(16-17)

Now I'd like to ask some questions about that (most recent) pregnancy. I'd like to ask about whether it was hard for you and your partner to get pregnant that time. Some couples try for months or years to get pregnant. Other couples get pregnant very easily, sometimes even while using contraception to prevent pregnancy.

E9. Think back to that most recent pregnancy you fathered. Around the time when your partner got pregnant, had you and she been trying to get pregnant, trying not to get pregnant, or not concerned about whether or not she got pregnant?

	TRYING (E12) 1	
	TRYING NOT TO GET (E10) 2	
	NOT CONCERNED (E10) 3	(30)
	REFUSED (E10) 7	
	DON'T KNOW (E9a) 8	

a. IF DON'T KNOW:
What would be your best guess?

	TRYING (E12) 1	
	TRYING NOT TO GET 2	
	NOT CONCERNED 3	(31)
	REFUSED 7	
	STILL DON'T KNOW 8	

E10. The next question is about contraception. This includes anything that might prevent pregnancy, such as condoms, diaphragm, withdrawal, safe days by the calendar, or any other method.

Around the time when your partner got pregnant with that most recent pregnancy, were either of you using some method of contraception, at least some of the time, but she got pregnant anyway?

	YES (E11) 1	
	NO (E12) 2	
	REFUSED (E12) 7	(32)

E11. Was your use of contraception regular and consistent around that time or was it somewhat irregular?

	SOMEWHAT IRREGULAR . (E11b) 2	
	REFUSED (E14) 7	(34)

b. IF SOMEWHAT IRREGULAR:
For how many months in a row had you and she been using contraception somewhat irregularly before she became pregnant?
