DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

This chapter presents the budget and program estimates for the Department of Housing and Urban Development (HUD).

For the past 2 years, the Department has been engaged in a comprehensive reform effort—HUD 2020—to create a streamlined organization ready to meet the challenges of the new century. HUD is now back in business and fully equipped to pursue its fundamental missions: improving the economic vitality and livability of communities through locally driven initiatives and programs; addressing homelessness through comprehensive continuum of care strategies; transforming public and assisted housing and expanding housing assistance to alleviate severe housing needs; enhancing homeownership opportunities, especially for minorities and first-time buyers; and ensuring equal housing opportunity.

The 2000 Budget request would maintain the Community Development Block Grant and HOME programs at slightly increased levels. To access these formula grants and other HUD funds, communities develop consolidated plans that identify local needs and priorities. A Community Empowerment Fund (CEF) is proposed to finance economic development efforts that help families move from welfare to work or link city and suburban businesses. By integrating Economic Development Initiative competitive grants with Section 108, the CEF also will expand and improve operation of the Section 108 program, which enables communities to borrow in the private market with a Federal guarantee. Grants for urban empowerment zones will allow the 15 new zones to stimulate job creation and other community revitalization strategies.

The HOME program, which provides funding for states and local jurisdictions to expand the supply of affordable housing, will include a new Regional Affordable Housing Initiative to encourage multi-jurisdictional cooperation to build affordable housing in areas of job growth. The 2000 Budget also includes a proposed new Regional Connections program that will support locally driven strategies for smart growth and livable communities. A Metro Job Links program, funded as a small set-aside from CDBG, will help community-based institutions serving Federally assisted housing in distressed neighborhoods prepare families making the transition from welfare to work and link them to jobs across the region.

The 2000 Budget includes 100,000 incremental vouchers that will help address the severe housing needs of low-income households. Of these additional vouchers, 25,000 will be used to expand the Welfare to Work Voucher program for families for whom housing assistance is essential to getting or keeping a job; 18,000 will be part of the continuum of care for the homeless; 15,000 will be allocated to elderly households who find housing in low income housing tax credit project; and 42,000 will be used for other low-income households with severe housing needs.

In addition to vouchers needed to move the homeless to permanent housing, the Homeless Assistance Grants program will be funded at slightly increased levels to enable communities to continue their development and implementation of comprehensive, coordinated continuum of care systems to address the needs of homeless people and families.

The 2000 Budget includes a new continuum of care approach to addressing the housing needs of the elderly. Proposed at the same level enacted in 1999, the elderly program includes both budgetary and non-budgetary initiatives to enable low-income elders to remain in their homes; to be housed by their families; to live in both newly developed and wellmaintained elderly housing developments; to access the services increasingly needed by an aging older population; and to live in assisted living facilities when that is the type of housing they need. An additional part of this elderly initiative is mandatory funding for 15,000 vouchers to be used initially by extremely low-income elders who rent apartments in projects developed using the Low Income Housing Tax Credit.

The 2000 budget proposes to extend the principles of HUD's 2020 reform to HUD's major contract relationships for the administration of assisted and public housing. The transformation of public and assisted housing must not result in a decline in housing assistance resources for any community. It is the Administration's policy to renew all expiring subsidies and to protect income-eligible tenants when units are retired from the housing stock or converted to market-rate housing. The Housing Certificate Fund includes funding adequate for these purposes.

The 2000 Budget maintains the Federal commitment to the transformation of the public housing stock and supports the reforms enacted by the Quality Housing and Work Responsibility Act of 1998. Pursuant to this Act, during 1999, the Department will modify its approach to the operating and capital subsidies formulas through negotiated rule-making with public housing authority representatives, public housing tenants, local officials and other stakeholders. The new formulas will be based on principles similar to the Administration's principles for performance-based service contracting (PBSC) and HUD's 2020 reforms. The HOPE VI program will be maintained at the funding level enacted in 1999. The 2000 Budget provides full funding for the Public Housing Operating Fund and maintains the Public Housing Capital Fund at a level that will continue to support the renovations needed by an aging public housing stock, including housing quality problems identified by HUD's new Assessment Center.

The increase in the FHA guarantee limitation recently enacted will make it possible for thousands of additional Americans to become homeowners, especially first-time buyers, minorities, and other underserved populations. Homeownership Zones, a successful program that revitalizes neighborhoods as well as creating homeownership opportunities, is proposed as a modest set-aside from CDBG.

Increased funding for the Fair Housing Assistance and Fair Housing Initiatives programs (FHAP and FHIP) will strengthen the ability of public and private fair housing groups, and partnerships between them, to enforce the laws protecting all Americans against illegal housing discrimination. Additional funding for the Regional Opportunity Counseling program will help low-income families who have housing vouchers, including minorities, use their assistance to make informed housing choices in a broad range of neighborhoods.

Provided further, That of the total amount provided under this heading, \$346,560,000, shall be for section 8 rental assistance under the United States Housing Act, authorized by section 558 of the Quality Housing and Work Responsibility Act of 1998, including \$103,968,000 for section 8 rental assistance for the homeless. Provided further, That of the total amount provided under this heading, [\$10,000,000] \$20,000,000 shall be for Regional Opportunity Counseling: Provided further, That [all balances, as of September 30, 1998, remaining in the "Prevention of Resident Displacement" account shall be transferred to and merged with the amounts provided for those purposes under this heading] of the total provided under this heading for section 8 tenant-based rental assistance, up to \$1,100,000,000 shall be available for administrative fees to cover the cost of administering that program.

For tenant-based assistance under the United States Housing Act [of 1937] to help eligible families make the transition from welfare to work, [\$283,000,000] \$144,400,000 from the total amount provided under this heading, to be administered by public housing agencies (including Indian tribes and their tribally designated housing entities, as defined by the Secretary of Housing and Urban Development), and to remain available until expended: Provided, That families initially selected to receive assistance under this paragraph: (1) shall be eligible to receive, shall be currently receiving, or shall have received within the preceding two years, assistance or services funded under the Temporary Assistance for Needy Families (TANF) program under part A of title IV of the Social Security Act or as part of a State's qualified State expenditure under section 409(a)(7)(B)(i) of such Act; (2) shall be determined by the agency to be families for which tenant-based housing assistance is critical to successfully obtaining or retaining employment; and (3) shall not already be receiving tenant-based assistance under the United States Housing Act [of 1937]: Provided further, That each application shall: (1) describe the proposed program, which shall be developed by the public housing agency in consultation with the State, local or Tribal entity administering the TANF program and the entity, if any, administering the Welfare-to-Work grants allocated by the United States Department of Labor pursuant to section 403(a)(5)(A) of the Social Security Act, and which shall take into account the particular circumstances of the community; (2) demonstrate that tenant-based housing assistance is critical to the success of assisting eligible families to obtain or retain employment; (3) specify the criteria for selecting among eligible families to receive housing assistance under this paragraph; (4) describe the proposed strategy for tenant counseling and housing search assistance and landlord outreach; (5) include any requests for waivers of any administrative requirements or any provisions of the United States Housing Act [of 1937], with a demonstration of how approval of the waivers would substantially further the objective of this paragraph; (6) include certifications from the State, local, or Tribal entity administering assistance under the TANF program and from the entity, if any, administering the Welfare-to-Work grants allocated by the United States Department of Labor, that the entity supports the proposed program and will cooperate with the public housing agency that administers the housing assistance to assure that such assistance is coordinated with other welfare reform and welfare to work initiatives; however, if either does not respond to the public housing agency within a reasonable time period, its concurrence shall be assumed, and if either objects to the application, its concerns shall accompany the application to the Secretary, who shall take them into account in this funding decision; and (7) include such other information as the Secretary may require and meet such other requirements as the Secretary may establish: Provided further, That the Secretary, after consultation with the Secretary of Health and Human Services and the Secretary of Labor, shall select public housing agencies to receive assistance under this paragraph on [a competitive basis] the basis of a national competition, taking into account the need for and quality of the proposed program (including innovative approaches), the extent to which the assistance will be coordinated with welfare reform and welfare to work initiatives, the extent to which the application demonstrates that tenant-based assistance is critical to the success of assisting eligible families to obtain or retain employment; and other appropriate criteria established by the Secretary: Provided further, That the Secretary may waive any administrative requirement or any provision of the Act if the Secretary determines that the waiver would substantially further the objective of the assistance under this proviso and P.L. 105-276, and in the event of any waiver, may make provision for alternative conditions or terms where appropriate, and approval shall not occur until 30 days after notification of each such waiver to the Committees on Appropriations: Provided further, That the Secretary may use up to one percent of the amount available under this paragraph, directly or indirectly, to conduct detailed evaluations of the effect of providing assistance under this paragraph: [Provided further, That of the amount made available under this paragraph, at least \$4,000,000 each shall be made available for local self-sufficiency/welfare-to-work initiatives in San Bernardino County, California; Cleveland, Ohio; Kansas City, Missouri; Charlotte, North Carolina; Miami/Dade County, Florida; Prince Georges County, Maryland; New York City, New York; and Anchorage, Alaska]: Provided further, That all balances for the section 8 rental assistance, section 8 counseling, new construction sub-rehabilitation, relocation/replacement/demolition, section 23 conversions, rental and disaster vouchers, loan management set-aside, section 514 technical assistance, and programs previously funded within the "Annual Contributions" account shall be transferred to this account, to be available for the purposes for which they were originally appropriated: Provided further, That all balances previously recaptured in the "Section 8 Reserve Preservation" account shall be transferred to this account, to be available for the purposes for which they were originally appropriated: Provided further, That the unexpended amounts previously appropriated for special purpose grants within the "Annual Contributions for Assisted Housing" account shall be recaptured and transferred to this account, to be available for assistance under the Act for use in connection with expiring or terminating section 8 subsidy contracts: Provided further, That of the amounts previously appropriated for property disposition within the "Annual Contributions for Assisted Housing" account, up to \$79,000,000 shall be transferred to this account, to be available for assistance under the Act for use in connection with expiring or terminating section 8 subsidy contracts: Provided further, That of the unexpended amounts previously appropriated for carrying out the Low-Income Housing Preservation and Resident Homeownership Act of 1990 and the Emergency Low-Income Housing Preservation Act of 1987, other than amounts made available for rental assistance, within the "Annual Contributions for Assisted Housing" and "Preserving Existing Housing Investments" accounts, shall be recaptured and transferred to this account, to be available for assistance under the Act for use in connection with expiring or terminating section 8 subsidy contracts.

[From the sources and in the order hereinafter specified, \$1,650,000,000 is rescinded: Provided, That the first source shall be amounts that are available or may be recaptured from projectbased contracts for section 8 assistance that expired or were terminated during fiscal year 1999 or any prior year: Provided further, That after all amounts that are available or may be recaptured from the first source have been exhausted, the second source shall be unobligated amounts from amendments to contracts for project-based section 8 assistance, other than contracts for projects developed under section 202 of the Housing Act of 1959, other than amounts described as the fourth source, in the fourth proviso in this paragraph, that are carried over into 1999: Provided further, That after all amounts that are available from the second source are exhausted, the third source shall be amounts recaptured from section 8 reserves in the section 8 moderate rehabilitation program: Provided further, That after all amounts that are available or may be recaptured from the third source have been exhausted, the fourth source shall be all unobligated amounts for project-based assistance that are earmarked under the third proviso under this heading in Public Law 105-65, 111 Stat. 1351 (approved October 27, 1997): Provided further, That any amounts that are available or recaptured in connection with the first or third provisos of this paragraph that are in the Annual Contributions for Assisted Housing account, and are required to be rescinded by this paragraph, shall be rescinded from the Annual Contributions for Assisted Housing account.] (Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999.)

The funds requested will support the following activities for 2000:

A. *Contract Renewals.* Contract renewals provide funding to renew expiring Section 8 rental assistance contracts covering certificates, vouchers, and moderate rehabilitation (renewed as certificates or vouchers), Loan Management, New Construction/Substantial Rehabilitation, Property Disposition, and Preservation. In 2000, \$10.8 billion is requested to support 2.4 million units.

B. *Incremental Rental Assistance.* For 2000, the Department is requesting \$346,560,000 in budget authority to support a total of 60,000 incremental certificates and vouchers, including 18,000 specifically earmarked for the homeless. A portion of the total assistance may be used for family unification, witness relocation, settlement of litigation, section 23 conversions, and for families exercising portability.

C. Welfare to Work.—The lack of affordable, stable housing, or housing located close to employment, impedes the efforts of families moving from welfare to work. To help families who need housing assistance in order to achieve self-sufficiency, the Department is requesting \$144 million to fund 25,000 Welfare to Work Housing Vouchers to supplement the program enacted in 1999. Additionally, waiver authority is requested to allow applicants to receive waivers of administrative provisions or statutory provisions of the United States

HOUSING CERTIFICATE FUND—Continued

(INCLUDING TRANSFERS OF FUNDS)—Continued

Housing Act of 1937 that are needed to substantially further the objectives of the program.

Public and Indian Housing

Regional Opportunity Counseling. The Department is committed to increasing the housing opportunities available to low-income families. The Budget request includes \$20 million to pay for special counseling conducted by public housing agencies in partnership with local non-profit agencies to expand housing opportunities and deconcentrate the number of families living in high poverty neighborhoods.

Some of the results the Department expects to receive by providing intense regional opportunity counseling include: (1) expanding landlord participation in the Section 8 program and increases in the number and diversity of neighborhoods in which Section 8 recipients locate; (2) assisting and encouraging Section 8 families to move to low poverty neighborhoods that offer high quality housing, education, and employment opportunities; (3) addressing existing barriers to mobility and choice in the Section 8 program, including administrative barriers to portability; (4) promoting greater cooperation and joint problem-solving among Section 8 programs operating in a metropolitan housing market; and, (5) creating or strengthening institutions that administer the Section 8 program on a regional basis, including the provision of regional mobility counseling.

Family Self-Sufficiency (FSS) Coordinators. In 1990, the National Affordable Housing Act established the Family Self-Sufficiency Program. In establishing the program, Congress mandated that any housing agency that received any funding for rental vouchers and certificates in 1993 and subsequent would be required to establish a self-sufficiency program equal to the number of rental vouchers or certificates received.

Since that time, Congress has appropriated funds to support approximately one service coordinator in approximately 530 Public Housing Authorities each year. The PHAs that receive the special funding for FSS service coordinators were the smallest agencies that administered less than 1,500 rental vouchers and certificates.

The Department is committed to administering the FSS program for families receiving assistance under the rental voucher and certificate programs. The request for this account includes \$25.1 million to allow the smallest housing agencies to hire FSS coordinators. Under the FSS program, families will receive job training and employment that should lead to a decrease in their dependency on welfare programs and move them toward economic self-sufficiency.

Housing

Tenant Protection Set-Asides. The Housing Certificate Fund also serves a role in supporting families in FHA-insured, privately owned assisted housing projects affected by changes in project status. It is intended that income-eligible families who, through no fault of their own, are affected by HUD's management of the multifamily inventory be aided through the Housing Certificate Fund.

The \$156 million requested for 2000 Housing tenant protections will be used to provide funding for an estimated 12,000 preservation prepayment vouchers, and for 15,000 vouchers for residents in properties which are proposed for disposition from the assisted housing inventory, voluntarily terminating project-based assistance, terminations due to HUD housing quality enforcement actions, or which are undergoing portfolio re-engineering.

Of this amount, \$22 million is included for Housing tenant protections to accommodate the more aggressive enforcement activities of the Department, including the cost of relocating affected families, and to address the potential need to modify current assistance payment standards and eligibility to avoid undue hardship or displacement of currently assisted families.

Verifying the right person gets the right benefit.—In 2000, HUD will begin verifying tenant reported income against other Federal income and other wage data, as authorized under existing statutes. This will help ensure that housing assistance is only provided to the extent entitled. It will improve the public's confidence in HUD stewardship of appropriated funds by providing greater assurance that tenants pay the proper amount of rent as provided under law.

While tenant income is a major factor affecting eligibility and the amount of federal rental subsidies, admission and subsidy determinations are almost entirely dependent on selfreporting. HUD research has determined that there is a significant level of under-reporting. HUD statistically sampled tenants from its automated data bases and matched their reported income with federal tax data in Social Security Administration (SSA) and Internal Revenue Service (IRS) data bases in CY 1995 and CY 1996. Based on the result of this computer income matching project, HUD statistically projected that the amount of excess rental subsidies when projected to the entire universe would total as much as hundreds of millions of dollars. HUD projects an estimated savings of \$15 million from this matching effort in 2000 and substantially larger savings in subsequent years.

The verification program will reinforce incentives for voluntary reporting of income and the corresponding determination of the rent payment. Actions will include interest charges on under-payment of rent, additional financial penalties for very large amounts of under-payments, and routine notification to credit bureaus when amounts remain unpaid. HUD will amend its administrative procedures to standardized interim reporting policies for when a tenant must report increases and decreases in income. HUD will also streamline its procedures to easily reconcile these mismatches to actual income. When new verification procedures are fully implemented, HUD will reduce the existing administrative burden of paper verification of employment with employers to a sampling basis.

Tenants assessed back rent will be asked to repay the amount over a reasonable period of time in order to ease the burden of reimbursement. In subsequent years, HUD envisions a system of reconciliation where tenant reporting would be routinely reconciled with actual income. Any significant overpayment or underpayment of rent would be adjusted in the tenant's future rental payment over the following year. In 2000, HUD will focus primarily on tenants with the very large discrepancies between income reported to HUD and income reported to other sources.

Current statutes facilitate the verification program in public housing and Section 8 tenant-based rental assistance by requiring a subsidized tenant to turn over any letter regarding mis-matches in reported income to HUD agents for resolution. Similar statutory authority is sought for the Section 8 projectbased rental assistance program.

Pursuant to P.L. 105–276, the \$1.65 billion rescission of recaptures from project-based contracts is shown in two accounts, \$836 million in this account, and \$814 million in the Annual Contributions for Assisted Housing account.

The Section 8 Reserve Preservation Account was authorized by P.L. 105-18. This account contains funds which were recaptured from project reserve accounts maintained by Housing Authorities nationwide. These funds will be used to renew expiring contracts during 1999 and 2000 to reduce the requirements for new contract renewal funding in the Housing Čertificate Fund.

All balances in this account are proposed to be transferred to the Housing Certificate Fund in 2000.

The Annual Contributions for Assisted Housing account provides assistance for low-income housing and various other programs.

The 2000 Budget proposes to complete the redistribution of remaining balances to other HUD accounts.

At the end of 2000, no further expenditures will appear in this account.

In 1998, pursuant to P.L. 105-65, the following transfers to other accounts were enacted: (1) all balances for Public Housing Development, Modernization, Family Investment Centers, Public Housing Amendments, and Lease Adjustments were transferred to the Public Housing Capital Fund; (2) all balances for Section 8 Amendments and Contract Renewals were transferred to the Housing Certificate Fund; (3) all balances for the Supportive Housing for the Elderly and Supportive Housing for the Disabled were transferred to the Housing for Special Populations account; and, (4) all balances for Indian Housing were transferred to the Indian Housing Block Grants account.

The \$550 million rescission enacted in the 1998 Appropriations Act of recaptured 1998 and prior years section 8 reserves, and the \$2.3 billion rescission enacted in P.L. 105-174 are shown under the Section 8 Reserve Preservation Account. Pursuant to P.L. 105-276, \$5 million of prior year

recaptures will be transferred to National Cities in School Community Development Program account in 1999. Also pursuant to P.L. 105–276, the \$1.65 billion rescission of recaptures from project-based contracts is shown in two accounts, \$814 million in this account and \$836 million in the Housing Certificate Fund account.

In 2000, all remaining balances are proposed to transfer to other HUD accounts. These include: (1) all balances for Section 8 Rental Assistance, Section 8 Counseling, relocation/ replacement/demolition, preservation, Section 23 conversions, rental and disaster vouchers, Section 514 technical assistance, and property disposition transferred to the Housing Certificate Fund and available for those purposes; (2) all balances for debt service for Public and Indian Housing and Public and Indian Housing Grants transferred to the Public Housing Capital Fund; (3) all balances for lead-based paint transferred to the Lead Hazard Reduction program; (4) all balances for Capacity Building transferred to Capacity Building for Community Development Program; and (5) all balances for Economic Development Initiative grants, John Heinz Neighborhood Development program, Self Help Housing Opportunity program, and Moving to Work Demonstration program transferred to Community Development Block Grants.

The Public Housing Capital Fund, which is a comprehensive formula-driven program based on need, is designed to respond to the capital and management improvement requirements of public housing. The fund is a consolidation of the following programs: public housing modernization; public housing development; Major Reconstruction of Obsolete Public Housing Projects (MROP); public housing amendments; lease adjustments; and Family Investment Centers.

Of the \$2.555 billion requested for the Public Housing Capital Fund, \$2.15 billion will assist housing authorities in carrying out capital and management activities and is sufficient to cover the accrual of additional capital needs which has been estimated at \$2.1 billion annually. In addition, of the requested amount, up to \$100 million is set aside for technical assistance including the inspection of public housing units. The 2000 Budget also projects that housing authorities will use the authority to flex capital subsidies for operating purposes. During 1999, the Department will modify its formula for allocating capital subsidies to housing authorities through negotiated rulemaking with representatives of public housing authorities, public housing tenants, local officials, and other stakeholders. The negotiated rulemaking on a new capital subsidies formula will be based on the principles set forth under the Public Housing Operating Fund program.

Pursuant to P.L. 105–276, all balances for the Public Housing Service Coordinators Program previously funded under the Annual Contributions for Assisted Housing account were transferred to the Public Housing Capital Fund in 1999.

The 2000 Budget proposes to transfer all balances reflected in the Annual Contributions for Assisted Housing account for debt service for Public and Indian Housing and Public and Indian Housing Grants to the Public Housing Capital Fund.

Operating subsidies are provided to public housing authorities (PHAs) to assist in funding the operation and maintenance expenses of public housing units in accordance with Section 9(e) of the United States Housing Act of 1937, as amended. The annual subsidy requirements shown were calculated on the basis of the Performance Funding System (PFS) formula. It is anticipated that sufficient finds will be available to provide 100 percent of PFS requirements in 2000. The 2000 Budget proposes to fund the Public Housing Operating Fund at \$3.003 billion.

The following tables display the sources of housing authorities' expected income and expenditures by category for 2000. The distribution is based on actual housing authorities' income and expenses as reported to HUD on the Statement of Operating Receipts and Expenditures.

Table 1. Sources of Housing Authorities' Operating Income (in millions of dollars)

Category	Annual income	Percent of total
Operating Subsidies Dwelling Rental	\$3,003 2,534	51 44
Investment	92	2
Other Income	154	3
Total, Operating Income	5,783	

Operating Subsidies.—Represent HUD's contributions to housing authorities estimated as the difference between a housing authority's operating requirements and income from tenant rents and other income.

Dwelling Rental.—Income derived from tenants' rents.

Investment Income.—Income from interest earned on general fund investments.

Other Income.—Includes income from other sources such as renting rooftop space for signs or broadcasting and from operating services for tenants, such as laundromats or day care centers.

Table 2. Housing Authorities' Operating Expenditures (in millions of dollars)

		-
Category	Annual expenditures	Percent of total
Utilities	\$1,471	25
Administration	1,092	19
General Operating Expenses	1.025	18
Maintenance	1,781	30
Tenant Services	79	1
Protective Services	150	3
Capital Expenditures	88	2
Operating Reserve	98	2
Total, Operating Expenses	5,783	

Utilities.—Includes water, electricity, gas, fuel, and related labor expenses.

Administration.—Includes administrative salaries, legal expenses, staff training, travel, accounting fees, auditing fees, sundry, and outside management costs.

General Operating Expenses.—Includes insurance, payments made to local governments in lieu of taxes, terminal leave payments, employees benefit contributions, collection losses, interest on administrative and sundry notes, and other general expenses.

Ordinary Maintenance and Operations.—Consists of expenses for labor, materials, contracts and garbage fees associated with the day-to-day operation of the public housing authority.

Tenant Services.—Cover salaries, recreation, publication, contract costs, training, and other expenses.

Protective Services.—Includes expenses for labor, materials, and contract costs.

Capital Expenditures.—Includes transitional funding for public housing units approved for demolition.

Operating reserves.—HUD requires each housing agency to maintain an operating reserve equal to 3 percent of its operating budget to cover emergency expenses and deficits in their operating budgets.

The Budget also projects that additional funds for operating subsidies will be available to housing authorities from the flexing of capital funds for operating purposes and increased rend collections from improved income matching.

Pursuant to the requirements of the Quality Housing and Work Responsibility Act of 1998, during 1999, the Department

PUBLIC HOUSING OPERATING FUND-Continued

[(INCLUDING TRANSFERS OF FUNDS)]—Continued

will modify its approach to the operating subsidy calculation through negotiated rulemaking with public housing authority representatives, public housing tenants, local officials, and other stakeholders. The negotiated rulemaking on a new operating and capital subsidies formula will be based on the following four principles:

- Provide incentives for good management and rewards for performance.
- Reward cost-effective use of resources to improve housing services, housing quality, and mobility.
- Be administratively simple.
- Result in increased accountability for delivering quality housing services at reasonable cost.

These principles build on the Secretary's existing management proposals to restore the public trust in HUD's programs and the Administration's principles for performance-based service contracting (PBSC). The PBSC guidelines have been demonstrated to significantly save money and result in improved performance.

DRUG ELIMINATION GRANTS FOR LOW-INCOME HOUSING [(INCLUDING TRANSFER OF FUNDS)]

For grants to public housing agencies and Indian tribes and their tribally designated housing entities for use in eliminating crime in public housing projects authorized by 42 U.S.C. 11901-11908, for grants for federally assisted low-income housing authorized by 42 U.S.C. 11909, and for drug information clearinghouse services authorized by 42 U.S.C. 11921-11925, \$310,000,000, to remain available until expended, of which up to \$10,000,000 shall be for grants, technical assistance, contracts and other assistance, training, and program assessment and execution for or on behalf of public housing agencies, resident organizations, and Indian tribes and their tribally designated housing entities (including up to \$250,000 for the cost of necessary travel for participants in such training) [,]; \$100,000,000 for a Youth Anti-Drug Diversion program to provide competitive grants to public housing agencies (including Indian housing authorities, as defined by the Secretary), and to non-profit organizations who design effective, community-based strategies to combat drug use and other anti-social behavior targeted to youths living in and around public and Federally assisted housing: Provided, That the services permitted may include funding for mentoring, youth employment and after school programs; Provided further, That the Secretary may use up to \$1,000,000 of these funds to conduct a detailed impact evaluation of the Youth Anti-Drug Diversion program; \$10,000,000 shall be used in connection with efforts to combat violent crime in public and assisted housing under the Operation Safe Home Program administered by the Inspector General of the Department of Housing and Urban Development[,]; and \$10,000,000 shall be provided to the Office of Inspector General for Operation Safe Home[; and \$20,000,000 shall be available for a program named the New Approach Anti-Drug program which will provide competitive grants to entities managing or operating public housing developments, federally assisted multifamily housing developments, or other multifamily housing developments for low-income families supported by non-Federal governmental entities or similar housing developments supported by nonprofit private sources in order to provide or augment security (including personnel costs), to assist in the investigation and/or prosecution of drug related criminal activity in and around such developments, and to provide assistance for the development of capital improvements at such developments directly relating to the security of such developments: Provided, That grants for the New Approach Anti-Drug program shall be made on a competitive basis as specified in section 102 of the Department of Housing and Urban Development Reform Act of 1989: Provided further, That the term "drug-related crime", as defined in 42 U.S.C. 11905(2), shall also include other types of crime as determined by the Secretary: Provided further, That, notwithstanding section 5130(c) of the Anti-Drug Abuse Act of 1988 (42 U.S.C. 11909(c)), the Secretary may determine not to use any such funds to provide public housing youth sports grants]

The \$310 million requested for this program in 2000 includes funding for technical assistance for drug elimination, a Youth Anti-Drug Diversion program, and operation safe home activities.

The Public Housing Drug Elimination Grants program has been authorized since 1988, and provides funds to Public Housing Authorities (PHAs) and Tribally Designated Housing Entities (TDHEs) for their anti-drug, anti-crime efforts. To combat the concentration of crime in and around housing authorities, staff and residents use these resources to increase police coverage and security as well as to provide alternative activities to residents. Eligible activities include reimbursing local law enforcement for additional services, security contracts, investigators, and training residents for volunteer resident programs. The 1998 Amendments have expanded the definition of crime beyond drug-related patrols, physical changes to enhance security, drug prevention, and interven-tion and treatment; thus allowing housing authorities greater scope in targeting crime and developing successful alternatives. The new Youth Anti-Drug Diversion program builds on these changes to eligible activities by inviting applicants to design community-based anti-drug and anti-crime approaches targeted to youths living in and around public and Federally assisted housing. \$25 million in Youthbuild funds

will be awarded in conjunction with the Youth Anti-Drug Diversion program to neighborhoods with concentrations of public and Federally assisted housing.

The budget proposes to allocate the \$310 million requested in 2000 as follows: (1) \$163.8 million for Drug Elimination Grants and clearinghouse information services; (2) \$100 million for the Youth Anti-Drug Diversion program; (3) \$20 million for Operation Safe Home; (4) \$16.2 million for other Federally assisted low-income housing grants; and (5) \$10 million for technical assistance, training, and information dissemination.

REVITALIZATION OF SEVERELY DISTRESSED PUBLIC HOUSING (HOPE VI)

For grants to public housing agencies for [assisting in the] demolition, site revitalization, replacement housing, and tenant-based assistance grants to projects as authorized by section 24 of the United States Housing Act of 1937, \$625,000,000 to remain available until expended: Provided, [of obsolete public housing projects or portions thereof, the revitalization (where appropriate) of sites (including remaining public housing units) on which such projects are located, replacement housing which will avoid or lessen concentrations of very low-income families, and tenant-based assistance in accordance with section 8 of the United States Housing Act of 1937; and for providing replacement housing and assisting tenants displaced by the demolition (including appropriate homeownership down payment assistance for displaced tenants), \$625,000,000, to remain available until expended, of which the Secretary may use up to \$15,000,000 for technical assistance and contract expertise, to be provided directly or indirectly by grants, contracts or cooperative agreements, including training and cost of necessary travel for participants in such training, by or to officials and employees of the Department and of public housing agencies and to residents: Provided, That no funds appropriated under this heading shall be used for any purpose that is not provided for herein, in the United States Housing Act of 1937, in the Appropriations Acts for the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies, for the fiscal years 1993, 1994, 1995, 1997, and 1998, and the Omnibus Consolidated Rescissions and Appropriations Act of 1996: Provided further,] That for purposes of environmental review pursuant to the National Environmental Policy Act of 1969, a grant under this heading or under prior appropriations Acts for use for the purposes under this heading shall be treated as assistance under title I of the United States Housing Act of 1937 and shall be subject to the regulations issued by the Secretary to implement section 26 of such Act[: Provided further, That none of such funds shall be used directly or indirectly by granting competitive advantage in awards to settle litigation or pay judgments, unless expressly permitted herein]. This program utilizes Federal resources to rehabilitate and restore severely distressed public housing projects, thereby expanding the supply of decent, safe, and affordable housing for low-income renters. The funds may also be used for project demolition, hard replacement units, as well as tenant-based rental assistance.

[NATIVE AMERICAN] INDIAN HOUSING BLOCK [GRANTS] GRANT [(INCLUDING TRANSFER OF FUNDS)]

For the [Native American] Indian Housing Block [Grants] Grant program, as authorized under title I of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (Public Law 104-330), \$620,000,000, to remain available until expended, of which up to \$6,000,000 shall be used to support the inspection of Indian housing units, contract expertise, training, and technical assistance in the oversight and management of Indian housing and tenant-based assistance, including up to [\$200,000] \$300,000 for related travel: Provided, That of the amount provided under this heading, [\$6,000,000] \$5,000,000 shall be made available for the cost of guaranteed notes and other obligations, as authorized by title VI of [the Native American Housing Assistance and Self-Determination Act of 1996] NAHASDA: Provided[,] further, That such costs, including the costs of modifying such notes and other obligations, shall be as defined in section 502 of the Congressional Budget Act of 1974, as amended: *Provided* [,] *further*, That these funds are available to subsidize the total principal amount of any notes and other obligations, any part of which is to be guaranteed, not to exceed [\$54,600,000. Title I of the Native American Housing Assistance and Self-Determination Act (NAHASDA) of 1996 (P.L. 104-330) authorized the Indian Housing Block Grant program. This program provides an allocation of funds on a formula basis to Indian tribes and their tribally designated housing entities to help them address housing needs within their communities. Indian tribes use performance measures and benchmarks that are consistent with the national goals of the program but can base these measures on the needs and priorities they establish in their own Indian housing plan.

The Indian Housing Block Grant program includes a guaranteed loan provision (Title VI). A guarantee level of \$45 million is proposed for this loan guarantee program for 2000. The subsidy rate for this program is set at 11.07 percent with a federal guarantee of 80 percent. A primary goal of the Title VI program is to encourage private lenders to provide financing in Indian country. Therefore, the program provides for the federal guarantee of notes or other obligations issued by Indian tribes or tribally designated housing entities for the purpose of financing affordable housing activities described in section 202 of the Act. A tribe or its tribally designated housing entity can pledge up to five times its future IHBG funds to collaterize the loan.

As required by the Federal Credit Reform Act of 1990, this account records, for this program, the subsidy costs associated with the loan guarantees committed in 1998 and beyond (including modifications of guarantees that resulted from obligations in any given year), as well as administrative expenses of this program. The subsidy amounts are estimated on a present value basis; the administrative expenses are estimated on a cash basis.

The Low-Rent Public Housing Loan Fund provides direct Federal loans to fund remaining Public Housing Agency and Indian Housing Authority construction, acquisition, and modernization activities reserved under the Annual Contributions appropriation through 1986. These loans are made from borrowings from the Treasury. Under legislation enacted during 1986 (Public Law 99–272), the borrowings from the Treasury are forgiven at the end of each fiscal year and the loans to PHAs/IHAs are forgiven as construction, acquisition, and modernization activities are completed. Under the provisions of this legislation, \$37 million of borrowings from the Treasury were forgiven in 1998, an estimated \$40 million will be borrowed from the Treasury and forgiven in 1999, and an estimated \$40 million will be borrowed from the Treasury and forgiven in 2000.

Since 1987, new reservations of capital funds for construction, acquisition, and modernization activities have been provided directly from the Annual Contributions and Public Housing Capital Fund appropriations.

The subsidy amounts are estimated on a net present value basis. The administrative expenses are shown on a cash basis.

This program provides access to sources of private financing for Indian families, Indian tribes and their tribally designated housing entities who otherwise could not acquire housing financing because of the unique legal status of Indian trust land.

It is anticipated that the funding requested for 2000 will support 325 loans.

The Housing Opportunities for Persons with AIDS program provides States and localities with resources and incentives to devise long-term comprehensive strategies for meeting the housing needs of persons with HIV/AIDS and their families.

One percent of funds are used for technical assistance to grantees. States and metropolitan areas receive 90 percent of the remaining funds by formula based on the incidence of HIV/AIDS in their jurisdictions. The final 10 percent is awarded competitively to States, local governments, and private nonprofit entities for projects of national significance. Awards are also made to States and local governments for projects in jurisdictions which do not qualify for a formula allocation. The requested funding for 2000 will support approximately 44,000 housing units for persons with HIV/AIDS and their families.

COMMUNITY DEVELOPMENT BLOCK GRANTS (INCLUDING TRANSFERS OF FUNDS)

For grants to States and units of general local government and for related expenses, not otherwise provided for, to carry out a community development grants program as authorized by title I of the Housing and Community Development Act of 1974, as amended (the "Act" herein) (42 U.S.C. 5301), [\$4,750,000,000] \$4,725,000,000, to remain available until September 30, [2001] 2002: Provided, That \$67,000,000 shall be for grants to Indian tribes notwithstanding section 106(a)(1) of such Act, [\$3,000,000 shall be available as a grant to the Housing Assistance Council, \$3,000,000 shall be available for the Organizing Committee for the 1999 Special Olympics Summer Games to be used in support of related activities in the Triangle Area of North Carolina, \$1,800,000 shall be available as a grant to the National American Indian Housing Council, \$50,000,000] and \$45,500,000 shall be for grants pursuant to section 107 of the Act: [Provided further, That all funding decisions under section 107 except as specified herein shall be subject to a reprogramming request unless otherwise specified in accordance with the terms and conditions specified in the joint explanatory statement of the committee of conference accompanying this Act (H.R. 4194): Provided further, That \$27,500,000 shall be for grants pursuant to the Self Help Housing Opportunity program, subject to authorization, of which \$7,500,000

shall be for capacity building efforts:] ; and \$10,000,000 shall be for technical assistance, contracts and other assistance, and training in connection with the Empowerment Zones and Enterprise Communities, designated by the Secretary of Housing and Urban Development, to continue efforts to stimulate economic opportunity in America's distressed communities: Provided further, That not to exceed 20 percent of any grant made with funds appropriated herein (other than [a grant made available in this paragraph to the Housing Assistance Council or the National American Indian Housing Council, or] a grant using funds under section 107(b)(3) of the [Housing and Community Development] Act [of 1974, as amended)] shall be expended for "Planning and Management Development" and "Administration" as defined in regulations promulgated by the Department. Provided further, That all balances for the Economic Development Initiative grants program, the John Heinz Neighborhood Development program, grants to Self Help Housing Opportunity program, and the Moving to Work Demonstration program previously funded within the "Annual Contributions for Assisted Housing" account shall be transferred to this account, to be available for the purposes for which they were originally appropriated.

[Of the amount made available under this heading, \$15,000,000 shall be made available for "Capacity Building for Community Development and Affordable Housing," for LISC and the Enterprise Foundation for activities as authorized by section 4 of the HUD Demonstration Act of 1993 (Public Law 103–120), as in effect immediately before June 12, 1997, with not less than \$5,000,000 of the funding to be used in rural areas, including tribal areas.]

[Of the amount made available under this heading, \$12,000,000 is for the City of Oklahoma City, Oklahoma, for a revolving loan pool that shall be subject to the following requirements and conditions: (1) amounts in the pool shall be available only for the purposes of making loans to carry out economic development activities that primarily benefit the area in Oklahoma City bounded on the south by Robert S. Kerr Avenue, on the north by North 13th Street, on the east by Oklahoma Avenue, and on the west by Shartel Avenue, and covering costs involved in administering the loan pool; (2) amounts provided under this paragraph shall be available for use from the loan pool only to the extent that the amounts contributed to the loan pool (or committed to be contributed) from non-Federal sources equal or exceed two times the amounts provided under this paragraph; (3) any repayments of principal and interest from loans made by the pool shall be deposited in the pool and available for use for loans in accordance with this paragraph; (4) amounts in the pool may not be used to provide loans to any agency or entity of the Federal Government or any State government or unit of general local government; (5) amounts provided under this paragraph shall be available for use from the loan pool only if the City of Oklahoma City, Oklahoma agrees (to the satisfaction of the Secretary of Housing and Urban Development) to deposit in the pool (for use for loans in accordance with this paragraph) the net proceeds from any amounts that are repaid to the City under loans made by the City using amounts provided under this same heading under chapter III of title III of Public Law 104-19 (109 Stat. 253).]

Of the amount provided under this heading, the Secretary of Housing and Urban Development may use up to [\$55,000,000 for a public and assisted housing self-sufficiency program, of which up to \$5,000,000 may be used for the Moving to Work Demonstration, and at least \$20,000,000 shall be used for grants for service coordinators and congregate services for the elderly and disabled: Provided, That for self-sufficiency activities, the Secretary may make grants to public housing agencies (including Indian tribes and their tribally designated housing entities), nonprofit corporations, and other appropriate entities for a supportive services program to assist residents of public and assisted housing, former residents of such housing receiving tenant-based assistance under section 8 of such Act (42 U.S.C. 1437f), and other low-income families and individuals: Provided further, That the program shall provide supportive services, principally for the benefit of public housing residents, to the elderly and the disabled, and to families with children where the head of household would benefit from the receipt of supportive services and is working, seeking work, or is preparing for work by participating in job training or educational programs: Provided further, That the supportive services may include congregate services for the elderly and disabled, service coordinators, and coordinated education, training, and other supportive services, including case management skills training, job search assistance, assistance related to retaining employment, vocational and entrepreneurship development and support programs, such as transportation, and child care: Provided further, That the Sec-

retary shall require applications to demonstrate firm commitments of funding or services from other sources: Provided further, That the Secretary shall select public and Indian housing agencies to receive assistance under this heading on a competitive basis, taking into account the quality of the proposed program, including any innovative approaches, the extent of the proposed coordination of supportive services, the extent of commitments of funding or services from other sources, the extent to which the proposed program includes reasonably achievable, quantifiable goals for measuring performance under the program over a three-year period, the extent of success an agency has had in carrying out other comparable initiatives, and other appropriate criteria established by the Secretary (except that this proviso shall not apply to renewal of grants for service coordinators and congregate services for the elderly and disabled).] \$45,000,000 for supportive services for public housing residents, as authorized by section 34 of the United States Housing Act of 1937, as amended, and not less than \$10,000,000 for grants for service coordinators and congregate services for the elderly and disabled residents of public and assisted housing.

Of the amount made available under this heading, notwithstanding any other provision of law, [\$42,500,000] *\$75,000,000* shall be available for YouthBuild program activities authorized by subtitle D of title IV of the Cranston-Gonzalez National Affordable Housing Act, as amended, and such activities shall be an eligible activity with respect to any funds made available under this heading [: *Provided*, That local YouthBuild programs that demonstrate an ability to leverage private and nonprofit funding shall be given a priority for YouthBuild funding: *Provided further*, That up to \$2,500,000 may be used for capacity buildings efforts].

Of the amount made available under this heading, [\$225,000,000] *\$125,000,000* shall be available for grants for the Economic Development Initiative (EDI) as authorized by section 108(q) of the Act to finance a variety of economic development efforts[, including \$190,000,000 for making grants for targeted economic investments in accordance with the terms and conditions specified for such grants in the joint explanatory statement of the committee of conference accompanying this Act].

[Of the amount made available under this heading, \$25,000,000 shall be available for neighborhood initiatives that are utilized to improve the conditions of distressed and blighted areas and neighborhoods, and to determine whether housing benefits can be integrated more effectively with welfare reform initiatives.]

For the cost of guaranteed loans, \$29,000,000, as authorized by section 108 of the Housing and Community Development Act of 1974: *Provided*, That such costs, including the cost of modifying such loans, shall be as defined in section 502 of the Congressional Budget Act of 1974, as amended: *Provided further*, That these funds are available to subsidize total loan principal, any part of which is to be guaranteed, not to exceed \$1,261,000,000, notwithstanding any aggregate limitation on outstanding obligations guaranteed in section 108(k) of the Housing and Community Development Act of 1974: *Provided further*, That in addition, for administrative expenses to carry out the guaranteed loan program, \$1,000,000, which shall be transferred to and merged with the appropriation for departmental salaries and expenses.

(For any fiscal year, of the amounts made available as emergency funds under the heading "Community Development Block Grants Fund" and notwithstanding any other provision of law, not more than \$250,000 may be used for the non-Federal cost-share of any project funded by the Secretary of the Army through the Corps of Engineers.] (Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999.)

[For an additional amount for "Community development block grants", as authorized under title I of the Housing and Community Development Act of 1974, \$250,000,000, which shall remain available until September 30, 2002, for use only for disaster relief, long-term recovery, and mitigation in communities affected by Presidentiallydeclared natural disasters designated during fiscal years 1998 and 1999, except for those activities reimbursable by or for which funds are made available by the Federal Emergency Management Agency, the Small Business Administration, or the Army Corps of Engineers: *Provided*, That in administering these amounts and except as provided in the next proviso, the Secretary of Housing and Urban Development (the Secretary) may waive or specify alternative requirements

for any provision of any statute or regulation that the Secretary administers in connection with the obligation by the Secretary or the use by the recipient of these funds, except for statutory requirements related to civil rights, fair housing and nondiscrimination, the environment, and labor standards, upon a finding that such waiver is required to facilitate the use of such funds and would not be inconsistent with the overall purpose of the statute: Provided further, That the Secretary may waive the requirements that activities benefit persons of low and moderate income, except that at least 50 percent of the funds under this heading must benefit primarily persons of low and moderate income unless the Secretary makes a finding of compelling need: Provided further, That, upon a finding of compelling need, the Secretary must provide an explanation of the finding to the Committees on Appropriations: Provided further, That all funds under this heading shall be allocated by the Secretary to states (including Indian tribes for all purposes under this heading) to be administered by each state in conjunction with its Federal Emergency Management Agency program or its community development block grants program or by the entity designated by its Chief Executive Officer to administer the HOME Investment Partnerships Program: Provided further, That each state shall provide not less than 25 percent in non-Federal public matching funds or its equivalent value (other than administrative costs) for any funds allocated to the state under this heading: Provided further, That, in conjunction with the Director of the Federal Emergency Management Agency (the Director), the Secretary shall allocate funds based on the unmet needs identified by the Director as those which have not or will not be addressed by other federal disaster assistance programs: Provided further, That, in conjunction with the Director, the Secretary shall utilize annual disaster cost estimates in order that the funds under this heading shall be available, to the maximum extent feasible, to assist states with all Presidentially declared disasters designated during these fiscal years: Provided further, That the Secretary shall publish a notice in the Federal Register governing the allocation and use of the community development block grants funds made available under this heading for disaster areas: Provided further, That any project or activity underway prior to a Presidentially declared disaster may not receive funds under this heading unless the disaster directly impacted the project: Provided further, That 10 days prior to distribution of funds, the Secretary and the Director shall submit a list to the Committees on Appropriations, setting forth the proposed uses of funds, including an explanation of why other Federal disaster assistance programs do not cover the costs of unmet needs identified by the Director, the most recent estimates of unmet needs (including all uses of waivers and the reasons therefore), and an explanation of how the disaster impacted the proposed project: Provided further, That the Secretary and the Director shall submit quarterly reports to the Committees on Appropriations regarding the actual projects, localities and needs for which funds have been provided: Provided further, That these reports shall be based upon quarterly reports submitted to the Secretary and the Director by each state receiving funds under this heading: Provided further, That the entire amount shall be available only to the extent an official budget request, that includes designation of the entire amount of the request as an emergency requirement as defined by the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, is transmitted by the President to the Congress: Provided further, That the entire amount is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(Å) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.] (Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999, Public Law 105–277, Division B, Title IV, Chapter 7.)

[SEC. 124. Notwithstanding the third undesignated paragraph under the heading "Community development block grants" under title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999, of the amount made available under such heading for the city of Oklahoma City, Oklahoma, up to 50 percent of such amount shall be available to such city for payment of claims for bomb damage and repairs for infrastructure located in the area described in clause (1) of such undesignated paragraph. Any amounts available for use under such undesignated paragraph that are not expended to pay such claims or for such repairs shall be utilized for the revolving loan pool described in such undesignated paragraph.]

[SEC. 125. Of the amounts earmarked in the Joint Explanatory Statement of the Committee of Conference accompanying H.R. 4194 for grants targeted for economic investments, \$2,000,000 made available to the Hawaii Housing Authority for work associated with the construction of the Community Resource Center at Kuhio Homes/ Kuhio Park Terrace in Honolulu, Hawaii shall instead be made available to the Housing and Community Development Corporation of Hawaii for the same purpose.] (Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999, Public Law 105–277, Division A, Sections 124–125.)

Title I of the Housing and Community Development Act of 1974, as amended, authorizes the Secretary to make grants to units of general local government and States to fund local community development programs.

Funds are allocated to Indian tribes as authorized by Section 106(a)(1) of the Housing and Community Development Act of 1974. Seventy percent of available funds are allocated to metropolitan cities and urban counties which receive their grants using the higher of two objective formulas. States and small cities receive 30 percent of the available funds. The proposed level of funding for CDBG and the Section 108 Loan Guarantee Program will support an estimated 283,000 jobs. These funds will also help to rehabilitate 204,000 housing units.

Section 107 Grants include funding for Insular Areas, technical assistance, Historically Black Colleges and Universities, and the Community Development Work Study and Community Outreach Partnership Centers (COPC) programs.

The 2000 request includes funding of \$55 million for the Resident Opportunity and Supportive Services (ROSS) program. Formerly called the Economic Development and Supportive Services (EDSS) and Tenant Opportunity Program (TOP) programs, ROSS is intended to fuse the objectives of the two predecessor programs. The program will also address the expanded needs among residents and housing authorities brought upon by welfare reform legislation that sets time limits on how long recipients can receive welfare assistance. Principally for the benefit of public housing residents, ROSS grants are intended to assist the elderly and disabled, and families with children where the head of the household is working, seeking work, or participating in job training or educational programs. Eligible services under ROSS include academic skills training, residential management, microenterprise and small business development and start-ups, and social service support programs.

The Youthbuild program provides resources to educate, train and provide stipends for economically disadvantaged young adults through their participation in the construction and rehabilitation of housing for low-income and homeless persons. The program expands the supply of affordable housing and, at the same time, enables high school drop-outs to obtain the education and employment skills necessary to achieve self-sufficiency. The 2000 request for \$75 million will provide more than 9,000 young people with skills they need to obtain jobs and will provide approximately 1,300 families in distressed communities with homes. This expanded Youthbuild program is linked to the \$100 million earmark for a new Youth Drug Diversion Grant program in public and assisted housing.

The 2000 Budget proposes \$125 million for the Economic Development Initiative (EDI) program within the new Community Empowerment Fund to support an estimated 100,000 jobs in distressed areas. CEF will support the financing of critical economic development efforts, in tandem with the existing Section 108 guaranteed loan program. EDI funds provide enhanced security for Section 108 loans, and improve the viability of projects financed with these loans. The CEF, including a new trust mechanism that is being piloted in 1999, will facilitate and encourage the use of the Section 108 program by State and local governments.

HUD's Section 108 guaranteed loan program, when combined with EDI grants, supports jobs in distressed communities. Over the past six years, we have committed to 556 projects and completed the financing on 332 of those for a total of \$1.1 billion—projects such as supermarkets in Washington, DC, and Houston, TX, industrial parks, and other business ventures. When all 556 projects are completed, an estimated 300,000 jobs will have been created or retained.

The 2000 proposal for CEF seeks to target assistance in two ways: Welfare to Work; and "City-Suburb Business Connections." Each of these is discussed in greater detail in the Budget Justifications. The CEF trust will help establish a secondary market for expanded and improved operation of the Section 108 Loan Guarantee Program. It is anticipated that approximately one-fourth of all loans would participate in the Trust.

The 2000 request includes \$25 million for the Homeownership program and \$10 million for a new Metro Job Links program, both as set-asides within Community Development Block Grants (CDBG).

Proposed funding of \$25 million for Homeownership Zones would support approximately five zones at an average of \$5 million each and would support 1,500 new homeowners. The Homeownership Zone program would provide flexible grants on a competitive basis to local governments for large-scale redevelopment of abandoned neighborhoods to create viable communities of mixed-income homebuyers. Applications would be evaluated on specific criteria, such as the degree to which the proposed activities meet the goals of the program; the financial soundness of the proposals; level of economic distress of the area to be served; and the capacity of applicants to carry out their proposal. Funds would be used to create new housing opportunities in distressed areas. Eligible activities would include: property acquisition; housing construction; housing rehabilitation; demolition; site preparation; homeownership counseling; relocation; housing marketing; activities to further fair housing; and other activities essential to homeownership.

The \$10 million Metro Job Links program will build upon the lessons of Jobs Plus and the Neighborhood Jobs Initiative (NJI) demonstration programs to provide comprehensive services necessary to help residents of HUD-assisted housing developments operated by for-profit and non-profit housing managers, including community development corporations (CDCs), find and retain employment. The participating developments will be ones that house high concentrations of families who are welfare-dependent or have left welfare within the past year, but need support to retain jobs, gain skills and remain welfare free. Managers of the housing developments chosen to participate in the Metro Job Links will be permitted to serve others in the neighborhood as well. Grantees will be expected to focus on the regional job market, rather than their specific neighborhood or locality when attempting to find jobs for program participants.

The goal of Metro Job Links is to apply the concentrated, coordinated support service delivery techniques used in Jobs Plus and the NJI to populations in assisted housing run by CDCs in order to improve the ability of residents to obtain and retain jobs throughout the metropolitan region. Housing providers will have the resources needed to create a "continuum of care" in work force development for their residentscomplementing, not duplicating, Health and Human Services and Labor Department activities. Metro Job Links fills a gap that becomes obvious when you look at Jobs Plus, NJI, and HUD's other employment and training programs. We have invested most of our employment and training resources to date to serve public housing residents, and to a smaller extent to help recipients of tenant-based Section 8. However, despite the approximately 250,000 assisted housing households also struggling with the transition to work, we have no program that attempts to use the Jobs Plus saturation technique in an assisted housing setting. Metro Job Links does that.

The \$5 million Citizens Volunteer Housing Corps initiative will mobilize a corps of citizens to help reclaim and rebuild abandoned and dilapidated housing in eighty cities across the country. The Citizens Volunteer Housing Corps will help expand the supply of affordable housing while tapping into the spirit of civic renewal and volunteerism—themes that have been a hallmark of President Clinton's administration. HUD will work through the Nation's mayors and community groups, especially faith-based organizations, to bring together housing rehabilitation experts, drawn from the private and non-profit sectors, to train local citizen teams to do housing reconstruction. Building materials and expertise will be provided in large part by the leading organizations in the President's homeownership coalition—the National Partners in Homeownership.

The Budget proposes \$10 million for Round II Planning/ Implementation Grants for approximately 15 communities that applied for Round II Empowerment Zone (EZ) designation, but were not chosen. Many of these communities had well-conceived, competitive strategic plans and, while they did not rank high enough to earn an EZ designation, these efforts should be recognized and encouraged. The overall framework of the EZ program is embodied in four key principles: The Strategic Vision for Change; Community-Based Partnerships; Economic Opportunity; and Sustainable Community Development. These principles are drawn from the experiences of communities around the Nation that have used them successfully to develop holistic approaches to community revitalization. These grants will provide needed funding to the non-designated communities to enable them to maintain momentum and remain engaged while providing resources to assist them in planning and implementing portions of their strategic plans.

Regional Connections will provide \$50 million to fund local partnerships to design and implement smarter growth strategies across jurisdictional lines. Such strategies will include: (a) compact development rules and incentives for new growth areas; and (b) coordinated reinvestment in already built-up and infrastruture-rich areas of participating regions. Participating regions will also be asked to outline strategies for managing economic and workforce development in ways that reinforce the overall development strategy. Eligible lead applicants will include states and groups of localities (cities, counties, towns), but these will demonstrate active partnerships with private and nonprofit stakeholders. Where formally designated by states or eligible local governments, existing regional institutions, such as Councils of Government (COGs), regional councils, and Metropolitan Planning Organizations (MPOs), will also be eligible as lead applicants.

The solutions to challenges produced by new development patterns extend far beyond individual jurisdictional boundaries. Cities and suburbs are increasingly inter-connected. Many communities recognize this and are developing strategies to improve cooperation to make communities more livable. Civic, business and government leaders are forging partnerships that transcend jurisdicitonal and sectoral boundaries to address the critical issues; yet, many of these strategies require assistance to move them to implementation.

Regional Connection will complement existing Federal programs that direct growth and investment patterns. Competing localities will be asked to demonstrate how Regional Connections activities will build on: Transportation Department (DOT)-funded TEA21 transportation planning and invest-ment; HUD/EPA Brownfields; HUD-required Consolidated Plans for CDBG, HOME and other funds; Empowerment Zones/Enterprise Communities (EZs/ECs); and other inter-jurisdictional strategies developed with Federal funds.

The 2000 request includes \$50 million for this initiative to address one of the primary causes of blight in urban neighborhoods: abandoned apartment buildings, single family homes, warehouses, office buildings and commercial centers. Through the Redevelopment of Abandoned Buildings Intitiative, HUD would provide \$50 million in competitive grants to local governments to demolish blighted, abandoned buildings as part of a development plan-with significant private-sector participation-and to redevelop properties for commercial or residential use.

This program would provide an average of \$30,000 per building to pay for demolition; debris removal; environmental remediation; and site preparation. This estimate assumes a mix of single family housing and larger buildings. To ensure proper incentives for investment, no building abandoned after October 1, 1999 would be eligible for redevelopment and preference would be given to buildings abandoned for longer periods of time. Applicants would be required to demonstrate that rehabilitation is not feasible or effective and that historic buildings would be protected. Also, the program would be sunsetted after three years. The application would require local governments to demonstrate a redevelopment plan with significant private-sector and local government commitment. Preference would be given to those applicants that linked the property's redevelopment to existing youth training programs.

The goal of the Empowerment Zone (EZ) initiative is to revitalize city neighborhoods in a way that will retain and attract middle-class residents and provide employment opportunities that will move people from welfare to work. Grant funds will allow the 15 new urban EZs that were authorized by the Taxpayer Relief Act of 1997, in accordance with their strategic plans, to create economic opportunity in America's distressed communities, with a special emphasis on stimulating job creation linked to welfare reform. Flexible grant funds will be used to integrate human capital needs with economic development initiatives.

Thirty applicants were chosen as Round II finalists based on the strength of their strategic plans. Fifteen of the finalists were chosen for EZ designation and will receive \$100 million each over a 10-year period. The fifteen finalists that did not win EZ designations will be known as Strategic Planning Communities and will each receive a \$3 million grant to further the implementation of their strategic plans.

Funding will be available for a broad range of activities aimed at assisting residents, businesses and organizations in urban EZs, including: community policing; health care; neighborhood development; brownfields clean-up and redevelopment; support for financing of capital projects; education; work force preparation and job creation efforts linked to welfare reform; repayment of debt financing by municipal bonds; financing of projects in conjunction with the Section 108 loan guarantee program and other economic development projects; support for project-based rental assistance; and, financing other housing activities.

Round I EZs are helping to stimulate billions of dollars in private investment, reviving inner city neighborhoods once given up for dead, and supporting jobs and helping families move from welfare to work. The second round will build on these successes.

The 2000 request includes \$50 million for the new Regional Empowerment Zone Initiative to help urban Empowerment Zones and Enterprise Communities (EZ/ECs) link their economic development strategies to their broader metropolitan regional economies to increase youth employment. Under this initiative, HUD would award competitive grants to current and future EZ/ECs to finance regional strategies for addressing youth employment. In preparing their regional strategy, EZ/EC communities would be required to include input from a variety of stakeholders within the EZ and surrounding region, including the private sector, non-profits, job-training providers, and metropolitan planning organizations or coordinating councils where they exist. In particular, actual commitments from regional private employers to hire EZ residents would strengthen the application. Special consideration would be given to those strategies that target EZ residents aged 16-21 and incorporate transportation linkage methods. Second Round EZs, where relevant, would be encouraged to link EZ residents with developable sites designated by the EZs. This level of funding would support 10 Empowerment Zones and Enhanced Enterprise Communities grants of \$4 million each and 10 Enterprise Communities grants of \$1 million each.

The Brownfields Redevelopment program provides competitive economic development grants in conjunction with Section 108 loan guarantees for qualified brownfield projects. Eligible communities are invited to submit proposals to return contaminated sites to productive and employment-generating uses, with an emphasis on creating substantial numbers of jobs for lower-income people in physically and economically distressed neighborhoods.

Grants are made in accordance with section 108(q) selection criteria and such other criteria deemed appropriate for brownfield projects, including the extent to which an applicant is currently operating a brownfields program and is working with appropriate environmental regulatory agencies.

The Administration's initiative is further bolstered by the proposal for State and local Better America Bonds, which can be used for a variety of land and environmental preservation strategies, including brownfields clean-up. The use of Better America Bonds for conversion of brownfields to open space will complement HUD's Brownfields Redevelopment Program, which focuses on reuse of brownfields for economic and housing development.

The Brownfields Redevelopment program was funded at \$25 million in 1998 and 1999. The 2000 request of \$50 million represents an acceleration of the President's commitment to help communities clean up and redevelop the approximately 450,000 brownfields sites nationwide. This level of funding is expected to leverage \$200 million in Section 108 loan guarantee commitments, which will support the creation of more than 28,000 jobs.

This program provides resources to educate, train, and provide stipends for economically disadvantaged young adults through their participation in the construction and rehabilitation of housing for low-income and homeless persons. The program expands the supply of affordable housing and, at the same time, enables high school dropouts to obtain the education and employment skills necessary to achieve selfsufficiency. The 2000 request of \$75 million will provide more than 9,000 young people with skills they need to get jobs and will provide 1,300 families with homes in distressed communities with homes. The 2000 request is reflected in the CDBG account.

For 1996 through 1999, funding for the Youthbuild program was included in the Community Development Block Grants account.

The HOME Investment Partnership program is authorized by the National Affordable Housing Act (P.L. 101–625). This program provides assistance to States and units of local government, through formula allocation, for the purpose of expanding the supply and affordability of housing. Eligible activities include acquisition, rehabilitation, and new construction of housing and tenant-based rental assistance. The 2000 request will result in the production of 84,400 units of affordable housing through new construction, rehabilitation, or acquisition. In addition, tenant-based rental assistance will be provided for 10,600 units.

The HOME request also includes up to \$7 million to continue to develop, implement and refine integrated community development management information systems in order to establish a national database of local programs. Funding for technical assistance is also included.

Funding of \$20 million for the Housing Counseling Assistance program is also included in this account. This program provides comprehensive housing counseling services, including pre-purchase, default, and renter counseling, to eligible homeowners and tenants. The Housing Counseling program was funded at \$20 million in 1998, and at \$17.5 million in 1999, both as set-asides in the HOME account.

The Regional Affordable Housing Initiative (RAHI) requested at \$25 million, is a competitive pilot program designed to result in a more balanced distribution of affordable housing across jurisdictions within the participating metropolitan regions. In particular, the program seeks to increase the availability of affordable housing in areas with high job growth and inadequate supplies of affordable housing for lowwage workers. RAHI pursues this goal by promoting the creation and implementation of regional, as opposed to jurisdiction-by-jurisdiction, affordable housing strategies. It provides technical assistance and project planning and implementation funding to partnerships of public and private sector participants that have agreed to create and adhere to an affordable housing plan, including regulatory streamlining where appropriate, that integrates job and housing development across local jurisdictions.

The Homeless Assistance Grants program funds the Shelter Plus Care, Supportive Housing, Emergency Shelter Grants, and Section 8 Single Room Occupancy programs. These funds will enable localities to continue to shape and implement comprehensive, flexible, coordinated "continuum of care" approaches to solving rather than institutionalizing homelessness. In fact, in recent years, many communities have made great strides in developing holistic continuum of care approaches to solving homelessness. A community-based process is required as part of the application process. Communities are required to include in their applications performance measures that contain specific goals that would accrue from the community's efforts, and are required to demonstrate tangible results on an annual basis. Requested funding would be available for a wide range of activities to assist homeless persons and prevent future homelessness. The 2000 request will fund 10,000 transitional beds and 7,500 permanent beds, all linked to supportive services.

Funding is also requested for technical assistance to provide needed assistance to grantees to resolve problems that hinder successful project completion and implementation, and for management information systems support, including the continuing operation of tracking systems required by House Report 105–610.

Finally, \$104 million is requested in the Housing Certificate Fund for 18,000 housing vouchers for homeless families or individuals who have achieved a sufficient level of independence to move to permanent housing linked to services. These vouchers will offer the ongoing assistance so desperately needed to help move homeless people into the housing mainstream when they are ready to do so. These vouchers are intended for homeless individuals and families who would otherwise have the most difficult time in securing permanent housing resources, as determined through the approved Continuum of Care strategy. Helping them secure permanent housing will allow HUD to assist even more homeless persons through existing emergency and transitional programs.

HOMELESS ASSISTANCE DEMONSTRATION PROGRAM

For a homeless assistance demonstration program to investigate and test models to link Stewart B. McKinney Homeless Assistance Act programs, including but not limited to permanent housing under the Shelter Plus Care program (as authorized under subtitle F of title IV of such Act) and Supportive Services (as authorized under subtitle C of title IV of such Act), to Federal entitlement programs, State programs, and other supportive services, \$5,000,000, to remain available until expended.

HUD is the primary provider of permanent housing to reduce homelessness. However, to the extent that homeless persons and families are eligible for entitlement programs but are not using the programs, a strategy is needed to make this happen. The demonstration would investigate and test the most promising models for moving the homeless, specifically the chronically homeless, to self-sufficiency using a combination of permanent housing and links to mainstream services. The demonstration will be a collaborative effort between Federal agencies, assisted by homeless assistance providers, to investigate ways in which these dollars can be most efficiently and effectively used at the local level to support transitions to stable permanent housing dollars.

These funds will be used to encourage new and innovative approaches to serving the housing and economic development needs of the Nation's rural populations. This will include assessing existing programs to determine if legislative and/or regulatory changes may be necessary to make them more responsive to rural needs. There is a great need to expand the supply of housing in rural America, particularly affordable housing for low-income families and individuals. In addition, because of out-migration from rural areas and other factors causing economic dislocation, many rural areas suffer from severe economic distress. There has been a growing national recognition of the need to enhance the capacity of State and local governments and Indian tribes to expand the supply of affordable housing and to provide economic development opportunities in rural areas.

As authorized by section 4 of the HUD Demonstration Act of 1993, this program provides funding to the National Community Development Initiative to build the capacity of community-based development corporations and housing development organizations, and to assist such corporations and organizations to carry out community development and affordable housing activities. Funding for this program was provided under the Annual Contributions for Assisted Housing account in 1996. Public Law 105-18 amended authorizing legislation to include additional eligible recipients and provided funding for this program through a transfer from the Homeownership and Opportunity for People Everywhere Grants account in 1997. Public Law 105-65 provided funding for this program under the Community Development Block Grant Account in 1998. P.L. 105-276 provided \$15 million for this program in 1999 for the two organizations eligible prior to the enactment of P.L. 105-18. No funding is being requested for 2000.

Title IV, subtitle C, of the Stewart B. McKinney Homeless Assistance Act authorizes assistance to promote the development of supportive housing and services, especially for: deinstitutionalized homeless individuals; homeless families with children; homeless individuals with mental disabilities; and other persons including those with AIDS. Such assistance is available for the acquisition, rehabilitation, construction, or leasing of structures to be used for homeless persons as well as to pay for operating costs and supportive services.

Since 1995, this type of assistance has been funded under the Homeless Assistance Grants account. The 2000 Budget proposes to transfer all balances in this account to the Homeless Assistance Grants account.

Title IV, subtitle F, of the Stewart B. McKinney Homeless Assistance Act authorizes the Secretary to provide rental assistance to persons with disabilities. Supportive services at least equal in value to the aggregate rental assistance must also be provided by grant recipients using other Federal, State, local and private resources. Eligible recipients include States and units of general local government.

Since 1995, this type of assistance has been funded under the Homeless Assistance Grants account. Public Law 105–65 included a \$4 million rescission of funding, recaptured in 1998, for approved projects from prior years which were either not undertaken or utilized less funding than was originally obligated. The 2000 Budget proposes to transfer all balances in this account to the Homeless Assistance Grants account.

Guaranteed Loans.—The Community Development Block Grant program includes a guaranteed loan provision (Section 108). A commitment level of \$1.3 billion is proposed for the Community Development Loan Guarantees (Section 108) program for 2000. The credit subsidy/administrative cost estimate for the guaranteed loan program is \$30 million in 2000.

Section 108 loan guarantees are used by entitlement and nonentitlement communities (assisted by their State) to cover the cost of: acquiring real property; rehabilitating publicly owned real property; housing rehabilitation; and, certain other economic development activities. In addition, Section 108 has, in some cases, been used to finance the construction of housing by nonprofit organizations.

Guaranteed loans.—The Community Development Loan Guarantees program provides a mechanism for the Federal guarantee of private loans. There is an accompanying liquidating account which shows activity for Federal Financing Bank (FFB) direct loan activity, obligated prior to July 1, 1986. Also following is a status of privately financed guaranteed loan commitments made prior to 1992.

As required by the Federal Credit Reform Act of 1990, this non-budgetary account records all cash flows to and from the Government resulting from loan guarantees committed in 1992 and beyond (including modifications of loan guarantees that resulted from commitments in any year). The amounts in this account are a means of financing and are not included in the budget totals. As required by the Federal Credit Reform Act of 1990, no administrative expenses can be recorded in the financing account.

As required by the Federal Credit Reform Act of 1990, this account records all cash flows to and from the Government resulting from Federal Financing Bank (FFB) direct loans for which loan guarantees were committed prior to 1992. This account is shown on a cash basis.

Guaranteed loans.-Guaranteed loan assistance under the Community Development Loan Guarantees program is provided to eligible communities to finance economic development activities, housing rehabilitation, public facilities, acquisition of real property, rehabilitation of publicly owned real property, and certain related expenses. In the past, the FFB financed these guaranteed loans. The Consolidated Omnibus Budget Reconciliation Act of 1985 required private financing of all loan guarantees committed after July 1, 1986. FFB will continue disbursing loans for commitments approved prior to July 1, 1986. The activity shown in the above account reflects privately financed guaranteed loans for which commitments were made prior to 1992.

The America's Private Investment Companies (APIC) is a vehicle for increasing the private equity capital invested in distressed urban and rural areas. The difficulty in obtaining equity-type financing, which is harder to come by than debt financing, worsens the overall shortage of investment capital in distressed inner city and rural areas. This credit subsidy would result in the leveraging of an estimated \$1 billion in private capital.

APIC would be administered jointly by the Department of Housing and Urban Development (HUD) and the Small Business Administration (SBA), drawing on the dual expertise of these two agencies. The SBA's Small Business Investment Companies (SBIC) program supports the effective investment of private equity and can be targeted to distressed areas. However, SBICs are capped in size of companies eligible for investment and therefore may not be able to serve large projects such as manufacturing facilities that can have significant impact on distressed areas. APIC would provide a financing mechanism for venture capital funds that would be able to invest in larger businesses which could relocate or expand into distressed areas. An APIC venture fund would issue debentures and take equity positions in businesses needing equity-type capital of \$10 million or more.

This account consolidates activity under the Section 202 Housing for the Elderly Program and the Section 811 Housing for the Disabled Program. Program activity prior to 1997 was reflected in the Annual Contributions for Assisted Housing account. Renewal of prior year contracts is reflected in the Housing Certificate Fund. In fiscal year 2000, a total of \$854 million is requested for the Housing for Special Populations account.

Housing for the Disabled.—\$194 million is proposed for housing for persons with disabilities, including language to permit at least 25 percent and up to 50 percent of these funds to be earmarked for tenant-based assistance which increases the number of persons that can be assisted by maximizing the use of the private market.

Housing for the Elderly.—A total of \$660 million is proposed for housing for the elderly. Of this amount \$100 million is for a capital grant program to convert existing 202 properties to assisted living under appropriate conditions. These funds for capital grants will be available to existing HUD elderly subsidized (Section 202) projects that convert some or all units to Assisted Living. These competitive grants would be available to current project owners who agree to several specified conditions. These conditions would include: (1) a tight cap on operating expenses and HUD subsidy; (2) Medicaid home and community-based services or personal care services for Medicaid-eligible residents; and accessible services for non-Medicaid eligible residents through local and community service providers; (3) two meals per day; and (4) 24-hour staff. Preference will be given to grant applicants who demostrate a strong commitment to (1) serve extremely low income frail, disabled elderly residents, (2) promote resident autonomy, independence choice and control.

Up to five percent of these funds may be used to provide space within elderly housing projects for Intergenerational Learning Centers where the skills and experience of seniors will be harnessed to meet the need for affordable child care and allow seniors and children to learn new skills together.

This initiative will make available to low-income elderly, a new type of housing that Americans with higher incomes already benefit from in increasing numbers. Converting some Section 202 projects to assisted living brings this successful innovation to a population that includes a much higher proportion of frail elderly than when subsidized apartment projects were first constructed. These elderly need additional help with various tasks in order to continue living as independently as possible. Projects need to be reconfigured to provide more congregate areas and room for additional services. As a result of this investment, people who otherwise would be confined to nursing homes and receive a higher level of care can enjoy a much greater degree of independence.

\$50 million is provided for an expanded service coordinator program that will serve both residents of HUD-assisted elderly housing and other eligible elderly residing in the neighborhood in which such projects are located on an exception basis. These new grants and an expanded 202 program are part of a new initiative to address the growing housing needs of the nation's elderly.

HOUSING FOR SPECIAL POPULATIONS—Continued

The new initiative will begin to address in a more comprehensive way the changing and expanding long-term care needs of the elderly population including: the lack of decent affordable housing for low-income elderly people. The Administration proposes to expand assistance to low income elderly people by providing more accessible decent affordable housing, and by coordinating and ensuring the existence and accessibility of supportive services provided by the community, nonprofits, and through the Federal health programs to residents of the projects. Together these efforts will establish a Continuum of Care for the elderly.

(1) Helping Seniors Stay in Their Own Homes: The first part of the Continuum of Care is to enable elderly people to remain in their own homes for as long as possible. HUD will expand its healthy homes initiative to focus on the needs of older homeowners, in cooperation with appropriate agencies of HHS. This effort will provide seniors with information on how they can convert the equity in their own homes into funds for needed health and safety home improvements, including home rehabilitation loans, through HUD's reverse mortgage program.

(2) Ensuring the Availability and Quality of Senior Housing by Expanding the Section 202 program: This program currently works with local non-profits to build or renovate housing tailored to the unique needs of seniors, offering rental assistance to a particularly vulnerable group who cannot easily access tenant-based voucher programs because of their special needs and limited mobility. The need for senior-tailored complexes is increasing at a tremendous pace, as the number of elders and the "oldest old" rapidly increases. To meet this need, the 202 program will be expanded as described above.

(3) Community-Based Care: Many elderly people are capable of living semi-independently but have greater needs for services. The Administration proposes an expansion of the existing service coordinator program, as described above, in order to better coordinate federal and local health care and social sevices for the residents.

(4) Intergenerational Learning Centers: To strengthen the connection of elderly people to their community, an eligible use for the competitve capital grants pool will also be the physical establishment of Intergenerational Learning Centers. These Centers will link two vital needs: (A) affordable senior services, and (B) affordable child care. These learning Centers will be owned and operated, at least in part, by residents of existing Section 202 projects.

(5) Assisted Living: The Administration proposes that HUD partner with HHS to better integrate housing assistance with Medicaid funding for services.

In addition to the expansion of the 202 program the Administration is drafting language to create a new elderly voucher program funded with mandatory funds. This program will help to target units within Low Income Housing Tax Credit projects to extremely low income elderly people (below 30 percent of area medium income).

The Other Assisted Housing Account contains the programs listed below:

Rent supplement.—Rent supplement assistance payments will continue to be made on behalf of qualified low-income tenants in approximately 20,000 units which have not converted to section 8.

Section 235.—The Housing and Urban-Rural Recovery Act of 1983 (Public Law 98–181) authorized a restructured section 235 (Homeownership Assistance) program based on a 10-year interest reduction subsidy. This replaced earlier versions of the program, the original and the revised versions. All were below interest rate mortgages for single family homes.

Section 236.—The Housing and Urban Development Act of 1968, as amended, authorizes the section 236 Rental Housing Assistance Program which subsidizes the monthly mortgage payment that an owner of a rental or cooperative project is required to make. This interest subsidy reduces rents for lower income tenants.

IRP Rehab Grants.—Title V of the 1998 Appropriations Act (P.L. 105–65) establishes a program of rehabilitation grants for owners of eligible projects. An estimated \$190 million of such grants are expected in 2000.

The table below reflects the consolidated outlay total for: the Annual Contributions for Assisted Housing account; the Housing Certificate Fund; the Public Housing Capital Fund; the Section 8 Reserve Preservation account; and the Other Assisted Housing account, for 1998, 1999, and 2000.

The Homeownership and Opportunity for People Everywhere Program provided affordable homeownership opportunities for low-income families. Units were converted to homeownership from public and Indian housing properties in HOPE 1, from FHA-insured and Government-held multifamily properties in HOPE 2, and from Government-owned or -held single family properties in HOPE 3. HOPE Grants were used for property acquisition, rehabilitation, mortgage subsidies, security measures, and technical assistance. In addition, grants have been devoted to counseling and training of residents, and other activities intended to help them become economically self-sufficient homeowners. No funding is being requested for 2000. This schedule reflects the liquidation of prior year balances.

The Housing Counseling Assistance program provides comprehensive housing counseling services to eligible homeowners and tenants, including pre-purchase, default and renter counseling.

In 1998, housing counseling was appropriated as a \$20 million set-aside in the HOME Investment Partnerships Program. The program was funded at \$17.5 million as a HOME set-aside in 1999. The Budget proposes Housing Counseling as a \$20 million HOME set-aside for 2000. The 2000 Budget proposes to transfer all balances in this account, as of September 30, 1999, to the HOME Investment Partnership account.

Section 8 assistance for single room occupancy dwellings is authorized by Title IV, subtitle E, of the Stewart B. McKinney Homeless Assistance Act, as amended by the Housing and Community Development Act of 1992. Since 1995, these activities have been funded in the Homeless Assistance Grants account. The 2000 Budget proposes to transfer all balances in this account to the Homeless Assistance Grants account.

Section 620 of the National Manufactured Housing Construction and Safety Standards Act of 1974, as amended, authorizes enforcement of appropriate construction standards for the construction, design and performance of manufactured homes to assure their quality, durability, and safety. All manufactured homes produced since the standards took effect on June 15, 1976 must comply with Federal construction and safety standards. The States are actively encouraged to participate in the program under compliance plans approved by HUD.

A fee of \$24 per transportable section is charged to the manufacturers for each manufactured home produced. The fee is used to cover the costs of the monitoring and enforcement activities by HUD and its contract agents. Fees are deposited in a special fund administered by the Department, and a portion of the fee receipts are transferred to the salaries and expenses account to defray the direct administrative expenses of the program. In 1998, an estimated 439,000 manufactured homes and 603,383 transportable sections were produced.

The Interstate Land Sales Full Disclosure Act provides protection to the public with respect to purchases or leases of subdivision lots. Statements of record must be filed with the Secretary before subdivisions with 100 or more lots may be sold in interstate commerce, except when the subdivision is eligible for exemption.

The Secretary is authorized to charge a fee, to be paid by the developer when filing a statement of record. The fee receipts are permanently appropriated and have helped finance a portion of the direct administrative expenses incurred in program operations.

The estimated annual program activity level will continue at 1,700 filings, approximately the same estimated level as in recent years.

The Housing and Urban Development Act of 1968 authorized the Secretary to establish a revolving fund into which rental collections in excess of the established basic rents for units in section 236 subsidized projects would be deposited.

The Housing and Community Development Amendment of 1978 authorized the Secretary, subject to approval in appropriation acts, to transfer excess rent collections received after 1978 to the Troubled Projects Operating Subsidy program, renamed the Flexible Subsidy Fund. Prior to that time, collections were used for paying tax and utility increases in section 236 projects. The Housing and Community Development Act of 1980 amended the 1978 Act by authorizing the transfer of excess rent collections regardless of when collected. This Budget proposes that the resources from the Rental Housing Assistance Fund continue to be transferred to the Flexible Subsidy Fund.

FLEXIBLE SUBSIDY FUND

(TRANSFER OF FUNDS)

From the Rental Housing Assistance Fund, all uncommitted balances of excess rental charges as of September 30, [1998] 1999, and any collections made during fiscal year [1999] 2000, shall be transferred to the Flexible Subsidy Fund, as authorized by section 236(g) of the National Housing Act, as amended. (Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999.)

The Flexible Subsidy Fund assisted financially troubled subsidized projects under certain FHA authorities. The subsidies were intended to prevent potential losses to the FHA fund resulting from project insolvency and to preserve these projects as a viable source of housing for low and moderateincome tenants. Priority was given to projects with Federal insurance-in-force and then to those with mortgages that had been assigned to the Department of Housing and Urban Development.

The budget assumes that the account will continue to serve as a repository of excess rental charges appropriated from the Rental Housing Assistance Fund. Since 1996, these resources have not been used for new reservations but they continue to offset Flexible Subsidy outlays and other discretionary expenditures.

The Homeownership Assistance Fund was established by the Housing and Urban-Rural Recovery Act of 1983. It provided for the receipt of recaptures of budget authority, cash, and interest earnings under the restructured section 235 program. The funds were authorized to be used, to the extent approved in Appropriation Acts, by the Secretary to provide additional section 235 assistance payments for mortgagors who are unable to assume the full payment due under the mortgage after the termination of the original 10-year assistance payments contract.

The Federal Housing Administration provides mortgage insurance to encourage lenders to make credit available to expand homeownership, and to predominantly serve borrowers that the conventional market does not adequately provide for including: first-time homebuyers; minorities; lower-income families; and, residents of underserved areas (central cities and rural areas). Currently, the maximum mortgage amount for FHA-insured one-family loans is set at 95 percent of area median house price, provided that the amount is never less than 48 percent of the conforming loan limit—the maximum mortgage amount for loans purchased by the housing secondary market Government-Sponsored Enterprises, Fannie Mae and Freddie Mac—and never more than 87 percent of the conforming loan limit.

As required by the Federal Credit Reform Act of 1990, this account records administrative expenses for this program, as well as the subsidy costs associated with the loan guarantees committed in 1992 and thereafter, if any. The subsidy amounts are estimated on a present value basis; the administrative expenses are estimated on a cash basis.

FHA will contribute \$2,000,000 from the FHA-MMI fund to fund efforts by the Federal Housing Credit Consortium to develop a pilot data warehouse for use by the four major housing credit agencies.

As required by the Federal Credit Reform Act of 1990, this non-budgetary account records all cash flows to and from the Government resulting from direct loans obligated in 1992 and thereafter (including modifications of direct loans that resulted from obligations in any year). The amounts in this account are a means of financing and are not included in the budget totals.

The \$50 million in 2000 direct loan limitation in the MMI Fund would permit the Department to use Purchase Money Mortgages (PMMs) to help finance the sale of acquired single family properties. HUD would extend credit for these singlefamily homes to community nonprofit organizations or local government entities who would be expected to sell the properties to low- and moderate-income buyers. The use of PMMs provides a tool for State and local nonprofit organizations to use in revitalizing communities, and creates enhanced homeownership opportunities for low- and moderate-income families.

The Federal Housing Administration Fund currently consists of four separate insurance funds.

In order to present more clearly the operations of the various funds, FHA's budget transactions are separated into two major business segments. The basic single-family insurance programs in the Mutual Mortgage Insurance (MMI) fund and the multifamily Cooperative Management Housing Insurance (CMHI) funds form one segment. All other multifamily and other specialized insurance programs in the General Insurance and Special Risk Insurance funds (GI/SRI) form the other segment.

The Federal Credit Reform Act of 1990 creates a structure of three accounts for existing credit program. For each of the FHA business segments (MMI/CMHI and GI/SRI) there is a liquidating account, which records the revenues and costs associated with loan insurance committed prior to October 1, 1991, a financing account which records the revenues and costs associated with commitments to insure loans made after September 30, 1991, and, a program account which records the transactions associated with the program subsidy costs, if any, and the costs of administering the program.

This liquidating account records, for this program, all cash flows to and from the Government resulting from MMI/CMHI loans insured prior to fiscal year 1992, and is shown on a cash basis. All new activity in this program in 1992 and thereafter (including modifications of loans insured in any year) is recorded in the corresponding program (86–0183) and financing (86–4587 and 86–4242) accounts.

The program activity in the "Program Highlights" table shown below reflects only the activity in the MMI/CMHI liquidating and financing accounts. The GI/SRI program activity can be found with the GI/SRI liquidating account (86–4072).

Multifamily Products.—This account includes budget authority for multifamily insurance programs requiring positive credit subsidies, as well as for salaries and expenses for all General and Special Risk Insurance Fund programs.

As required by the Federal Credit Reform Act of 1990, this account records, for the single family, multifamily, hospital, and Title I insurance programs of FHA's General Insurance and Special Risk Insurance Funds, the subsidy costs associated with the loan guarantees committed or direct loans obligated in 1992 and thereafter (including modifications of loan guarantees or direct loans that resulted from obligations or commitments in any year), as well as administrative expenses of these programs. The subsidy amounts are estimated on a present value basis; the administrative expenses are accounted for on a cash basis.

A gross program total of \$508 million in budget authority is requested for fiscal year: \$153 million for credit subsidy; \$211 million for administrative expenses; and \$144 administrative contract expenses. This amount is offset by \$444 million in budget authority for a net budget authority of only \$64 million. These offsets are comprised of \$300 million from the use of unobligated balances and \$144 million from prohibiting spending for program administration in the liquidating or financing accounts (this is reflected in the liquidating account but is treated as discretionary due to its inclusion in appropriations language).

The latter offset covers the cost of the new appropriations requested for administrative contract expenses. The proposal consolidates all administrative spending in the program account and does not increase overall discretionary spending as it merely replaces spending in the liquidating account with the request in the program account. These amounts are summarized below:

As required by the Federal Credit Reform Act of 1990, this non-budgetary account records all cash flows to and from the Government resulting from direct loans obligated in 1992 and thereafter (including loan modifications) for FHA's General Insurance and Special Risk Insurance Fund programs. The amounts in this account are a means of financing and are not included in the budget totals. As required by the Federal Credit Reform Act of 1990, no administrative expenses can be recorded in the financing account.

This schedule includes two direct loan programs. One provides bridge loan financing to facilitate the disposition of multifamily housing owned by the Department to non-profit organizations who agree to preserve it as affordable rental or cooperative housing. The second is a single-family direct loan program for purchase money mortgages, as discussed in the preceding section for the Mutual Mortgage Insurance Fund.

The General Insurance fund provides for a large number of specialized mortgage insurance programs, including the insurance of loans for property improvements as well as for cooperatives, condominiums, housing for the elderly, rental housing and nonprofit hospitals.

The Special Risk Insurance fund provides insurance on behalf of mortgagors who otherwise would not be eligible for mortgage insurance. In addition, the fund provides insurance on mortgages covering experimental housing where strict adherence to State or local building regulations was not observed.

As required by the Federal Credit Reform Act of 1990, this account records, for this program, all cash flows to and from the Government resulting from loan guarantees committed and direct loans obligated prior to 1992. This account is shown on a cash basis. New insurance and direct loan activity in 1992 and thereafter in the GI/SRI programs is recorded in corresponding program (86–0200) and financing (86–4077 and 86–4105) accounts.

Section 571 of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1998 established the Office of Multifamily Housing Assistance Restructuring within HUD to administer the program of mortgage and rental assistance restructuring. Included in the budget estimates for this account are projections for the financial operations of the office. More detailed information will be provided to Congress at a later date.

Note.—Amounts for direct loan obligations reflect reservations of section 202 funds. Loan obligations shown under the program and financing schedule reflect loans that have reached the initial closing stage of processing.

The Housing for the Elderly or Handicapped Fund was established pursuant to section 202 of the Housing Act of 1959, as amended. The fund provided direct loans to nonprofit organizations building and managing housing projects for lower income persons who are elderly or disabled.

Projects included an assured range of necessary services for the occupants of such projects. In addition, the section 8 lower income housing assistance payments program has been used in conjunction with the section 202 program. Applications under the two programs have been processed simultaneously.

The data included in these schedules represent direct loan activities funded under the Housing for the Elderly or Handicapped Loan Fund. Further, activities in support of the needs of the elderly and disabled have been carried out under a grant program funded in the 1991 Appropriations Act (P.L. 101–507) and authorized in the National Affordable Housing Act (P.L. 101–625).

After April 1, 1992, all projects for which there were administrative reservations converted to the capital advance assistance program.

The program and financing schedule for this account summarizes the Federal government's obligations for this loan program.

Financing.—Repayments and interest income from loans continue to be available to pay for commitments of the fund.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

Federal Funds

The Housing and Urban Development Act of 1968 authorized the Government National Mortgage Association (Ginnie Mae) to guarantee the timely payment of principal and interest on privately issued securities that are backed by pools of FHA, Veterans Affairs (VA) and Rural Housing Service mortgages. The Ginnie Mae guarantee gives lenders access to the capital markets for funds to originate new loans. New FHA and VA loans are currently pooled into Ginnie Mae securities.

Financing.—Ginnie Mae issuers are assessed commitment, guarantee and other fees to cover costs incurred by Ginnie Mae and to fund a reserve against possible future payments under the guarantee.

Operating results.—Fee collections, interest, and other income are expected to exceed expenses by \$706 million in 1999 and \$701 million in 2000.

The Housing and Urban Development Act of 1970 directs the Secretary to undertake programs of research, studies, testing, and demonstrations related to the HUD mission. These functions are carried out internally and through contracts with industry, nonprofit research organizations, and educational institutions, and through agreements with State and local governments and other Federal agencies.

In 2000, the research program will focus on activities to support research examining the implications of significant changes in public and assisted housing policy, the impacts of welfare reform on HUD-assisted households and HUD-subsidized developments. National Housing Surveys will continue in 2000.

The 2000 request includes \$10 million to continue the Partnership for Advancing Technologies in Housing (PATH). Launched by President Clinton on May 4, 1998, PATH is a key component of the President's program to improve the technology infrastructure of the United States and to reduce carbon emissions. A public/private partnership, PATH joins together key agencies in the Federal sector, with leaders from the home building, product manufacturing, insurance and financial industries to develop and deploy the technologies for the next generation of American housing.

The Budget proposes an appropriation of \$47 million in 2000 for fair housing activities to fund programs, consistent with the President's "One America" policy, which will support new efforts to end housing discrimination, including a commitment to double the number of housing discrimination enforcement actions over the next 2 years. Of the amount requested, \$20 million is for the Fair Housing Assistance Program and \$27 million is for the Fair Housing Initiatives Program.

The Fair Housing Assistance Program (FHAP), authorized by title VIII of the Civil Rights Act of 1968 as amended, provides funding to State and local agencies to assure prompt and effective processing of Title VIII (Civil Rights Act of 1968) complaints.

The funding requested for FHAP will support the President's fair housing enforcement initiative by increasing funding to support additional State and local fair housing organizations to meet the needs of currently underserved populations. These funds will be used for joint investigations and enforcement activities with State and local fair housing agencies that will contribute to the Department's goal of doubling enforcement actions and will result in other enforcement outcomes that are a critical component of the Administration's

FAIR HOUSING ACTIVITIES—Continued

attack on discrimination. It is estimated that the number of new State and local agencies with laws equivalent to the Fair Housing Act will increase to 90 in 2000 from 85 in 1999. Of the \$20 million requested for FHAP, \$3.5 million will be used to fund an innovative Fair Housing Partnership between State and local fair housing enforcement agencies and private fair housing groups. The partnership will require its participants to focus their fair housing activities to foster substantial and new fair housing results that individual organizations could not achieve alone.

The Fair Housing Initiatives Program (FHIP), authorized by the Housing and Community Development Act of 1987, as amended by the Housing and Community Development Act of 1992, provides support to public and private organizations for the purpose of eliminating or preventing discrimination in housing and for enhancing fair housing opportunities.

tion in housing and for enhancing fair housing opportunities. Of the \$27 million requested, \$7.5 million will be used to fund the second year of an audit-based enforcement initiative which will address the continued existence of a high level of both blatant and subtle forms of housing discrimination confirmed through testing experience. Additional FHIP funding will support extended testing and other anti-discrimination activities by private fair housing groups. Funding for FHIP will also include \$3.5 million for the Fair Housing Partnership, as discussed above.

Title X of the Housing and Community Development Act of 1992 (Public Law 102–550), known as the Residential Lead-Based Paint Hazard Reduction Act, authorized the Secretary to establish the Lead-Based Paint Hazard Control Grant Program. The primary purpose of the program is to reduce the exposure of young children to lead-based paint hazards in their homes.

To accomplish this, two major activities are being conducted within the Department's Office of Lead Hazard Control. The first is the Healthy Homes Initiative. The Healthy Homes Initiative will also enable the Department to control additional childhood diseases and injuries that are caused by housing related factors. The initiative will allow for a demonstration that evaluates methods of controlling two or more housing related diseases through a single intervention. A public education/outreach effort, to enable the public to act effectively to protect their children, will also be conducted.

The second activity is the continuation of the Lead Hazard Control Grant Program, which provides grants of \$1 to \$4 million to State and local governments for control of leadbased paint hazards in privately owned, low-income owneroccupied and rental housing. The grants are also designed to stimulate the development of a trained and certified hazard evaluation and control industry by requiring all contractors to be certified and all workers to be trained through a Stateaccredited program. In awarding grants, HUD promotes the use of cost-effective approaches to hazard control that can be replicated across the nation.

In addition to these two major activities the Office of Lead Hazard Control will continue its Technical Assistance Program which will include a program to conduct lead-based paint compliance checks, provide technical assistance for State and local agencies, private property owners, HUD programs and field offices, and professional organizations; provide quality control to ensure that the evaluation and control of lead-based paint hazards is done properly in HUD associated housing; provide for the development of standards, technical guidance material and regulations; and provide for the development of streamlined measures of testing, hazard control, cleanup, clearance, and public education.

Prior to 1997, funding for the lead hazard control grant program was provided under the Annual Contributions for Assisted Housing Account. In 1997 and 1998, the program was funded as a set-aside under the Community Development Block Grant (CDBG) account. In 1999 the program is funded as a separate, stand-alone program and is proposed as a separate program for 2000.

This appropriation funds the Office of Federal Housing Enterprise Oversight (the Office), which was established in 1992 to regulate the financial safety and soundness of the two housing Government Sponsored Enterprises (GSEs)—Fannie Mae and Freddie Mac. The Office was authorized in the Federal Housing Enterprise Safety and Soundness Act of 1992, which also instituted a risk-based capital standard for the GSEs, and gave the regulator enhanced authority to enforce those standards. The office is also required by statute to conduct on-site annual examinations at the GSEs to determine the condition of each enterprise for the purpose of ensuring their financial safety and soundness.

ADMINISTRATIVE PROVISIONS

[PUBLIC AND ASSISTED HOUSING RENTS, PREFERENCES, AND FLEXIBILITY]

[SEC. 201. Section 201(a)(2) of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1996 (42 U.S.C. 1437l note), is amended to read as follows:

"(2) APPLICABILITY.—Section 14(q) of the United States Housing Act of 1937 shall be effective only with respect to assistance provided from funds made available for fiscal year 1999 or any preceding fiscal year, except that the authority in the first sentence of section 14(q)(1) to use up to 10 percent of the allocation of certain funds for any operating subsidy purpose shall not apply to amounts made available for fiscal years 1998 and 1999.".]

[GSE DEFAULT LOSS PROTECTION]

[SEC. 202. (a) Section 305(a)(2) of the Federal Home Loan Mortgage Corporation Act is amended in the first sentence by—

(1) striking "or" at the end of clause (B);

(2) striking the period at the end of the first sentence and inserting: "; or (D) the mortgage is subject to default loss protection that the Corporation determines is financially equal or superior, on an individual or pooled basis, to the protection provided by clause (C) of this sentence: *Provided*, That if the Director of the Office of Federal Housing Enterprise Oversight subsequently finds that such default loss protection determined by the Corporation does not provide such equal or superior protection, the Corporation shall provide such additional default loss protection for such mortgage, as approved by the Director of the Office of Federal Housing Enterprise Oversight, necessary to provide such equal or superior protection.".]

((b) Section 1313(b) of the Federal Housing Enterprises Financial Housing Safety and Soundness Act of 1992 is amended by redesignating paragraphs (9), (10), and (11) as paragraphs (10), (11), and (12), respectively, and inserting the following new paragraph (9):

"(9) default loss protection levels under section 305(a)(2)(D) of the Federal Home Loan Mortgage Corporation Act;".]

FINANCING ADJUSTMENT FACTORS

SEC. [203] 201. Fifty percent of the amounts of budget authority, or in lieu thereof 50 percent of the cash amounts associated with such budget authority, that are recaptured from projects described in section 1012(a) of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988 (Public Law 100-628, 102 Stat. 3224, 3268) shall be rescinded, or in the case of cash, shall be remitted to the Treasury, and such amounts of budget authority or cash recaptured and not rescinded or remitted to the Treasury shall be used by State housing finance agencies or local governments or local housing agencies with projects approved by the Secretary of Housing and Urban Development for which settlement occurred after January 1, 1992, in accordance with such section. Notwithstanding the previous sentence, the Secretary may award up to 15 percent of the budget authority or cash recaptured and not rescinded or remitted to the Treasury to provide project owners with incentives to refinance their project at a lower interest rate.

FAIR HOUSING AND FREE SPEECH

SEC. [204] 202. None of the amounts made available under this Act may be used during fiscal year [1999] 2000 to investigate or prosecute under the Fair Housing Act any otherwise lawful activity engaged in by one or more persons, including the filing or maintaining of a nonfrivolous legal action, that is engaged in solely for the purpose of achieving or preventing action by a government official or entity, or a court of competent jurisdiction.

[BROWNFIELDS AS ELIGIBLE CDBG ACTIVITY]

[SEC. 205. For fiscal years 1998, 1999, and all fiscal years thereafter, States and entitlement communities may use funds allocated under the community development block grants program under title I of the Housing and Community Development Act of 1974 for environmental cleanup and economic development activities related to Brownfields projects in conjunction with the appropriate environmental regulatory agencies, as if such activities were eligible under section 105(a) of such Act.]

ENHANCED DISPOSITION AUTHORITY

SEC. [206] 203. Section 204 of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997, is amended by striking "fiscal years 1997, [and] 1998, *and 1999*' and inserting "fiscal years 1997, 1998, [and] 1999, *and 2000*'.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS GRANTS

SEC. [207] 204. (a) ELIGIBILITY.—[Notwithstanding section] Section 854(c)(1)(A) (ii) of the AIDS Housing Opportunity Act (42 U.S.C. 12903(c)(1)(A))[, from any amounts made available under this title for fiscal year 1999 that are allocated under such section, the Secretary of Housing and Urban Development shall allocate and make a grant, in the amount determined under subsection (b), for any State that—

(1) received an allocation in a prior fiscal year under clause (ii) of such section; and

(2) is not otherwise eligible for an allocation for fiscal year 1999 under such clause (ii) because the areas in the State outside of the metropolitan statistical areas that qualify under clause (i) in fiscal year 1999 do not have the number of cases of acquired immunodeficiency syndrome required under such clause.] (*ii*), *is amended by inserting after "clause (i)" a comma and "or States that received an allocation under this clause in a prior fiscal year"*.

(b) MINIMUM GRANT REPEALER.—Section 854(c)(2) of such Act is repealed. [AMOUNT.—The amount of the allocation and grant for any State described in subsection (a) shall be an amount based on the cumulative number of AIDS cases in the areas of that State that are outside of metropolitan statistical areas that qualify under clause (i) of such section 854(c)(1)(A) in fiscal year 1999 in proportion to AIDS cases among cities and States that qualify under clauses (i) and (ii) of such section and States deemed eligible under subsection (a).]

(c) ENVIRONMENTAL REVIEW.—Section 856 of such Act is amended by adding the following new subsection at the end: "(h) ENVIRON-MENTAL REVIEW.—For purposes of environmental review, decisionmaking, and action pursuant to the National Environmental Policy Act of 1969 and other provisions of law that further the purposes of such Act, a grant under [the AIDS Housing Opportunity Act (42 U.S.C. 12901 et seq.) from amounts provided under this or prior Acts] this subtitle shall be treated as assistance for a special project that is subject to section 305(c) of the Multifamily Housing Property Disposition Reform Act of 1994 (42 U.S.C. 3547), and shall be subject to the regulations issued by the Secretary to implement such section.". [Where the grantee under the AIDS Housing Opportunity Act is a nonprofit organization and the activity is proposed to be carried out within the jurisdiction of an Indian tribe or the community of an Alaska native village, the role of the State or unit of general local government under sections 305(c)(1)-(3) of such Act may be carried out by the Indian tribe or Alaska native village instead.]

SEC. 212. SECTION 236 REFINANCING.—Section 236(c) of the National Housing Act is amended—

(1) by striking "(c) The" and inserting "(c)(1) The"; and

(2) by adding the following new paragraph at the end:

"(2) The Secretary shall notify any project owner who has a mortgage, the interest rate of which the Secretary determines to be 2 or more percent above the market interest rate. Not later than one year after receiving notice under the preceding sentence, a project owner shall refinance the project with a mortgage on such terms

and conditions as the Secretary may require: Provided, That the Secretary may approve an extension of the foregoing time period for any owner that shows good cause. The Secretary may pay costs for closing such refinancing, and other costs, determined by the Secretary, for the refinancing, from amounts that would otherwise be available to make payments under contracts under this section, pursuant to section 1305(10) of title 31. United States Code. If a project owner does not comply with the requirement to refinance within the one year time period or any extension of time that the Secretary approves, the Secretary, notwithstanding paragraph (1) and any existing interest reduction payment contracts entered into thereunder, shall make interest reduction payments to the mortgagee in an amount not exceeding the difference between (A) the monthly payments for principal, interest, and mortgage insurance premium that an owner would be obligated to pay if the mortgage were to have a market interest rate, as determined by the Secretary, and (B) the monthly payment for principal and interest such owner would be obligated to pay if the mortgage were to have an interest rate of 1 percent. The Secretary's determination of an interest rate under the immediately preceding sentence shall be made once and shall run for the remaining period during which interest reduction payments are made at the project. Neither a Secretary's notification nor a refinancing is required more than once for a project refinanced in accordance with the requirements of this paragraph.

SEC. 213. HOUSING GSE OVERSIGHT ASSESSMENT.—Subtitle A of the Federal Housing Enterprise Financial Safety and Soundness Act of 1992 is amended by inserting at the end of part 2, subpart A, the following new section:

"SEC. 1329. FUNDING FOR THE OVERSIGHT OF THE ENTER-PRISES BY THE SECRETARY.

"(a) ANNUAL ASSESSMENTS.—(1) The Secretary shall annually determine and collect the amounts for annual assessments of the enterprises in addition to the amounts assessed under section 1316. The amounts shall be equal to all the costs related to carrying out all of the Secretary's regulatory and oversight responsibilities under this Part, as determined by the Secretary. In no case shall these assessments exceed \$10 million in aggregate in any fiscal year.

(b) ALLOCATION OF ANNUAL ASSESŠMENT TO ENTERPRISES.—

"(1) AMOUNT OF PAYMENT.—Each enterprise shall pay a proportion of the annual assessment made pursuant to subsection (a) that is the same as the proportion that that enterprise's total assets bear to the total assets of the enterprises.

"(2) TIMING OF PAYMENT.—The annual assessment shall be payable semiannually for each fiscal year, on October 1 and April 1.

"(3) DEFINITION.—For the purpose of this section, the term "total assets" means, with respect to an enterprise, the sum of—

"(A) on-balance sheet assets of the enterprise, as determined in accordance with generally accepted account principles;

"(B) the unpaid principal balance of outstanding mortgagebacked securities issued or guaranteed by the enterprise that are not included in subparagraph (A);

"(C) other off-balance sheet obligations as determined by the Secretary.

"(c) SURPLUS.—If actual obligations for the Secretary's regulatory and oversight responsibilities under this Part are less than the annual assessment for any fiscal year, such amount shall be credited, in accordance with the same proportion as determined under subsection (b)(1) for that fiscal year, to the assessment collected from the enterprises the following fiscal year.".

SEC. 214. TRANSFER FOR EVALUATION OF HUD PROGRAMS.—(a) During fiscal year 2000, the Secretary may transfer no more than 0.50 percent (in any proportions the Secretary shall determine) of any amount appropriated in title II of this Act to (1) the "Research and Technology" account of Policy Development and Research for program evaluation and other research contributing to improvement in measures of performance, or (2) the departmental "Salaries and Expenses" account for information systems to support improved collection of performance data and for collecting and maintaining data under section 7(r) of the Department of Housing and Urban Development Act, in support of activities required under the Government Performance and Results Act of 1993 and 31 U.S.C. 1115, 1116, and 9703.

(b) Any appropriations for the Office of Inspector General or the Office of Federal Housing Enterprise Oversight shall be excluded from the transfer authority in (a).

(c) Transfers under (a) shall not occur until 30 days after notification of each transfer to the Committees on Appropriations. FHA ADMINISTRATIVE CONTRACT EXPENSE AUTHORITY-Continued

(d) The total of all transfers under (a) in fiscal year 2000 may not exceed \$40,000,000.

(e) Any amounts transferred under this section shall be merged with, and subject to the terms and conditions of the accounts to which transferred.

(f) Any amounts transferred under this section shall be in addition to the amounts appropriated for and otherwise transferred to the "Research and Technology" or departmental "Salaries and Expenses" account, respectively.
