19th Annual IHS Research Conference

American Indian and Alaska Native Research Policies and Guidelines: Many Words, Many Thoughts – One Purpose

SAVE THE DATE!

April 24, 25, 26, 2007 - Phoenix, AZ

Join the IHS Research Conference, Tribes/Tribal Health Organizations, Universities, NIH, and other Government agencies dedicated to working with and for Tribal groups in research. Participants will have opportunities to meet experts in their fields, share their work, their models, their programs, and learn more about organizations who work specifically with Tribes. There will be opportunities to participate in workshop where participants will learn practical skills that be taken back to Tribal communities.
