

Ticket to Work: Services and Opportunities to Help Beneficiaries Work

The Ticket to Work program provides beneficiaries with disabilities real choices in obtaining employment services and resources. We also provide a safety net to assist with your transition into the workforce.

Make the choice that is right for you. We understand that there are barriers to work and we are helping you overcome them through Ticket to Work. You have choices and can work full- or part-time as you explore work options.

Access services and resources to find the job that is right for you. We help you identify work opportunities, and give you access to Employment Networks and vocational rehabilitation centers dedicated to helping people with disabilities succeed in the workplace.

Stay in control of your benefits.
Controlling
benefits

is important. Ticket to Work lets you consider work options while keeping benefits until you are able to support yourself.

Achieve greater personal satisfaction. Helping you maximize your earning potential and attain greater self-sufficiency are key goals for Ticket to Work. We will help you increase your confidence level by working and learning new skills, all while finding a work solution that works for you.

Take advantage of the safety net. Ticket to Work makes it easy for you to get back on benefits when and if needed.

Explore your work options. Learn more about Social Security's Ticket to Work program.

Opportunities for EN Success

Service providers succeed when they become part of the Ticket to Work program. Social Security helps you gain easier access to beneficiaries who are eligible to participate in the Ticket to Work program. We have increased how much and how often you get paid when you help beneficiaries reach their employment goals and achieve self-sufficiency.

Any public or private organization that has agreed to work with Social Security to provide employment services to beneficiaries with disabilities can become an Employment Network (EN).

Increase your bottom line. It is easier than ever for ENs to participate in the Ticket to Work Program. You can use the program as an additional revenue source.

Gain easier access to beneficiaries. All beneficiaries over the age of 18 are now eligible to participate in Ticket to Work, and our outreach initiatives are driving and matching them to ENs

in their communities. More interested beneficiaries mean more opportunities for you.

Expand and diversify business connections.

We provide opportunities for ENs to connect and partner with other organizations. Collaboration with Vocational Rehabilitation (VR) agencies is encouraged. And now, both EN and VR agencies get paid for their services when helping beneficiaries explore work options.

Provide timely and responsive support. A streamlined application and improved customer service make it easy for organizations like yours to become an EN. Our Help Desk features specialists who are available to answer questions.
