ITC Notification

In accordance with § 735(d) of the Act, we have notified the ITC of our determination. As our final determination is affirmative, the ITC will determine, within 45 days, whether these imports are causing material injury, or threat of material injury, to an industry in the United States. If the ITC determines that material injury, or threat of material injury, does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

This determination is published pursuant to § 735(d) of the Act.

Dated: February 24, 1997.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.

International Trade Administration

Export Trade Certificate of Review; Notice of Application to Amend Certificate

SUMMARY: The Office of Export Trading Company Affairs ("OETCA"), International Trade Administration, Department of Commerce, has received an application to amend an Export Trade Certificate of Review. This notice summarizes the proposed amendment and requests comments relevant to whether the amended Certificate should be issued.

FOR FURTHER INFORMATION CONTACT: W. Dawn Busby, Director, Office of Export Trading Company Affairs, International Trade Administration, (202) 482-5131. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 (15 U.S.C. 4001-21) authorizes the Secretary of Commerce to issue Export Trade Certificates of Review. A Certificate of Review protects the holder and the members identified in the

Certificate from state and federal government antitrust actions and from private, treble damage antitrust actions for the export conduct specified in the Certificate and carried out in compliance with its terms and conditions. Section 302(b)(1) of the Act and 15 CFR 325.6(a) require the Secretary to publish a notice in the Federal Register identifying the applicant and summarizing its proposed export conduct.

Request for Public Comments

Interested parties may submit written comments relevant to the determination whether an amended Certificate should be issued. If the comments include any privileged or confidential business information, it must be clearly marked and a nonconfidential version of the comments (identified as such) should be included. Any comments not marked privileged or confidential business information will be deemed to be nonconfidential. An original and five copies, plus two copies of the nonconfidential version, should be submitted no later than 20 days after the date of this notice to: Office of Export Trading Company Affairs, International Trade Administration, Department of Commerce, Room 1800H, Washington, D.C. 20230. Information submitted by any person is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552). However, nonconfidential versions of the comments will be made available to the applicant if necessary for determining whether or not to issue the Certificate. Comments should refer to this application as "Export Trade Certificate of Review, application number 95-A0006."

The Water and Wastewater Equipment Manufacturers Association ("WWEMA") original Certificate was issued on June 21, 1996 (61 FR 36708, July 12, 1996). A summary of the application for an amendment follows.

Coastal Services Center Coastal Management Fellowship

AGENCY: National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of Federal assistance.

SUMMARY: The Coastal Services Center is issuing this notice to solicit applications for the Coastal Services Center Coastal Management Fellowship program. The Fellowship program was established to provide professional on-the-job education and training opportunities for post-graduate students in coastal resource management and policy and to provide specific technical assistance for state coastal resource management programs. For two years the Fellows will work on substantive state-level coastal resource management issues that pertain to Federal management policies and regulations. The grants will be provided to the Sea Grant Programs of the States hosting the Fellows. These Sea Grant Programs will administer the grants.

DATES: Applications for Fellowship positions will be available from all Sea Grant Program offices and the Coastal Services Center beginning on 21 February 1997. Applications will be due to State Sea Grant Directors no later than 28 March 1997. Each Sea Grant

Directors may nominate up to two qualified candidates. These nominations from the Sea Grant Directors are due to the Coastal Services Center no later than 11 April 1997. Those candidates selected to be finalists will be notified by 30 April 1997. Fellowships and selected projects will begin 1 October 1997.

ADDRESSES: Send requests for the Fellowship Selection Application packages as well as completed nomination packages to CSC Coastal Management Fellowships, Attn: Mr. Michael Pentony, NOAA Coastal Services Center, 2234 South Hobson Avenue, Charleston, South Carolina, 29405-2413.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Pentony, Coastal Management Services, at (803) 974-6257.

SUPPLEMENTARY INFORMATION:

Authority

Statutory authority for these awards is provided under 16 USC 1456.c [Technical Assistance]; 15 USC Sec. 1540 [Cooperative Agreements]; and, 33 USC 1442 [Research program respecting possible long-range effects of pollution, overfishing, and man-induced changes of ocean ecosystems].

Catalog of Federal Domestic Assistance (CFDA)

The CSC Program is listed in the Catalog of Federal Domestic Assistance under Number 11.473.

Program Description

The goal of the Coastal Services Center is to build capabilities around the nation which simultaneously address pressing issues of coastal health and change by conserving coastal environments including coastal wetlands, riparian forested wetlands, maritime forests, fisheries/shell fisheries, and other living marine resources and by promoting efficient and sustainable industry, farming, commercial and residential development, urban redevelopment, and tourism.

Seven competitive post-graduate fellowships will be awarded for meritorious recent Masters, professional, and Ph.D. degree recipients to spend two years working with coastal resource management agencies on state-level needs and federal management issues. State coastal zone programs provided project proposals in a competition for placement of one of the CSC Coastal Management Fellows (see section on Application Requirements).

The project selection process was completed before the fellow selection process in order to give the Sea Grant Directors and prospective Fellows better guidance as to the nature of the projects for which they will be competing. Given that the projects are being selected independently of the fellow selection and the desire to broaden the educational experience of selected fellows, they will most likely be serving outside of their Sea Grant home state.

Funding Availability

Coastal Service Center funding for each twenty-four month fellowship is expected to be \$64,000, for a total of \$448,000 for the seven fellowships over the fellowship period. Publication of this announcement does not require NOAA CSC to make any specific award or to obligate any amount of the funds available. The two year grant of \$64,000 with an additional \$12,000 State match made for each Fellow to the receiving state's Sea Grant program includes \$30,000 per year for the Fellow divided into a \$20,000 stipend and \$10,000 per diem. The remaining \$8,000 per year will be roughly divided as follows: \$5,000 for benefits, including health insurance; \$1,000 for moving expenses; \$1,500 for travel associated with the fellowship experience; and, \$500 for any administrative costs incurred by the administering Sea Grant program. Required travel for the Fellows includes attending either the Coastal Zone Conference or the bi-annual meeting of The Coastal Society, depending on the year. NOAA will provide funding directly to the Sea Grant Programs that will administer the grants.

Matching Requirements

Cost sharing of a portion of the fellow cost for the second year of the fellowship is required by each state in which a Fellow is placed, in the amount of \$12,000. Additionally, the coastal zone program is expected to provide in-kind support (office space, phone service, computer equipment, etc.) for the entire term of the fellowship.

Type of Funding Instrument

The projects will be awarded as a Grant, distributed by the Coastal Services Center. NOAA anticipates that there be no substantial involvement of the Coastal Services Center in the performance of activities under this assistance program.

Eligibility Criteria

Any student who has completed a master's, doctoral, or professional degree program in coastal, marine, or Great Lakes related studies at any
