In 2007, Site Selection magazine listed Wichita in its top 10 of metro areas in the nation with the most new and expanded corporate facilities. Recently, Forbes magazine listed Wichita as the number one city in the nation to live the good life cheaply. It is a 3-time All American City with a relatively mild climate, good transportation and many beautiful parks. According to a biannual analysis completed by Physicians Practice Journal in January 2008, Kansas is one of five states in the country rated as the most physician-friendly. Wichita is the regional hub for healthcare with three major medical centers, a veteran's hospital and numerous specialty hospitals and clinics. It is the largest city in Kansas and a major manufacturing center. It is known as the Air Capital of the world.
