before August 10, 1996, but after December 31, 1965, and who elects to be covered by CSRS, may make an election regarding make-up contributions. The employee may elect to contribute all or a percentage of the amount of employee contributions that the employee would have been eligible to make under 5 U.S.C. 8351 between the date of the move and the date employee contributions begin under paragraph (a)(1) of this section or, if no such election is made under paragraph (a)(1) of this section, the pay period following the date the election to be covered by CSRS is made.

- (C) Deductions made from the employee's pay pursuant to an employee's election under paragraph (b)(1)(ii)(A) or (B) of this section, as appropriate, must be made according to a schedule that meets the requirements of 5 CFR 1505.2(c). The payment schedule must begin no later than the pay period following the date the employee elects the schedule.
- (iii) Agency matching makeup contributions. The NAF instrumentality must pay to the Thrift Savings Fund any matching contributions attributable to employee contributions made under paragraph (b)(1)(ii)(A) of this section which the NAF instrumentality would have been required to make under 5 U.S.C. 8432(c), at the same time that those employee contributions are contributed to the Fund.
- (2) Makeup contributions must be reported for investment by the NAF instrumentality when contributed, according to the employee's election for current TSP contributions. If the employee is not making current contributions, the retroactive contributions must be invested according to an election form (TSP-1-NAF) filed specifically for that purpose.
- (c) Noneligible employees. An employee who is covered by a NAF retirement system is not eligible to participate in the TSP. Any TSP contributions relating to a period for which an employee elects retroactive NAF retirement system coverage must be removed from the TSP as required by the regulations at 5 CFR part 1605.
- (d) *Elections*. If a TSP election was made by an employee of a NAF instrumentality who elected to be covered by

CSRS or FERS before August 10, 1996, and the election was properly implemented by the NAF instrumentality because it was valid under then-effective regulations, the election is effective under the regulations in this subpart.

#### § 1620.34 Employees who move from a NAF instrumentality to a Federal Government agency.

- (a) An employee of a NAF instrumentality who moves from a NAF instrumentality to a Federal Government agency and who elects to be covered by a NAF retirement system is not eligible to participate in the TSP. Any TSP contributions relating to a period for which an employee elects retroactive NAF retirement coverage must be removed from the TSP as required by the regulations at 5 CFR part 1605.
- (b) An employee of a NAF instrumentality who moves from a NAF instrumentality to a Federal Government agency and who elects to be covered by CSRS or FERS will become eligible to participate in the TSP as determined in accordance with 5 CFR part 1600.

## § 1620.35 Loan payments.

NAF instrumentalities must deduct and transmit TSP loan payments for employees who elect to be covered by CSRS or FERS to the record keeper in accordance with 5 CFR part 1655 and Board procedures. Loan payments may not be deducted and transmitted for employees who elect to be covered by the NAF retirement system. Such employees will be considered to have separated from Government service and must prepay their loans or the TSP will declare the loan to be a taxable distribution.

## § 1620.36 Transmission of information.

Any employee who moves to a NAF instrumentality must be reported by the losing Federal Government agency to the TSP record keeper as having transferred to a NAF instrumentality of the DOD or Coast Guard rather than as having separated from Government service. If the employee subsequently elects not to be covered by CSRS or FERS, the NAF instrumentality must submit an Employee Data Record to report the employee as having separated

from Federal Government service as of the date of the move.

# § 1620.42 Processing TSP contribution elections.

- (a) Time for filing election. Upon reemployment or return to pay status, an employee has 60 days to submit contribution elections to make current contributions and to make up missed contributions. An employee's right to make a retroactive TSP contribution election will expire if the election is not made within 60 days of the participant's reemployment or return to pay status. After the 60-day contribution election period expires, the employee must wait for an open season to submit a contribution election to make current contributions.
- (b) Current contributions. If the employee entered nonpay status with a valid contribution election on file, the agency must immediately reinstate that election for current contributions when the employee returns to pay status, unless the employee files a new contribution election as described in paragraph (a) of this section. If the employee separated to perform military service, the agency is not required to reinstate a prior contribution election. An election to make current contributions will be effective as soon as administratively feasible, but no later than the first day of the first full pay period after it is received by the employing agency.
- (c) Makeup contributions. An election to make up contributions will be processed as follows:
- (1) If the employee had a valid contribution election on file when he or she separated or entered nonpay status to perform military service, that election form will be reinstated for purposes of makeup contributions, unless the employee submits new contribution elections effective for any missed open season.
- (2) An employee who terminated contributions within two months of entering military service will be eligible to make a retroactive contribution election for the first open season that occurs after the effective date that the contributions were terminated. This election may be made even if the termination was made outside an open season.
