Hosted By:

The New Jersey Turnpike Authority
for the Garden State Parkway Preliminary Design & Environmental
Permitting, Parkway Shoulder Widening / Reconstruction
From Mile Post 83.6 to Mile Post 99.5

Date: January 27, 2009

Place: **Brick Township Municipal Building, 401 Chambers Bridge Rd.**
Brick Township, New Jersey 08723

Time: **4:30 – 7:00 pm**

The New Jersey Turnpike Authority is preparing the Preliminary Design & Environmental Permitting for the Garden State Parkway Shoulder Widening / Reconstruction MP 83.6 to 99.5 in Wall in Monmouth County, and Brick, Lakewood and Toms River Townships in Ocean County. The roadway will be constructed to include 12 foot travel lanes and 12 foot right and left shoulders. Preliminary Design is currently underway. Construction is planned to begin during 2011.

This is a public meeting and all are invited to attend. The Project Team, including members of the NJ Turnpike Authority staff, consultants and agencies will be available to answer questions and listen to comments or concerns.
