

## RESCISSION PROPOSALS

This budget contains proposals to reduce 1997 spending by \$5.2 billion. These proposed reductions include \$0.4 billion in proposed rescissions detailed below and \$4.8 billion in reduced limitations and other proposed savings detailed in the Supplemental Proposals chapter of the Budget.

Under the provisions of the Impoundment Control Act of 1974 (Public Law 93-344), whenever the President proposes a rescission of enacted appropriations, a special message must be sent to the Congress giving details of the proposals. Included below are related budget schedules and narrative explanations of proposals submitted in a special message at the time this budget was transmitted.

The Administration and the Congress agreed to make market development the primary purpose of the P.L. 480 direct credit program in the 1996 Farm Bill. This streamlined focus allows for a greater targeting of program resources on the most promising market development opportunities. This \$3.5 million rescission of Title I Ocean Freight Differential funds, when combined with a proposed rescission of \$46.5 million in subsidy budget authority in the P.L. 480 direct credit program account, totals a proposed \$50 million reduction that would bring the net 1997 budget authority for the program as a whole to \$151 million. Commodity shipments would be reduced by approximately 200,000 metric tons as a result of this proposed rescission. However, allocations of Title I commodity assistance that have already been announced for 1997 would not be affected by the proposed rescission because the reduction in program funding will be taken from a reserve

of unallocated funds and from unobligated funds carried over from 1996.

This proposal would rescind approximately \$250 million of obligated balances estimated to be recaptured during 1997. These recaptures will result from the elimination of excess funds available on some long-term section 8 contracts, the cancellation of reservations for public housing development projects that are unable to proceed to construction, and the recapture of funds from inactive programs. It is anticipated that \$325 million in recaptures will be realized during 1997. Pursuant to section 214 of P.L. 104-204, \$25 million of these recaptures will be transferred to the Housing Opportunities for Persons with AIDS (HOPWA) program and \$50 million will be used for the Preservation program. The remaining amount, approximately \$250 million, is proposed for rescission.
