§ 1.6655-5

its aggregate payments to the minimum level required under paragraph (c) of this section.

(iii) X may satisfy the requirements of paragraph (c)(3) of this section by making a second installment payment sufficient to bring X within the exception provided in section 6655(d)(3). Thus, if X determines under that section that the aggregate of X's installment payments of estimated tax by July 15, 1987, must equal at least \$3,000,000, X may obtain the benefit of the safe harbor provided in paragraph (b)(1) of this section with respect to the May 15, 1987, installment payment by making a timely second installment payment of \$1,962,164 (\$3,000,000—\$1,037,836).

(iv) Even if X fails to satisfy the requirements of paragraph (c)(3) of this section, X may obtain the benefit of the safe harbor for the May 15, 1987, installment payment if X's second installment payment, when aggregated with the first payment, equals at least 45 percent of the tax (including the alternative minimum tax under section 55 and the environmental tax under section 59A) shown on X's return for X's taxable year beginning on February 1, 1987. Thus, if the tax shown on that return is \$6,000,000, X's second installment payment under paragraph (c)(4) of this section must be at least \$1,662,164, computed as follows:

45 percent of \$6,000,000	\$2,700,000
less first payment	1,037,836
Minimum second installment	\$1,662,164

§ 1.6655-3 Short taxable years in the case of corporations.

(a) *In general.* The provisions of section 6655, with certain modifications relating to the application of subsection (d) thereof, which are explained in paragraph (b) of this section, are applicable in the case of a short taxable year for which a declaration is required to be filed. (See § 1.6016-4 for requirement of declaration for short taxable year.)

(b) *Rules as to application of section 6655(d).* In any case in which the taxable year for which an underpayment of estimated tax exists is a short taxable year due to a change in annual accounting periods, in determining the tax:

(1) Shown on the return for the preceding taxable year (for purposes of section 6655(d)(1));

(2) Based on the current year's rates but otherwise on the basis of the facts shown on the return for the preceding

taxable year and the law applicable to such year (for purposes of section 6655(d)(2)); or

(3) Computed by placing taxable income for a portion of the current year on an annual basis under section 6655(d)(3);

the tax will be reduced by multiplying it by the number of months in the short taxable year and dividing the resulting amount by 12. The application of the exception provided in section 6655(d)(3) shall be determined as if the estimated tax were 70 percent of the tax so reduced.

(c) *Preceding taxable year a short taxable year.* If "the preceding taxable year" referred to in section 6655(d)(2) was a short taxable year, the tax computed on the basis of the facts shown on the return for such preceding year, for purposes of determining the applicability of the exception described in section 6655(d)(2), shall be the tax computed on the annual basis in the manner described in section 443(b)(1) (prior to its reduction in the manner described in the last sentence thereof). If the tax rates for the taxable year with respect to which the underpayment occurs differ from the rates applicable to the preceding taxable year, the tax determined in accordance with the preceding sentence shall be recomputed using the rates applicable to the year with respect to which the underpayment occurs.

§ 1.6655-5 Addition to tax on account of excessive adjustment under section 6425.

(a) *In general.* (1) Section 6655(g) imposes an addition to the tax under chapter 1 of the Code in the case of any excessive amount (as defined in subparagraph (3) of this paragraph) of an adjustment under section 6425 which is made before the 15th day of the third month following the close of a taxable year beginning after December 31, 1967.
