Dear Applicant:

The Secretary invites new applications under the Rehabilitation Short-term Training: Client Assistance Program. Please take a few moments to read this letter carefully as it includes important information related to the grant competition.

This competition focuses on the training needs of client assistance programs (CAPs). Applications must address the following absolute priority:

A project must –

- Provide training to Client Assistance Program (CAP) personnel on an as-needed basis, including –
 - (1) Management training on skills needed for strategic and operational planning and direction of CAP services;
 - (2) Advocacy training on skills and knowledge needed by CAP staff to assist persons with disabilities to gain access to and to use the services and benefits available under the Rehabilitation Act of 1973, as amended, with particular emphasis on new statutory and regulatory requirements;
 - (3) Systemic advocacy training on skills and knowledge needed by CAP staff to address programmatic issues of concern;
 - (4) Training and technical assistance on CAP best practices; and
 - (5) Training on skills and knowledge needed by CAP staff to perform additional responsibilities required by the Workforce Investment Act of 1998, as amended.
- Coordinate training efforts with other training supported by the Center for Mental Health Services Administration, as well as with the training supported by the Center for Mental Health Services and the Administration on Development Disabilities on common areas such as protection and advocacy, financial management, and trail advocacy.
- Include both national and regional training seminars in each project year.

There are several factors that will result in automatic rejection of your application. Please be sure your application addresses each appropriately:

- Part III of the application narrative, is where you, the applicant, address the selection criteria used by reviewers in evaluating the application. The applicant must limit Part III to the equivalent of no more than 45 pages, using the following standards:
 - (1) A “page” is 8.5” x 11”, on one side only with 1” margins at the top, bottom, and both sides.
 - (2) You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

If you use a proportional computer font, you may not use a font smaller than a 12-point font or an average character density greater than 18 characters per inch. If you use a nonproportional font or a typewriter, you may not use more than 12 characters per inch.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the

narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all of the application narrative in Part III.

If, in order to meet the page limit, you use print size, spacing, or margins smaller than the standards specified in this notice, the Secretary will not consider your application for funding.

Please remember that peer reviewers are instructed that appendix material is to be considered supplemental material to support or show evidence supporting statements made in the narrative. They are neither requested nor expected to consider appendix material in rating applications.

You are required to allow your State Vocational Rehabilitation agency an opportunity to review and comment on your application. Please be sure that this requirement is documented in your application. **Failure to comply with this requirement will also result in rejection of your application.**

All applicants in this competition should budget for a project director's orientation to be held in Washington, D.C., in October of 2005 (tentative). This meeting is usually held in conjunction with the National Rehabilitation Education Conference (jointly sponsored by RSA, the National Council on Rehabilitation Education and The Council of State Administrators of Vocational Rehabilitation). Grantees are encouraged to attend the National Rehabilitation Education Conference annually, and may use project funds for this purpose.

Applications for new projects in response to this announcement should become familiar with the selection criteria contained in this application kit (see Section F). These criteria will be used by reviewers and Rehabilitation Services Administration (RSA) staff to evaluate all applications. Your application should respond to each identified criterion since failure to do so will put your application at a significant disadvantage.

Reviewers of applications report that an application written in a format that follows the peer review criteria and contains a separate budget section, greatly facilitates the review process. Such a format would appear as follows:

SECTION A: Application face page

SECTION B: Budget pages/budget narrative

SECTION C: Abstract (one page)

SECTION D: Narrative (not to exceed 45 pages):

- Significance
- Relevance To State/Federal Rehabilitation Services Programs
- Quality of the Project Design
- Quality of Project Services
- Quality of the Project Evaluation
- Quality of the Management Plan
- Quality of Project Personnel
- Adequacy of Resources

SECTION E: Appendices (assurances/certifications, one-page resumes, bibliography, letters of support, etc)

Cost-sharing of at least ten percent of the total cost of the project is required of grantees

under the Rehabilitation Training Program. Under 34 CFR 75.562, it is not possible for grantees to identify the difference between a negotiated indirect cost rate and the eight percent maximum indirect cost rate applicable to training grants as the non-Federal share of the cost of a project.

EDUCATION DEPARTMENT GENERAL ADMINISTRATIVE REGULATIONS (EDGAR)

Rehabilitation Training Program grants are subject to the requirements of the Education Department General Administrative Regulations at 34 CFR Parts 74, 75, 77, 79, 80, 81, 82, 85, and 86. These regulations set forth all general rules affecting application submittal, review, grant awarding, and post-award administration of Department of Education grant programs.

The Short-term Training Program is subject to the requirements for “Intergovernmental Review of Department of Education Programs and Activities,” found at 34 CFR Part 79 EDGAR. If your State has established a process for intergovernmental review, you must use that process. Applicants should review the material in this kit for information on the intergovernmental review process.

APPLICATION PROCEDURES

Applicants for multi-year projects are required to provide detailed budget information for each of the five project years. The Department will determine at the time of the initial award, the funding levels for each year of the grant award. RSA requires annual Performance and financial status reports, and uses those reports to determine progress and to make a decision as to whether or not to continue funding the project. These reports must be submitted to the designated RSA Project Officer.

APPLICATION TRANSMITTAL INSTRUCTIONS

Applications for grants under this competition must be submitted electronically using the Electronic Grant Application System (e-Application) accessible through the Department’s E-Grants System. The E-Grants System is accessible through its portal page at <http://e-grants.ed.gov> . If you are unable to submit an application through the E-Grants System, you may submit a written request for a waiver of electronic submission requirement. The goal of the Rehabilitation Short-Term Training -- Client Assistance Program is to upgrade the skills of staff currently employed by CAPs, to educate CAP staff on new program developments, and to develop staff skills in strategic and operational planning and direction of CAP services. In order to measure the success of the grantee in meeting this goal, the CAP training grantee is required to conduct an evaluation of the training activities provided. In annual performance reports, the grantee is required to provide specific information on the number

of training activities, the topics of each training program, the number of participants served, the target groups represented by participants, and summary data from participant evaluations. This information allows the training grantee to measure results against the goal of enhancing the skills and knowledge of personnel currently employed by CAPs. RSA is in the process of developing a uniform data collection instrument for future use to collect these data directly from the grantee.

Definitions for Form ED 424

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) *If an activity involves obtaining information about a living*

person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the***

investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 13 on the ED 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked “Yes” for item 13 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 13 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB)

has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Section B - Budget Summary Non-Federal Funds

If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement

Additional Indirect Cost Information and Example for Training Grants

If you are applying for a discretionary grant that the U.S. Department of Education considers to be a “Training grant,” your indirect cost reimbursement is limited. See the Education Department General Administration Regulations (EDGAR), 34 CFR 75.562, Indirect cost rates for educational training projects at: <http://www.ed.gov/policy/fund/reg/edgarReg/edlite-part75e.html>

Indirect cost reimbursement on ED training grants is limited to the grantee’s actual indirect costs as determined by the grantee’s negotiated indirect cost rate agreement or 8% of a modified total direct cost base, **whichever is less**. Indirect costs in excess of the 8% limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

For the purposes of calculating indirect costs for training grants, EDGAR, §75.562(c), defines a modified total direct cost base as:

“total direct costs less stipends, tuition and related fees, and capital expenditures of \$5,000 or more.”

Note: This limitation on indirect cost reimbursement for training grants does not apply to agencies of State or local governments, including federally recognized Indian tribal governments. However, the 8% limit applies to cost-type contracts under grants, if these contracts are for training as defined in EDGAR, §75.562(a).

Below is a simplified example for calculating indirect costs for a training grant using the budget categories from the ED 524 form, Budget Information – Non-construction Programs. The ED 524 and Instructions can be found at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>

For the purposes of this example, 8% of a modified total direct cost base is used to calculate indirect costs.

1. Personnel	174,000
2. Fringe Benefits	50,000
3. Travel	10,000
4. Equipment	8,200
5. Supplies	920
6. Contractual	4,900
7. Construction	-
8. Other (Tuition)	5,400
9. Total Direct Costs	253,420

Calculate Modified Total Direct Cost Base

Total Direct Costs 253,420

Less:

Equipment 8,200

Tuition 5,400

13,600

Modified Total Direct Cost Base:	239,820

Multiply \$239,820 by 8%: 19,186

IMPORTANT INFORMATION AND NOTICES

NOTICE REGARDING SUBMISSION OF TRAINING MATERIALS TO THE NATIONAL CLEARINGHOUSE OF REHABILITATION TRAINING MATERIALS

For a number of years the Rehabilitation Services Administration (RSA) has provided funding for a National Clearinghouse Rehabilitation Training Materials (NCHRTM). The purpose of the NCHRTM is to provide training materials that would benefit rehabilitation personnel. NCHRTM promotes a computerized on-line catalog of RSA training materials by circulation of its materials collection through electronic catalogs and inventory systems.

The success of the NCHRTM depends largely upon training projects sharing their materials with the NCHRTM. To this end, RSA requires training grantees to submit any training materials developed for their projects to:

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct

description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1890-0007**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** Director, Grants Policy and Oversight Staff, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202-4250.

NOTICE TO ALL APPLICANTS:
The Government Performance and Results Act (GPRA)
What is GPRA?

The Government Performance and Results Act (GPRA) of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In doing so, it is expected that GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the United States Department of Education Responded to the GPRA Requirements?

As required by GPRA, the United States Department of Education (the Department) has prepared a strategic plan for 1998-2002. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the United States. The Department's goals, as listed in the plan, are:

Goal 1: Help all students reach challenging academic standards so that they are prepared for responsible citizenship, further learning, and productive employment.

Goal 2: Build a solid foundation for learning for all children.

Goal 3: Ensure access to postsecondary education and lifelong learning.

Goal 4: Make the United States Department of Education a high performance organization by focusing on results, service quality, and customer satisfaction.

**IMPORTANT NOTICE TO PROSPECTIVE PARTICIPANTS
IN U.S. DEPARTMENT OF EDUCATION
GRANT AND CONTRACT PROGRAMS**

GRANTS

Applicants for grants from the U.S. Department of Education (ED) have to compete for limited funds. Deadlines assure all applicants that they will be treated fairly and equally, without last minute haste. For these reasons, ED must set strict deadlines for grant applications. Prospective applicants can avoid disappointment if they understand that:

Failure to meet a deadline will mean that an applicant will be rejected without any consideration.

The rules, including the deadline, for applying for each grant are published, individually, in the Federal Register. A one-year subscription to the Register may be obtained by sending \$555.00 to: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402-9371. (Send check or money order only, no cash or stamps.) In addition, the Federal Register is available on-line for free on Government Printing Office (GPO) Access: <http://www.gpoaccess.gov/fr/index.html>. Depository Library location and Federal Register services: <http://www.archives.gov/>.

The instructions in the Federal Register must be followed exactly. Do not accept any other advice you may receive. No ED employee is authorized to extend any deadline published in the Register. No ED employees are authorized to extend any deadline published in the Federal Register. Questions regarding submission of applications may be addressed to:

CONTRACTS

Competitive procurement actions undertaken by the ED are governed by the Federal Acquisition Regulations and implementing Department of Education Acquisition Regulations.

Generally, prospective competitive procurement actions are synopsisized in the Commerce Business Daily (CBD). Prospective offerors are therein advised of the nature of the procurement and where to apply for copies of the Request for Proposals (RFP). All of ED's RFP's are now available on-line for downloading at the following url: <http://www.ed.gov/offices/ocfo/contracts/currfrfp.html>.

Offerors are advised to be guided solely by the contents of the CBD synopsis and the instructions contained in the RFP. Questions regarding the submission of offers should be addressed to the Contracts Specialist identified on the face page of the RFP. Offers are judged in competition with others, and failure to conform with any substantive requirements of the RFP will result in rejection of the offer without any consideration whatever.

Do not accept any advice you receive that is contrary to instructions contained in either the CBD synopsis or the RFP. No ED employee is authorized to consider a proposal which is non-responsive to the RFP. A subscription to the CBD is available for \$208.00 per year via second class mailing or \$261.00 per year via first class mailing. Information included in the Federal Acquisition Regulation is contained in Title 48, Code of Federal Regulations, Chapter 1 (\$49.00). Appendix

Intergovernmental Review of Federal Programs

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the Executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State's process under Executive Order 12372.

Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each of those States under the Executive order. A listing containing the Single Point of Contact for each State is included in this appendix.

In States that have not established a process or chosen a program for review, State, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, areawide, regional, and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7W301, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, DC time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS.

STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2004 the Federal Government will outlay \$400 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided on the official version: <http://www.whitehouse.gov/omb/grants/spoc.html>.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of these States, you may still send application materials directly to a Federal awarding agency.

Contact information for Federal agencies that award grants can be found in [Appendix IV of the Catalog of Federal Domestic Assistance](http://www.cfda.gov/public/cat-app4-index.htm). [<http://www.cfda.gov/public/cat-app4-index.htm>]

Survey on Ensuring Equal Opportunity for Applicants

Purpose: The Federal government is committed to ensuring that all qualified applicants, small or large, non-religious or faith-based, have an equal opportunity to compete for Federal funding. In order for us to better understand the population of applicants for Federal funds, we are asking nonprofit private organizations (not including private universities) to fill out this survey.

While your help in this data collection process is greatly appreciated, completion of this survey is voluntary.

Instructions for Submitting the Survey: If you are applying using a hard copy application, please place the completed survey in an envelope labeled "Applicant Survey." COMMON QUESTIONS AND ANSWERS

[Below are some examples of Q's & A's that programs may include in their application booklets. Programs may want to add others. Generally speaking, Q's & A's should not repeat information that is given elsewhere in the application. However, there may be exceptions to this "rule of thumb." Q's & A's should not be subregulatory and should not take the place of instructions.]

Q. What happens to my application after it is received in the Department?

A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all eligible applications sent to a program competition, ranks them and recommends the highest ranked applications for funding with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts. RSA Training Division staff discuss the recommendations with the successful applicants and awards the grants.

Q. What happens to my application if the Department finds it to be ineligible?

A. The Department immediately returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

Q. How does the Department review an application?

A. Each application is assessed by knowledgeable persons from outside and sometimes inside the Department who are asked for their judgments about the quality and significance of the proposed project. These persons represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff that comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the responsible official responsible for the program who approves the recommendations for funding.

Q. What Criteria do the reviewers use when scoring an application?

A. Reviewers score each application using the selection criteria published in the Federal Register as part of the program regulations, which are given in Section F of this application package. Reviewers are instructed to use only the published criteria.

Q. Is a recommended application guaranteed funding?

A. No. Funding is not final until discussions have been successfully concluded and a grant award notification has been signed by the grants office and mailed to the applicant.

Q. How long does it take the Department to complete the review process?

A. Most review processes take from four to six months.

Q. How does the *invitational, competitive and absolute* priorities differ?

✓ **Invitational Priority**

The Secretary may simply invite applicants to meet a priority. However, an application that addresses invitational priorities receives no competitive or absolute preference over applications that do not meet this priority.

✓ **Competitive Priority**

If a program uses weighted selection criteria, the Secretary may award selection points to an application that meets the priority. These points are in addition to any points the application earns under the selection criteria. The notice states the maximum number of additional points that the Secretary may award to applications that meet the priority in a particularly effective way. Or the Secretary may simply select applications that meet the competitive priority over applications of comparable merit that do not meet the priority.

✓ **Absolute Priority**

Under an absolute priority, the Secretary may select for funding only those Applications that meet the priority.

Q. Can changes in the size of subsequent year awards be made after the multi-year budget has been negotiated?

A. Yes, a grantee can renegotiate his or her multi-year budget and may be awarded additional funds if sufficient justification is presented to the Secretary and funds are available. Also, funds can be decreased if it is determined that the multi-year budget was overestimated.

Q. How will funding continuation decisions be made if the Department is phasing out the use of non-competing continuation applications after fiscal year 1995?

A. Grantees will be required to complete annual performance reports that describe the projects' accomplishments, evaluations, and finances. These performance reports, along with other information, will be used by the Department to decide whether to continue funding projects.

DUNS Number Instructions

D-U-N-S No.: Please provide the applicant's D-U--N-S Number. You can obtain your D-U-N-S Number at not charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

<http://www.dnb.com/dbis/about/intlduns.htm>

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

DUN & Bradstreet, a global information services provider, has assigned D-U-N-S number to over 43 million companies worldwide.
