the entitlement shall be treated as included in the account balance, unless the court order provides otherwise.

(b) If the court order awards a percentage or fraction of an account but does not contain a specific date as of which to apply the percentage or fraction to the account, the amount of the entitlement will be calculated as described in paragraph (a) of this section, using the account balance as of the end of the month on or immediately prior to the date the order was entered by the clerk of the court or, if the order does not show a date entered, the date the order was filed by the clerk of the court or, if the order does not contain a date entered or a date filed, the date signed by the judge.

(c) If the court order awards a specific dollar amount, the amount of the entitlement will be the lesser of:

(1) The amount the order awards; or

(2) The amount in the account as of the end of the month on or before the date specified in the order (or, if no date is specified, the date the order was entered by the clerk of the court or, if the order does not show a date entered, the date the order was filed by the clerk of the court, or, if the order does not contain a date entered or a date filed, the date signed by the judge) plus any transactions posted after the date or event, but before payment, that are effective on or before the month-end date used for calculating the entitlement. For purposes of computing the amount of entitlement, any loan amount outstanding as of the month-end date used for calculating the entitlement shall be treated as included in the account balance, unless the court order provides otherwise.

(d) Unless the court order specifically provides otherwise, the entitlement calculated under this section will not be credited with interest or earnings. If interest or earnings are awarded, the Board will use the monthly rates of return credited to the account unless the court order specifies a different rate. The TSP monthly rates of return may be either positive or negative. Interest or earnings will be calculated beginning with the month following the month-end valuation date used for calculating the entitlement and ending

Federal Retirement Thrift Investment Board

§ 1653.5

with the month prior to the month of payment.

(e) All entitlement will be calculated initially under this section including both vested and nonvested amounts in the participant's account. If at the time of payment the non-vested portion of the account has not become vested or has been forfeited, the entitlement will be recalculated using only the participant's vested account balance.

§ 1653.5 Procedures for payment pursuant to retirement benefits court orders.

(a) If a qualifying court order creates an entitlement to a portion of a TSP account under this part, payment will be made after the Board's decision has been issued and the 30-day tax withholding notification period has ended. The taxpayer may receive the payment sooner by waiving the tax notification period.

(b) A payment made pursuant to a qualifying court order will be made only to the person(s) specified in the court order. If payment is to be made to the spouse or former spouse of the participant, he or she may request that the TSP transfer all or a portion of his or her payment to an Individual Retirement Arrangement (IRA) or other eligible retirement plan. Such a request must be made by filing the TSP form "Spouse Election to Transfer to IRA or Other Eligible Retirement Plan", which must be received before payment.

(c) In no case may a payment made pursuant to a qualifying court order exceed the participant's vested account balance, excluding any outstanding loan amount as of the end of the month preceding the date of payment. If the entitlement calculated pursuant to this subpart exceeds the participant's vested account balance (excluding any outstanding loan amount), then only the vested amount in the account (excluding the outstanding loan balance) will be paid.

(d) The entire amount of an entitlement created by a qualifying court order must be disbursed at one time. A series of payments will not be made even if the court order provides for such a method of payment. A payment

pursuant to a court order extinguishes all further rights to any payment under that order even if the entire amount of the entitlement could not be paid. Any further award must be contained in a separate court order.

(e) Payment cannot be made jointly to more than one person. If payment is to be made to more than one person, the order must separately indicate the amount to be paid to each.

(f) In order to make a payment pursuant to a retirement benefits court order, the Board's recordkeeper must be provided with the full name, mailing address, and Social Security number of the payee, even if the payment is being mailed to another address.

(g) If the payee dies before a payment is made pursuant to a qualifying retirement benefits court order, payment will be made to the estate of the payee, unless otherwise specified by the court order. If the participant dies before payment is made pursuant to a qualifying retirement benefits order entered before the participant's death, the order will be honored as long as it is submitted to the Board before payment of the account, regardless of whether the order was received by the Board before the participant's death.

(h) If the parties to a divorce or annulment are remarried, or a legal separation is terminated, a new court order will be required to prevent payment pursuant to a previously submitted qualifying retirement benefits court order.

(i) Payment to a person (including the estate of the payee) pursuant to a qualifying retirement benefits court order made in accordance with this subpart bars recovery by any other person pursuant to that order.

(j) Payments pursuant to qualifying court orders will be paid *pro rata* from the TSP investment funds, based on the balance in each fund on the date as of which the payment is made. The Board will not honor provisions of court orders that require payment to be made from specific investment funds.
