all standard gage track in the general railroad system of transportation.

- (b) This part does not apply to track—
- (1) Located inside an installation which is not part of the general railroad system of transportation; or
- (2) Used exclusively for rapid transit operations in an urban area that are not connected with the general railroad system of transportation.

§213.4 Excepted track.

A track owner may designate a segment of track as excepted track provided that—

- (a) The segment is identified in the timetable, special instructions, general order, or other appropriate records which are available for inspection during regular business hours;
- (b) The identified segment is not located within 30 feet of an adjacent track which can be subjected to simultaneous use at speeds in excess of 10 miles per hour;
- (c) The identified segment is inspected in accordance with 213.233(c) and 213.235 at the frequency specified for Class 1 track;
- (d) The identified segment of track is not located on a bridge including the track approaching the bridge for 100 feet on either side, or located on a public street or highway, if railroad cars containing commodities required to be placarded by the Hazardous Materials Regulations (49 CFR part 172), are moved over the track; and
- (e) The railroad conducts operations on the identified segment under the following conditions:
- (1) No train shall be operated at speeds in excess of 10 miles per hour;
- (2) No occupied passenger train shall be operated;
- (3) No freight train shall be operated that contains more than five cars required to be placarded by the Hazardous Materials Regulations (49 CFR part 172); and
- (4) The gage on excepted track shall not be more than 4 feet 10½ inches. This paragraph (e)(4) is applicable September 21, 1999.
- (f) A track owner shall advise the appropriate FRA Regional Office at least 10 days prior to removal of a segment of track from excepted status.

§ 213.5 Responsibility for compliance.

- (a) Except as provided in paragraph (b) of this section, any owner of track to which this part applies who knows or has notice that the track does not comply with the requirements of this part, shall—
 - (1) Bring the track into compliance;
- (2) Halt operations over that track;
- (3) Operate under authority of a person designated under §213.7(a), who has at least one year of supervisory experience in railroad track maintenance, subject to conditions set forth in this part.
- (b) If an owner of track to which this part applies designates a segment of track as "excepted track" under the provisions of §213.4, operations may continue over that track without complying with the provisions of subparts B, C, D, and E of this part, unless otherwise expressly stated.
- (c) If an owner of track to which this part applies assigns responsibility for the track to another person (by lease or otherwise), written notification of the assignment shall be provided to the appropriate FRA Regional Office at least 30 days in advance of the assignment. The notification may be made by any party to that assignment, but shall be in writing and include the following—
- (1) The name and address of the track owner;
- (2) The name and address of the person to whom responsibility is assigned (assignee):
- (3) A statement of the exact relationship between the track owner and the assignee:
- (4) A precise identification of the track;
- (5) A statement as to the competence and ability of the assignee to carry out the duties of the track owner under this part; and
- (6) A statement signed by the assignee acknowledging the assignment to him of responsibility for purposes of compliance with this part.
- (d) The Administrator may hold the track owner or the assignee or both responsible for compliance with this part and subject to penalties under §213.15.

§213.7

- (e) A common carrier by railroad which is directed by the Surface Transportation Board to provide service over the track of another railroad under 49 U.S.C. 11123 is considered the owner of that track for the purposes of the application of this part during the period the directed service order remains in effect.
- (f) When any person, including a contractor for a railroad or track owner, performs any function required by this part, that person is required to perform that function in accordance with this part.

§ 213.7 Designation of qualified persons to supervise certain renewals and inspect track.

- (a) Each track owner to which this part applies shall designate qualified persons to supervise restorations and renewals of track under traffic conditions. Each person designated shall have—
 - (1) At least—
- (i) 1 year of supervisory experience in railroad track maintenance; or
- (ii) A combination of supervisory experience in track maintenance and training from a course in track maintenance or from a college level educational program related to track maintenance;
- (2) Demonstrated to the owner that he or she—
- (i) Knows and understands the requirements of this part;
- (ii) Can detect deviations from those requirements; and
- (iii) Can prescribe appropriate remedial action to correct or safely compensate for those deviations; and
- (3) Written authorization from the track owner to prescribe remedial actions to correct or safely compensate for deviations from the requirements in this part.
- (b) Each track owner to which this part applies shall designate qualified persons to inspect track for defects. Each person designated shall have—
 - (1) At least—
- (i) 1 year of experience in railroad track inspection; or
- (ii) A combination of experience in track inspection and training from a course in track inspection or from a

- college level educational program related to track inspection;
- (2) Demonstrated to the owner that he or she—
- (i) Knows and understands the requirements of this part;
- (ii) Can detect deviations from those requirements; and
- (iii) Can prescribe appropriate remedial action to correct or safely compensate for those deviations; and
- (3) Written authorization from the track owner to prescribe remedial actions to correct or safely compensate for deviations from the requirements of this part, pending review by a qualified person designated under paragraph (a) of this section.
- (c) Persons not fully qualified to supervise certain renewals and inspect track as outlined in paragraphs (a) and (b) of this section, but with at least one year of maintenance-of-way or signal experience, may pass trains over broken rails and pull aparts provided that—
- (1) The track owner determines the person to be qualified and, as part of doing so, trains, examines, and re-examines the person periodically within two years after each prior examination on the following topics as they relate to the safe passage of trains over broken rails or pull aparts: rail defect identification, crosstie condition. track surface and alinement, gage restraint, rail end mismatch, joint bars, and maximum distance between rail ends over which trains may be allowed to pass. The sole purpose of the examination is to ascertain the person's ability to effectively apply these requirements and the examination may not be used to disqualify the person from other duties. A minimum of four hours training is adequate for initial training:
- (2) The person deems it safe and train speeds are limited to a maximum of 10 m.p.h. over the broken rail or pull apart;
- (3) The person shall watch all movements over the broken rail or pull apart and be prepared to stop the train if necessary; and
- (4) Person(s) fully qualified under §213.7 of this part are notified and dispatched to the location promptly for the purpose of authorizing movements
