

amount of the “present value” is stated in the court order.

(e) A court order directed at employee annuity is not a court order acceptable for processing if the court order directs OPM to determine a rate of employee annuity that would require OPM to determine a salary or average salary, other than a salary or average salary actually used in computing the employee annuity, as of a date prior to the date of the employee’s separation and to adjust that salary for use in computing the former spouse share unless the adjustment is by—

(1) A fixed amount or fixed annual amounts that are stated in the order;

(2) The rate of cost-of-living or salary adjustments as those terms are described in § 838.622;

(3) The percentage change in pay that the employee actually received excluding changes in grade and/or step; or

(4) The percentage change in either of the national indices used to compute cost-of-living or salary adjustments as those terms are described in § 838.622.

**§ 838.306 Specifying type of annuity for application of formula, percentage or fraction.**

(a) A court order directed at employee annuity that states the former spouse’s share of employee annuity as a formula, percentage, or fraction is not a court order acceptable for processing unless OPM can determine the type of annuity on which to apply the formula, percentage, or fraction.

(b) The standard types of annuity to which OPM can apply the formula, percentage, or fraction are net annuity, gross annuity, or self-only annuity, which are defined in § 838.103. Unless the court order otherwise directs, OPM will apply the formula, percentage, or fraction to gross annuity. Section 838.625 contains information on other methods of describing these types of annuity.
