

# 3rd International Meeting on Indigenous Child Health: Many Voices Into One Song

March 6 - 8, 2009 / The Hotel Albuquerque / Albuquerque, New Mexico

Held in conjunction with the  
1st International Meeting on  
Indigenous Women's Health  
on March 4-6, 2009.

For updated conference  
information, visit  
[www.aap.org/nach](http://www.aap.org/nach)  
or [www.cps.ca](http://www.cps.ca)

**T**he American Academy of Pediatrics (AAP) and the Canadian Paediatric Society (CPS) have long advocated for the improved healthcare of indigenous populations. Both organizations remain committed to increasing awareness of the major health disparities facing these populations, particularly children.

Building upon the success of the past two conferences, we are happy to bring you the 3<sup>rd</sup> International Meeting on Indigenous Child Health. The conference will be held on March 6-8, 2009 in Albuquerque, NM. The theme of the conference is "Many Voices Into One Song" and represents the concept that collaboration is key to ensuring the health of indigenous children. This conference will provide you with greater exposure to indigenous populations beyond the US and Canada, as exciting presentations from Australia and New Zealand are planned. In addition, the conference will include a joint programming day on March 6 with our OB/GYN and Women's Health colleagues to discuss topics of overlapping interest.

The conference is structured to give multiple opportunities to interact with professionals working on similar programs, expose you to model programs and practices that have proven successful in indigenous communities, and to provide those who may not currently work with indigenous populations an opportunity to become familiar with this unique population. We hope to see you in Albuquerque for this exciting meeting. You're sure to come away informed, empowered, and even more convinced that you truly **can** make a difference!

Sincerely,

David T. Tayloe, Jr, MD, FAAP  
President, American Academy of Pediatrics

Joanne Embree, MD, FRCPC  
President, Canadian Paediatric Society

## SPECIAL FEATURES

### Call for Abstracts

Opportunities for oral and poster presentation are available. Abstracts on all topics pertaining to indigenous child health are welcome. The deadline for abstract submission is **January 16, 2009**. For additional information about the Call for Abstracts, visit [www.aap.org/nach](http://www.aap.org/nach) or [www.cps.ca](http://www.cps.ca).

### Concurrent Workshop Sessions

In an effort to provide conference attendees with opportunities to learn in smaller group settings, concurrent workshop sessions have been scheduled during the conference. Registration for all sessions is managed on a first-come, first-serve basis. Therefore, participants are encouraged to register early.

### Roundtable Lunch

Looking for a good time to network with others who share common interests while at the International Meeting? Delegates who are interested in a structured opportunity for informal exchange of ideas should plan to join topic-specific roundtable discussions during Saturday's lunch, which will be held from 11 am – 12:30 pm. The cost of lunch is included in your conference registration fees, and sign-up will take place on-site.

### Social Function

Join us for a relaxing evening of cultural entertainment and an opportunity to network with conference delegates in a more informal atmosphere! This event will be held on-site at the conference hotel. Your evening will include dinner, and a performance by local indigenous entertainers. Be sure to attend this event and get a taste of indigenous culture in Albuquerque. There is an additional fee to attend this event.

## What is the 3<sup>rd</sup> International Meeting on Indigenous Child Health?

The purpose of this international collaborative conference is to focus on innovative clinical care models and community-based public health approaches for children and youth in indigenous communities in the US, Canada, and internationally. Opportunities will be provided to present and discuss successful projects and strategies, particularly related to addressing areas of health disparity for indigenous children and youth. Participants will have the opportunity to share, support, network, and build partnerships through a variety of educational formats.

### The Conference is Designed to:

1. Expand your awareness of the changing health needs of indigenous children and the unique solutions to addressing these needs.
2. Improve your understanding of traditional health and healing practices, and the importance of including the perspectives of those with this expertise in the provision of culturally competent care in indigenous communities.
3. Enhance your awareness of exemplary scholarly and community participatory research findings about the health and health care of indigenous populations.
4. Provide opportunities for you to identify potential collaborative partners and exchange information with others working with indigenous children and families.
5. Provide opportunities for indigenous students and trainees to gain new skills and insights to better respond to the determinants of indigenous child health
6. Enhance your understanding of the continued need for advocacy related to improving the health of indigenous children and their families.

## Schedule and Faculty

Schedules and faculty are subject to change because we are always striving to improve the quality of your educational experience. The CPS and AAP may substitute faculty with comparable expertise on rare occasions necessitated by illness or scheduling conflicts.

## Faculty Disclosure

The AAP and CPS Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP/CPS CME activities. All individuals in a position to influence and/or control the content of AAP/CPS CME activities are required to disclose to the AAP/CPS and subsequently to learners that the individual either has no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual's confirmation of service at an AAP/CPS CME activity. Beyond disclosure of financial relationships, AAP/CPS CME faculty are required to disclose to the AAP/CPS and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical. The AAP/CPS are committed to providing learners with commercially unbiased CME activities.

The content of this CME activity does not necessarily reflect the views or policies of the AAP/CPS.

## 3rd International Meeting on Indigenous Child Health: Many Voices Into One Song

**March 6 - 8, 2009 / Albuquerque, NM**

Join the Canadian Paediatric Society and the American Academy of Pediatrics, in cooperation with the Indian Health Service and the First Nations Inuit Health Branch, Health Canada, for the 3rd International Meeting on Indigenous Child Health. Child health providers and researchers dedicated to working with American Indian, Alaska Native, First Nations, Inuit, and Métis children and families are encouraged to attend. Participants will have the opportunity to share model programs and research, and develop practical skills that can be utilized in community settings.
