Acting Director

1. PURPOSE:

The purpose of this AAPD is to provide clauses to be included as new standard provisions for assistance agreements and contracts that include HIV/AIDS funds. These provisions: (i) permit recipients to not endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to not endorse, utilize or participate in a prevention method or treatment program to which the organization has a religious or moral objection; (ii) prohibit the funds provided under the agreement to be used to promote the legalization or practice of prostitution or sex trafficking; and (iii) require recipients to agree that they oppose prostitution and sex trafficking.

2. BACKGROUND:

The United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003, Pub.L. No. 108-25 (2003) (the “AIDS Authorization”) authorizes funds to be appropriated for HIV/AIDS activities for the fiscal years 2004-2008. The AIDS Authorization includes, among other things, certain restrictions on the use of HIV/AIDS funds, and requires recipients of those funds to have certain policies in place. It also permits an organization to receive funds even if such organization cannot endorse, utilize or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

Section 301 of the AIDS Authorization, entitled “Assistance to Combat HIV/AIDS,” includes the following provisions:

“(d) ELIGIBILITY FOR ASSISTANCE- An organization that is otherwise eligible to receive assistance under section 104A of the Foreign Assistance Act of 1961 (as added by subsection (a)) or under any other provision of this Act (or any amendment made by this Act) to prevent, treat, or monitor HIV/AIDS shall not be required, as a condition of receiving the assistance, to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

(e) LIMITATION. – No funds made available to carry out this Act, or any amendment made by this Act, may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and when proven effective, microbicides.

(f) LIMITATION. – No funds made available to carry out this Act, or any amendment made by this Act, may be used to provide assistance to any group or organization that does not have a policy explicitly opposing prostitution and sex trafficking.”

The Consolidated Appropriations Act of 2004 and 2005, Division D – Foreign Operations, Export Financing, and Related Programs Appropriations (“FY 04 and FY 05 Appropriations Acts”), Title II – Bilateral Economic Assistance, United States Agency for International Development, Child Survival and Health Programs Fund include the following provision, “That information provided about the use of condoms as part of projects or activities that are funded from amounts appropriated by this Act shall be medically accurate and shall include the public health benefits and failure rates of such use.”

In addition, the FY 04 Appropriations Act amended section 301(f) of the AIDS Authorization by exempting the Global Fund to Fight AIDS, Tuberculosis and Malaria, the World Health Organization, the International AIDS Vaccine Initiative and any “United Nations agency” from that section. The Statement of Managers of the FY 04 Appropriations Act states that the conferees “intend that for purposes of this provision, the World Health Organization includes its six regional offices: The Americas (PAHO); South-East Asia (SEARO); Africa (AFRO); Eastern Mediterranean (EMRO); Europe (EURO); and Western Pacific (WPRO).”

Although the above-named public international organizations are exempt from section 301(f) of the AIDS Authorization, they are subject to the AAPD 05-04 clauses that implement sections 301(d) and (e) of the AIDS Authorization. However, this AAPD does not apply to USAID contributions to multidonor trust funds, such as to the Trust Fund for the Global Fund to Fight AIDS, Tuberculosis and Malaria.

Consistent with guidance from the U.S. Department of Justice, the AAPD 05-04 clauses that implement section 301(f) of the AIDS Authorization now apply to U.S. organizations as well as foreign organizations.

Prior to receiving HIV/AIDS funds under a grant or cooperative agreement, U.S. and non-U.S. non-governmental organizations that are prime recipients must provide a certification that they are in compliance with the standard provisions “Condoms” and “Prohibition on the Promotion or Advocacy of the Legalization or Practice of Prostitution or Sex Trafficking” that appear below. USAID intends to require prime contractors to provide a similar certification and is currently seeking the approval of the Federal Acquisition Regulation Council to do so. Pending such approval, USAID will not require contractors to provide a certification.

OMB has approved the Agency’s information collection request under the Paperwork Reduction Act, allowing USAID to implement the above stated requirements in conformity with the Paperwork Reduction Act. Therefore, USAID will require (i) U.S. and non-U.S. nongovernmental organizations, certain public international organizations and contractors and subcontractors to have a policy explicitly opposing prostitution and sex trafficking; (ii) U.S. and non-U.S. non-governmental organizations receiving HIV/AIDS funds under a grant or cooperative agreement to provide a certification that they are in compliance with the standard provisions “Condoms” and “Prohibition on the Promotion or Advocacy of the Legalization or Practice of Prostitution or Sex Trafficking”

that appear below; and (iii) all recipients of HIV/AIDS fund to ensure that information provided about the use of condoms as part of projects funded from such monies shall be medically accurate and include the public health benefits and failure rates of such use and shall be consistent with USAID's fact sheet entitled, "USAID: HIV/STI Prevention and Condoms." (OMB No.: 0412-0568)

3. GUIDANCE:

A. For Assistance Awards (grants and cooperative agreements) to U.S. non-governmental, non-U.S. non-governmental, and Public International Organizations (PIOs):

I. Eligibility

The following provisions must be included in each new Request for Applications (RFA) and Annual Program Statement (APS) utilizing HIV/AIDS funding. When designing a program for HIV/AIDS the SO Team or requiring office must be mindful of the first clause below. The evaluation criteria should not give any special advantage to an organization that endorses or utilizes a multisectoral approach (multisectoral in the legislation refers to Abstinence, Be Faithful/Behavior Change, and Condoms).

These provisions also must be included in the Standard Provisions of any new grant or cooperative agreement to a public international organization or a U.S. or non-U.S. non-governmental organization financed with FY04-FY08 HIV/AIDS funds or modification to an existing grant or cooperative agreement that adds FY04-FY08 HIV/AIDS funds.

"ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (ASSISTANCE) (JUNE 2005)

An organization that is otherwise eligible to receive funds under this agreement to prevent, treat, or monitor HIV/AIDS shall not be required to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

CONDOMS (ASSISTANCE) (JUNE 2005)

Information provided about the use of condoms as part of projects or activities that are funded under this agreement shall be medically accurate and shall include the public health benefits and failure rates of such use and shall be consistent with USAID's fact sheet entitled, "USAID: HIV/STI Prevention and Condoms. The following must be included in the Standard Provisions of any grant or cooperative agreement or subagreement funded with FY04-FY08 HIV/AIDS funds with a U.S. nongovernmental organization, non-U.S., non-governmental organization or public international organizations.

“PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING (ASSISTANCE) (JUNE 2005)

(a) The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(b) Except as noted in the second sentence of this paragraph, as a condition of entering into this agreement or any subagreement, a non-governmental organization or public international organization recipient/subrecipient must have a policy explicitly opposing prostitution and sex trafficking. The following organizations are exempt from this paragraph: the Global Fund to Fight AIDS, Tuberculosis and Malaria; the World Health Organization; the International AIDS Vaccine Initiative; and any United Nations agency.

(c) The following definition applies for purposes of this provision:

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act. 22 U.S.C. 7102(9).

(d) The recipient shall insert this provision, which is a standard provision, in all subagreements.

(e) This provision includes express terms and conditions of the agreement and any violation of it shall be grounds for unilateral termination of the agreement by USAID prior to the end of its term.

(End of Provision)”

III. Certification

This certification requirement only applies to the prime recipient. Before a U.S. or non-U.S. non-governmental organization receives FY04-FY08 HIV/AIDS funds under a grant or cooperative agreement, such recipient must provide to the Agreement Officer a certification substantially as follows:

“[Recipient's name] certifies compliance as applicable with the standard provisions entitled “Condoms” and “Prohibition on the Promotion or Advocacy of the Legalization or Practice of Prostitution or Sex Trafficking” included in the referenced agreement.”

B. For Contracts:

I. Eligibility

The following provisions must be included in each new solicitation and contract utilizing FY04-FY08 HIV/AIDS funding. When designing a program for HIV/AIDS the SO Team or requiring office must be mindful of the first clause below. The evaluation criteria should not give any special advantage to an organization that endorses or utilizes a multisectoral approach (multisectoral in the legislation refers to Abstinence, Be Faithful/Behavior Change, and Condoms).

In addition, these provisions are to be included when any existing contract is amended to add FY04-FY08 HIV/AIDS funding.

“ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (ACQUISITION) (JUNE 2005)

An organization that is otherwise eligible to receive funds under this contract to prevent, treat, or monitor HIV/AIDS shall not be required to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

**“PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE
LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING
(ACQUISITION) (JUNE 2005)**

This Act enunciates that the U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. The contractor shall not use any of the funds made available under this contract to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(b) Except as provided in the second sentence of this paragraph, as a condition of entering into this contract or subcontract, a non-governmental organization or public international organization contractor/subcontractor must have a policy explicitly opposing prostitution and sex trafficking.
