Summer 2009 AES*PcLink* Certification Workshops

Presented and Sponsored by ONPOINT SOLUTIONS GROUP, INC.

Get Certified Training on AES*PcLink*!

Learn how to successfully file your Electronic Export information (EEI) via the Windows-based desktop PC component, **AES*PcLink*** and **comply with the new Foreign Trade Regulation (FTR) requirements.**

On October 1, 2008, the U.S. Census Bureau began requiring mandatory filing of export information through the **Automated Export System (AES)** or through the online AES*Direct* program for all shipments where a paper Shipper's Export Declaration (SED) was previously required.

Avoid Costly Fines, Penalties and Seizures

In accordance with the FTR, all parties to the export transaction are subject to fines and penalties ranging from $1,000 to $10,000 for false filing or reporting inaccurate data of export information and/or using AES to further any illegal activity.

Attend Our Summer 2009 AES*PcLink* Workshops

Our **AES*PcLink*** workshops are hands-in, interactive computer based training events that will walk you through filing your EEI via the AES. **As a bonus, we are also including an FTR component.**

Attend our workshops and you'll also **gain an insight into the new FTR requirements from a real-world practitioner** with **tips on how to comply with** the **new regulations, avoid potential penalties** and **seizures,** how to handle **Schedule B** and **documentation issues, receive additional compliance materials and more!**

Our workshops are tailored to provide you with the most cost effective AES and compliance training solution to help you become or maintain your AES and FTR compliance.

About The Instructors

Each AES*PcLink* session will have a representative from the U.S. Census Bureau, Foreign Trade Division, AES Branch cover AES*PcLink* and a representative from OnPoint Solutions Group, Inc. will cover FTR, EAR and ITAR compliance as applicable to AES.

Who Should Attend?

U.S. Principal Parties in Interest, Freight Forwarders, Consolidators, Customs Brokers, Carriers, Manufacturers, Suppliers, Vendors, Export Managers, Logistics Supervisors, Contracts personnel and any other persons involved and responsible for export documentation and the reporting export information.
