

842 Certified Community Development Financial Institutions as of 5/1/2009

The following organizations have been certified by the Community Development Financial Institutions Fund (Fund) as Community Development Financial Institutions (CDFIs). The organizations are presented alphabetically by state and city.

Certification as a CDFI means that an organization meets the CDFI eligibility requirements. The CDFI eligibility requirements are set forth in the CDFI program regulations at 12 CFR § 1805.200 and are more fully described at 12 CFR § 1805.201. These requirements relate to an organization being a legally existing entity, having a primary mission of promoting community development, principally serving and maintaining accountability to an eligible target market(s), being a financing entity, providing development services, and not being either a government entity or controlled by a government entity. Certification does not constitute an opinion by the Fund as to the effectiveness or financial viability of the certified organization.

Organizations may apply for certification at any time. Once certified, an organization's certification lasts for three years from the date of certification. A certified organization should submit its application for recertification no later than three months prior to the certification expiry date. As long as an organization continues to meet all six certification requirements, there is no limit to the number of times an applicant may be recertified. Organizations seeking certification or recertification may complete either the stand-alone certification application or the Certification Materials section of a CDFI Fund funding application. Both the stand-alone certification application and the funding applications are available on the Fund's web site (www.cdfifund.gov).

If you do not see an organization on this list, call the Fund at (202) 622-8662 to see if the organization has recently been certified or is under review.

Certified Community Development Financial Institutions - Alphabetical By Organization
