LIST OF ACRONYMS	ACRONYMS-1
EXECUTIVE SUMMARY	ES-1
EXECUTIVE SUMMARY	ES-1
Introduction	ES-1
Purpose of and Need for Action	ES-2
Planning Process and Public Collaboration (Scoping).....	ES-2
Need for Change Topics and Issue Identification.....	ES-2
Issue 1: Off-Highway Vehicle (OHV) Management	ES-3
Issue 2: Phosphate Mining and Selenium Release	ES-3
Issue 3: Public Access - Acquiring/Maintaining.....	ES-4
Issue 4: Recreation Management.....	ES-4
Issue 5: Sagebrush Ecosystems	ES-4
Issue 6: Socioeconomics.....	ES-4
Issues Considered but Not Further Analyzed	ES-4
Management Alternatives.....	ES-5
Alternative A (No Action Alternative).....	ES-6
Alternative B (PREFERRED ALTERNATIVE)	ES-6
Alternative C	ES-7
Alternative D	ES-7
Alternatives Considered but Not Analyzed in Detail	ES-8
Environmental Consequences	ES-8
Rationale for the Identification of the Preferred Alternative – Alternative B	ES-8
Addressing Relevant Issues in the Alternatives	ES-9
Consultation And Coordination.....	ES-13
Draft RMP/EIS Document Preparation and Preparers.....	ES-13
Comparison of Alternatives and Environmental Consequences	ES-16
1. INTRODUCTION	1-1
1.1 Overview	1-1
1.2 Purpose of and Need for Action	1-1
1.3 Description of the Planning Area	1-2
1.4 Scoping and Planning Issues	1-2
1.4.1 Scoping Process	1-2
1.4.2 Need for Change Topics.....	1-3
1.4.3 Issue Identification.....	1-4
1.4.4 Issues Considered but Not Further Analyzed.....	1-7
1.5 Planning Criteria.....	1-9
1.6 Planning Process.....	1-11
1.7 Collaboration	1-13
1.7.1 Intergovernmental and Interagency Relationships	1-13
1.8 Tribal Relationships and Tribal Rights and Interests	1-14
1.9 Relationship to BLM Policies, Plans, and Programs	1-14
1.10 Related Plans	1-16
1.11 Policy.....	1-17
1.12 Overall Vision.....	1-17

TABLE OF CONTENTS – VOLUME I

Section	Page
2. ALTERNATIVES.....	2-1
2.1 Introduction	2-1
2.2 How to Read This Chapter	2-3
2.3 Development of Alternatives	2-5
2.3.1 Alternatives Developed.....	2-6
2.4 General Description of Alternatives	2-7
2.4.1 Alternative A (No Action Alternative)	2-8
2.4.2 Alternative B (PREFERRED ALTERNATIVE).....	2-8
2.4.3 Alternative C.....	2-8
2.4.4 Alternative D.....	2-9
2.5 Alternatives Considered but Eliminated from Detailed Analysis	2-10
2.5.1 Exclusive Use or Protection.....	2-10
2.5.2 Designation of All Areas as either Open or Closed to Off-Highway Vehicle Use	2-10
2.5.3 Restoration of Crested Wheatgrass Seedings.....	2-10
2.5.4 Issuance of New Phosphate Leases.....	2-11
2.6 Management Guidance Common to All Alternatives	2-12
2.7 Management Guidance for Alternative A (No Action)	2-32
2.8 Management Guidance Common to Action Alternatives (Alternatives B, C, and D)	2-50
2.9 Management Guidance for Alternative B (PREFERRED ALTERNATIVE).....	2-57
2.10 Management Guidance for Alternative C	2-93
2.11 Management Guidance for Alternative D.....	2-124
2.12 Rationale for the Identification of the Preferred Alternative – (Alternative B)	2-144
2.13 Addressing Relevant Issues in the Alternatives.....	2-144
2.14 Comparison of Alternatives	2-149
2.15 Summary Comparison of Environmental Consequences	2-179
3. AFFECTED ENVIRONMENT.....	3-1
3.1 Introduction	3-1
3.2 Resources.....	3-1
3.2.1 Air Quality	3-2
3.2.2 Cultural Resources.....	3-6
3.2.3 Soils	3-11
3.2.4 Paleontological Resources	3-15
3.2.5 Vegetation	3-17
3.2.6 Fish and Wildlife.....	3-30
3.2.7 Special Status Species.....	3-41
3.2.8 Visual Resources.....	3-61
3.2.9 Water Resources.....	3-66
3.2.10 Wildland Fire Management.....	3-71
3.3 Resource Uses	3-77
3.3.1 Forestry	3-77
3.3.2 Lands and Realty.....	3-80
3.3.3 Livestock Grazing.....	3-88
3.3.4 Minerals and Energy	3-90
3.3.5 Recreation	3-111
3.4 Special Designations	3-120

TABLE OF CONTENTS – VOLUME I

Section	Page
3.4.1	Areas of Critical Environmental Concern and Research Natural Areas 3-120
3.4.2	Designated Watchable Wildlife Areas..... 3-125
3.4.3	Wild and Scenic Rivers..... 3-126
3.4.4	Eligibility Determinations..... 3-127
3.4.5	Suitability Determinations 3-128
3.4.6	Wilderness Study Areas 3-130
3.5	Socioeconomic Resources and Environmental Justice..... 3-131
3.5.1	Socioeconomic Resources 3-131
3.5.2	Environmental Justice..... 3-141

TABLE OF CONTENTS – VOLUME II

Section	Page
4. ENVIRONMENTAL CONSEQUENCES.....	4-1
4.1 Introduction	4-1
4.1.1 Analytical Assumptions	4-1
4.1.2 Types of Effects (Direct, Indirect, and Cumulative)	4-3
4.1.3 Projects that Contribute to the Cumulative Impact Scenario	4-3
4.1.4 Incomplete or Unavailable Information	4-8
4.2 Resources.....	4-10
4.2.1 Air Quality	4-10
4.2.2 Cultural Resources.....	4-22
4.2.3 Soils	4-40
4.2.4 Paleontological Resources	4-65
4.2.5 Vegetation	4-71
4.2.6 Fish and Wildlife.....	4-147
4.2.7 Special Status Species.....	4-178
4.2.8 Visual Resources.....	4-227
4.2.9 Water Resources.....	4-233
4.2.10 Wildland Fire Management.....	4-246
4.3 Resource Uses	4-265
4.3.1 Forestry	4-265
4.3.2 Lands and Realty.....	4-278
4.3.3 Livestock Grazing.....	4-296
4.3.4 Minerals and Energy	4-321
4.3.5 Recreation	4-362
4.4 Special Designations	4-377
4.4.1 Administrative Designations.....	4-377
4.5 Socioeconomics and Environmental Justice.....	4-392
4.5.1 Socioeconomics and Environmental Justice	4-392
4.6 Unavoidable Adverse Impacts	4-408
4.7 Irreversible and Irrecoverable Commitment of Resources.....	4-409
4.8 Relationship of Short-term Uses of the Environment to Long-term Productivity	4-411
5. CONSULTATION AND COORDINATION.....	5-1
5.1 Introduction	5-1
5.2 Public Collaboration and Outreach	5-1
5.2.1 Scoping Process	5-1
5.2.2 Project Web Site.....	5-3
5.2.3 Newsletters.....	5-3
5.3 Consultation and Coordination.....	5-3
5.3.1 Shoshone-Bannock Tribes	5-4
5.3.2 Federal and State Agencies	5-4
5.4 Distribution List.....	5-4
5.5 List of Preparers	5-4

GLOSSARY	GLOSSARY-1
INDEX.....	INDEX-1

LIST OF DIAGRAMS – VOLUME I

Diagram		Page
1-1	BLM Planning Process	1-12
2-1	Relationship of Individual Alternative Components	2-4
2-2	The Systematic Process of Adaptive Management to be Used to Evaluate How Well Management Actions Meet Objectives of the RMP.	2-7

LIST OF DIAGRAMS – VOLUME II

Diagram	Page
4.2.10-1 Low-Elevation Shrub, Perennial Grass, and Seedlings Types Departure in 30 Years.....	4-247
4.2.10-2 Mid-Elevation Shrub with Juniper Encroachment Type Departure in 30 Years.	4-247
4.2.10-3 Mountain Shrub Type Departure in 30 Years.....	4-248
4.2.10-4 Aspen/Aspen Conifer Mix/Dry Conifer Types Departure in 30 Years.....	4-248
4.2.10-5 Wet/Cold Conifer Type Departure in 30 Years.	4-249
4.2.10-6 Other/Vegetated Lava Type Departure in 30 Years.	4-249
4.2.10-7 Graphical Display of FRCC 1, 2 and 3, Representing the Percent Departure from the Historical Range of Variability for Fire Frequency-Severity and Vegetation-Fuels.....	4-251
4.3.5-1 Idaho OHV Registrations From 1973 Through 2003.	4-373

LIST OF TABLES – VOLUME I

Table	Page
ES-1	Acres of Land Status within the Planning Area ES-1
ES-2	Description of Need for Change/Management Direction by Resource/Use. ES-3
ES-3	Summary of OHV Designations by Alternative..... ES-10
ES-4	Comparison of Special Recreation Management Areas and Extensive Recreation Management Areas. ES-11
ES-5	Projected Acres of Shrub Steppe by Land Health Condition Class at Year 30. ES-12
ES-6	Comparison of Alternatives by Example Social and Economic Tradeoff Indicators. ES-13
ES-7	List of Draft RMP/EIS Preparers ES-14
ES-8	Summary Comparison of Alternatives ES-17
ES-9	Summary Comparison of Environmental Consequences ES-45
1-1	Acres of Land Status within the Planning Area 1-2
1-2	Description of Need for Change/Management Direction by Resource/Use. 1-4
1-3	Planning Criteria Summary 1-9
1-4	BLM Planning Process..... 1-13
1-5	Identification of Malad MFP and Pocatello RMP Plan Amendments and Other Documents Considered for Implementation Level Planning. 1-15
2-1	Management Guidance Common to All Alternatives. 2-12
2-2	Management Guidance for Alternative A (No Action)..... 2-32
2-2a	Existing Physical, Social and Administrative Settings for the Pocatello SRMA..... 2-43
2-2b	Existing Physical, Social and Administrative Settings for the Blackfoot River SRMA..... 2-45
2-3	Management Guidance Common to Action Alternatives (Alternatives B, C, and D). 2-50
2-4	Management Guidance for Alternative B. 2-57
2-4a	General Management Guidance and Targeted Outcomes for the Wolverine RMZ, Blackfoot River SRMA..... 2-74
2-4b	General Management Guidance and Targeted Outcomes for the Campground RMZ, Blackfoot River SRMA..... 2-75
2-4c	General Management Guidance and Targeted Outcomes for the Blackfoot Reservoir RMZ, Blackfoot River SRMA..... 2-76
2-4d	General Management Guidance and Targeted Outcomes for the Mid-River RMZ, Blackfoot River SRMA..... 2-77
2-4e	General Management Guidance and Targeted Outcomes for the Lower River RMZ, Blackfoot River SRMA..... 2-78
2-4f	General Management Guidance and Targeted Outcomes for the West Bench RMZ, Pocatello SRMA. 2-79
2-4g	General Management Guidance and Targeted Outcomes for the Blackrock RMZ, Pocatello SRMA. 2-80
2-4h	General Management Guidance and Targeted Outcomes for the Papoose RMZ, Pocatello SRMA. 2-81
2-4i	General Management Guidance and Targeted Outcomes for the East Bench RMZ, Pocatello SRMA. 2-82
2-4j	General Management Guidance and Targeted Outcomes for the Dispersed RMZ, Pocatello SRMA. 2-83
2-4k	General Management Guidance and Targeted Outcomes for the River RMZ, Oneida Narrows SRMA. 2-84
2-4l	General Management Guidance and Targeted Outcomes for the Oneida Reservoir RMZ, Oneida Narrows SRMA 2-85
2-5	Management Guidance for Alternative C. 2-93
2-5a	General Management Guidance and Targeted Outcomes for the Hawkins Reservoir RMZ of the Campground SRMA..... 2-114

LIST OF TABLES – VOLUME I

Table	Page
2-5b	General Management Guidance and Targeted Outcomes for the Goodenough RMZ of the Campground SRMA..... 2-115
2-5c	General Management Guidance and Targeted Outcomes for the Pipelien RMZ of the Campground SRMA..... 2-116
2-6	Management Guidance for Alternative D. 2-124
2-7	Summary of OHV Designations by Alternative..... 2-145
2-8	Comparison of Special Recreation Management Areas and Extensive Recreation Management Areas..... 2-147
2-9	Projected Acres of Shrub Steppe by Land Health Condition Class at Year 30. 2-147
2-10	Comparison of Alternatives by Example Social and Economic Tradeoff Indicators. 2-148
2-11	Summary Comparison of Alternatives. 2-151
2-12	Summary Comparison of Environmental Consequences. 2-181
3-1	Extent of Public Lands Described as Prime Farmland within the Pocatello Field Office Planning Area by County..... 3-13
3-2	Vegetation Types, Descriptions, and Acres Of Public Land..... 3-18
3-3	Percent Current Land Health Conditions By Vegetation Type..... 3-20
3-4	Riparian Types, Characteristic Native Vegetation and Associated Invasive/Noxious and Exotic Species..... 3-26
3-5	Growth Form and Treatment Method for Priority Noxious and Invasive Weed Species. 3-29
3-6	Vegetation Types by Acreage and Representative Wildlife Species. 3-31
3-7	Big Game Habitat..... 3-32
3-8	Fish Species within the Planning Area 3-39
3-9	BLM Special Status Species Ranking..... 3-41
3-10	Federally Listed Species in the Pocatello Field Office Area. 3-42
3-11	Sensitive Plant Species Known or Suspected to Occur in the Pocatello Field Office Area..... 3-44
3-12	Watch List Plant Species and Associated Vegetation Types. 3-46
3-13	BLM Listed Sensitive Fish and Wildlife Species in the Pocatello Field Office Area. 3-47
3-14	Pocatello Field Office Greater Sage-grouse Habitat (Acres). 3-53
3-15	Watersheds in the Pocatello Field Office Planning Area. 3-67
3-16	Listed 303(d) Water Bodies on Public Lands within the Planning Area. 3-69
3-17	Historical Fire Regimes..... 3-73
3-18	Current Fire Regime Condition Class By Vegetation Type..... 3-74
3-19	Planning Area Forest Lands Classifications. 3-78
3-20	Past Commercial Timber Harvesting on Public Lands. 3-79
3-21	Adjusted Grazing Allotments..... 3-89
3-22	PFO-Administered Leasable Phosphate Cases 3-94
3-23	BLM-Administered Phosphate Mines in the Pocatello Field Office Area..... 3-96
3-24	Recreation Opportunity Spectrum..... 3-111
3-25	Recreation Management Area Use in the Pocatello Field Office Area (October 1, 2002 – September 30, 2003). 3-113
3-26	Number of Travel Parties to the Planning Area Region by Season. 3-113
3-27	Recreation Management Areas and BLM Developed and Dispersed Use Sites..... 3-115
3-28	Current Off-Highway Vehicle Designations and Existing Routes on Planning Area Public Lands..... 3-118
3-29	Areas of Critical Environmental Concern and Research Natural Areas in the Planning Area. ... 3-122
3-30	County Population Estimates. 3-132
3-31	County Population Projections..... 3-132
3-32	County Housing Estimates 1990-2000..... 3-133
3-33	County Employment Statistics (2000). 3-134

LIST OF TABLES – VOLUME I

Table	Page
3-34	County Employment by Sector and Average Sector Growth..... 3-135
3-35	Per Capita Personal Incomes..... 3-136
3-36	Earnings by Industry Sector 2002 (in Thousands of Dollars)..... 3-137
3-37	Educational Attainment 2000 (Population 25 years and Over)..... 3-139
3-38	Total Percentage of Population by Race/Ethnicity (2000)..... 3-142
3-39	County Income and Poverty Level (2000). 3-143

LIST OF TABLES – VOLUME II

Table	Page
4.2.1-1	Comparison of Air Quality Indicators by Alternative..... 4-10
4.2.2-1	Comparison of Cultural Resources Indicators by Alternative in Approximate Acres. 4-23
4.2.3-1	Comparison of Soil Indicators by Alternative. 4-40
4.2.3-2	Approximate Acres of Erodible Soils by Vegetation Type and Treatment Acres. 4-44
4.2.3-3	Approximate Acres of Erodible Soils Open to Minerals Activities..... 4-47
4.2.3-4	Acres of Wind and Water Erodible Soils by OHV Designation and Alternative. 4-51
4.2.4-1	Comparison of Paleontological Resource Indicators by Alternative. 4-66
4.2.5-1	Comparison of Vegetation Indicators by Alternative. 4-76
4.2.5-2	Areal Extent of Vegetation Treatments Occurring in Each Vegetation Type by Alternative During the First 10 Years of Plan Implementation. 4-77
4.2.5-3	Mountain Shrub Land Health Condition for All Alternatives Following Vegetation Treatments and Natural Succession. 4-78
4.2.5-4	Wet/Cold Conifer Land Health Condition for All Alternatives Following Vegetation Treatments and Natural Succession. 4-79
4.2.5-5	Natural Juniper Land Health Condition for All Alternatives Following Vegetation Treatments and Natural Succession. 4-80
4.2.5-6	Average Annual Acres Burned by Vegetation Type for the Period 1971 Through 2001..... 4-81
4.2.5-7	Alternative A Vegetation Treatment Methods - Shrub Steppe Vegetation Types..... 4-92
4.2.5-8	Low-Elevation Shrub Land Health Condition for All Alternatives Following Vegetation Treatments and Natural Succession..... 4-94
4.2.5-9	Mid-Elevation Shrub LHC for All Alternatives Following Vegetation Treatments and Natural Succession..... 4-95
4.2.5-10	Alternative A Vegetation Treatment Methods - Shrub Steppe Vegetation Types..... 4-97
4.2.5-11	Aspen/Aspen Conifer Mix/Dry Conifer Land Health Condition for All Alternatives Following Vegetation Treatments and Natural Succession. 4-98
4.2.5-12	Vegetation Types and Approximate Acres Open to Fluid Mineral Leasing with No Surface Occupancy Restrictions and Acres Open to Fluid Mineral Leasing Where Surface Occupancy is Allowable for All Alternatives..... 4-102
4.2.5-13	Vegetation Types and Approximate Acres Open to Solid Mineral Leasing with No Closure Restrictions for All Alternatives..... 4-104
4.2.5-14	Vegetation Types and Approximate Acres Open to Mineral Materials Disposal with No Closure Restrictions for All Alternatives..... 4-106
4.2.5-15	Vegetation Types and Approximate Acres Open to Location of Mining Claims with No Closure Restrictions for All Alternatives. 4-108
4.2.5-16	Alternative B Vegetation Treatment Methods - Shrub Steppe Vegetation Types. 4-109
4.2.5-17	Alternative B Vegetation Treatment Methods – Forested Vegetation Types. 4-113
4.2.5-18	Alternative C Vegetation Treatment Methods - Shrub Steppe Vegetation Types. 4-124
4.2.5-19	Alternative C Vegetation Treatment Methods - Forested Vegetation Types..... 4-127
4.2.5-20	Alternative D Vegetation Treatment Methods - Shrub Steppe Vegetation Types..... 4-134
4.2.5-21	Alternative D Vegetation Treatment Methods - Forested Vegetation Types..... 4-137
4.2.6-1	Comparison of Fish and Wildlife Indicators by Alternative. 4-148
4.2.6-2	Key Representative Wildlife Species by Vegetation Type. 4-150
4.2.6-3	Description of Selected BpS Class for Wildlife Impact Assessment by Vegetation Type. 4-151
4.2.6-4	Short Term (10 Years) and Long Term (30 Years) Change in Acreage Resulting from Vegetation Treatments on Identified (Desired) BpS Classes of Representative Fish and Wildlife Species by Alternative. 4-152
4.2.6-5	Wildland Fire Treatment Acreage and Predicted Change in FRCC Class by Alternative..... 4-155

LIST OF TABLES – VOLUME II

Table	Page
4.2.6-6	Approximate Acres Open for Mineral Resource Development by Mineral Resource Type by Alternative. 4-157
4.2.7-1	Acres of Special Status Plant Habitat on Public Lands Potentially Affected by Surface Disturbance Activities and Alternative..... 4-178
4.2.7-2	Representative Special Status Species by Vegetation Type and Approximate Acres of Public Land..... 4-180
4.2.7-3	Comparison of Special Status Species Indicators by Alternative..... 4-181
4.2.7-4	Expected Wildland Fire Effects on Special Status Plant Species Within the Planning Area... 4-187
4.2.7-5	Approximate Acres of Special Status Plant Habitat with Oil and Gas and Geothermal Resource Potential on Public Lands Within the Planning Area 4-190
4.2.7-6	Description of Selected BpS Class for Special Status Fauna Impact Assessment by Vegetation Type.. 4-191
4.2.7-7	Short Term (10 Years) and Long Term (30 Years) Change in Acreage Resulting from Vegetation Treatments on Identified (Desired) BpS Classes ¹ of Representative Fish and Wildlife Species by Alternative..... 4-192
4.2.7-8	Expected Livestock Grazing Effects On Special Status Flora Plant Species Within the Pocatello Field Office Area. 4-194
4.2.7-9	Approximate Acres of Special Status Plant Habitat Where WFU Would be Suitable/Not Appropriate on Public Lands..... 4-202
4.2.7-10	Approximate Acres of Special Status Plant Habitat Where WFU Would be Suitable/Not Appropriate on Public Lands..... 4-210
4.2.7-11	Approximate Acres of Special Status Plant Habitat Where WFU Would be Suitable/Not Appropriate on Public Lands..... 4-215
4.2.7-12	Approximate Acres of Special Status Plant Habitat by Land Status for Southeastern Idaho... 4-220
4.2.7-13	Approximate Acres of Special Status Plant Habitat Available To Livestock Grazing by Land Status for Each Alternative..... 4-222
4.2.7-14	Approximate Acres of Special Status Plant Habitat by Alternative Across Southeastern Idaho Open to Mineral Resource Development. 4-223
4.2.7-15	Approximate Acres of Special Status Plant Habitat by Land Status In Areas With Oil and Gas and Geothermal Potential Across Southeastern Idaho..... 4-225
4.2.8-1	LUA Exclusion Areas for each Alternative..... 4-227
4.2.9-1	Comparison of Water Resource Indicators by Alternative..... 4-233
4.2.10-1	Comparison of Wildland Fire Indicators (FRCC in 30 Years) by Alternative and Vegetation Type. 4-246
4.2.10-2	Wildland Urban Interfaces in the Planning Area by Alternative..... 4-250
4.2.10-3	Change in FRCC in each Vegetation Type Following Treatment for Alternative A. 4-254
4.2.10-4	Change in FRCC in each Vegetation Type Following Treatment for Alternative B..... 4-257
4.2.10-5	Change in FRCC in each Vegetation Type Following Treatment for Alternative C..... 4-259
4.2.10-6	Change in FRCC in each Vegetation Type Following Treatment for Alternative D. 4-261
4.3.1-1	Approximate Acres of Commercial and Non Commercial Forestry Program Affected by Management Direction by Alternative. 4-266
4.3.2-1	Comparison of Lands and Realty Indicators by Alternative..... 4-279
4.3.2-2	Zone 4 Acres Potentially Disposed of by Alternative Based Upon Assumption that 50% of Public Lands Identified for Disposal Would Be Transferred Over the Next 20 Years. 4-280
4.3.3-1	Comparison of Livestock Grazing Indicators by Alternative..... 4-296
4.3.3-2	Grazing Allotments Affected by Selenium..... 4-305
4.3.3-3	Allotments With Portions Consisting of Areas Designated as RNAs. 4-308
4.3.3-4	Acres of Unpermitted/Unleased Allotments With Riparian Areas..... 4-310
4.3.3-5	Grazing Allotments (A) and Unallotted Tracts (U) (Public Lands Only) Partially or Entirely within the Boundaries of the Blackfoot Stock Driveway. 4-310
4.3.3-6	Allotments with Portions Consisting of Areas Designated as RNAs. 4-311

LIST OF TABLES – VOLUME II

Table	Page
4.3.3-7	Regional Comparison of Livestock Grazing (AUMs and Percent) by Land Ownership..... 4-315
4.3.3-8	Public Land Acres and AUMs Unavailable on a Permanent or Temporary Basis Due To Resources/Uses Management Direction By Alternative..... 4-319
4.3.3-9	Public Lands Acres of Livestock Grazing Potentially Impacted By Plan Direction By Alternative. 4-320
4.3.4-1	Comparison of Mineral and Energy Indicators in Approximate Acres by Alternative. 4-322
4.3.4-2	Approximate Acres of Timing Restrictions from Fish and Wildlife and Special Status Species for Oil and Gas Resources on Public Lands. 4-330
4.3.4-3	Approximate Acres of Timing Restrictions from Fish and Wildlife and Special Status Species for Geothermal Resources on Public Lands. 4-330
4.3.4-4	Approximate Acres (Percent) Public Lands Designated as Visual Resources Class I or II in Oil and Gas and Geothermal Resource Potential Areas. 4-333
4.3.4-5	Approximate Acres of Public Lands in the Planning Area with Fluid Mineral Potential and No Surface Occupancy for Various Resources/Uses and All Alternatives..... 4-341
4.3.4-6	Approximate Acres of Special Designations, Fish and Wildlife/Special Status Species Geographical Areas and Special Status Plant Habitat in the Planning Area with Fluid Mineral Potential and No Surface Occupancy by Alternative..... 4-342
4.3.4-7	Approximate Total Footprint Acres of Public Lands in the Planning Area with Fluid Mineral Potential and No Surface Occupancy by Alternative..... 4-342
4.3.4-8	Approximate Acres of Public Lands in the Planning Area Identified for Possible Land Tenure Adjustments (Zones 3 and 4) in Fluid Mineral Potential Areas by Alternative. 4-346
4.3.4-9	Cumulative Approximate Acres of Fluid Mineral Surface Disturbance Within Southeastern Idaho for all Public or Split-Estate Lands. 4-356
4.3.4-10	Approximate Acres of Cumulative Surface Disturbance for All Past, Current and Future Mineral Material, LocaMineral, and Solid Leasable Mineral Activities within Southeastern Idaho by Surface Agency/Owner. 4-359
4.3.5-1	Approximate Acres of Special Recreation Management Areas, the Extensive Recreation Management Area and Off-Highway Vehicle Designations by Alternative. 4-363
4.4.1-1	Comparison of the Number and Approximate Acres of Special Designations by Alternative. 4-377
4.4.1-2	Approximate Acres of Identified Values/Characteristics by Alternative for WSAs, ACECs and RNAs. 4-378
4.4.1-3	Approximate Acres Available/Not Available by Alternative for Livestock Grazing Within Special Designated Areas (WSA, RNA, and ACEC) in the Planning Area. 4-382
4.4.1-4	Approximate Acres of Special Designation Areas (WSA, ACEC, RNA, and Historic Trails) Protected Through Discretionary and Non-discretionary Closures and NSO Stipulation for Minerals and Energy Resources for Alternative A. 4-383
4.4.1-5	Approximate Acres of Special Designated Areas (WSA, ACEC, RNA, and Historic Trails) Protected Through Discretionary and Non-discretionary Closures and NSO Stipulation for Minerals and Energy Resources for Alternative B. 4-385
4.4.1-6	Approximate Acres of Special Designated Areas (WSA, ACEC, RNA, and Historic Trails) Protected Through Discretionary and Non-discretionary Closures and NSO Stipulation for Mineral and Energy Resources for Alternative C. 4-386
4.4.1-7	Approximate Acres of Special Designated Areas (WSA, ACEC, RNA, and Historic Trails) Protected Through Discretionary and Non-discretionary Closures and NSO Stipulation for Mineral and Energy Resources for Alternative D. 4-388
4.5-1	Comparison of Socioeconomic Indicators by Alternative. 4-393
4.5-2	Socioeconomic Comparison of Alternatives. 4-396

LIST OF TABLES – VOLUME II

Table	Page
5-1 List of Draft RMP/EIS Preparers.....	5-5

LIST OF FIGURES – VOLUME III

Figure

1-1	Planning Area
2-1	Alternatives B, C, and D: Special Emphasis Wildlife Areas
2-2	Soda Hills Management Area Designated Routes
2-3	Alternative A: Special Designations
2-4	Alternative A: Wildland Fire Use
2-5	Alternative A: Parcels Identified for Land Tenure Adjustment
2-6	Alternative A: Land Use Authorizations
2-7	Alternatives A and D: Public Lands Not Available for Livestock Grazing
2-8	Alternative A: Fluid Mineral No Surface Occupancy and Closure Areas
2-9	Alternative A: Solid Leasable Mineral Closure Areas
2-10	Alternative A: Salable Mineral Closure Areas
2-11	Alternatives A and D: Locatable Minerals Closure Areas
2-12	Alternative A: OHV Designations
2-13	Alternatives B, C, and D: Access Acquisition Priority Areas
2-14	Alternative B: Wildland Fire Use
2-15	Alternative B: Land Tenure Adjustment Zones
2-16	Alternatives B and C: Land Use Authorizations
2-17	Alternative B: Public Lands Not Available for Livestock Grazing
2-18	Alternative B: Fluid Mineral No Surface Occupancy and Closure Areas
2-19	Alternative B: Solid Leasable Mineral Closure Areas
2-20	Alternative B: Salable Mineral Closure Areas
2-21	Alternatives B and C: Locatable Minerals Closure Areas
2-22	Alternative B: OHV Designations
2-23	Formation Cave Research Natural Area Designated Route
2-24	Robbers Roost Creek Research Natural Area Designated Route
2-25	Oneida Narrows Reservoir Area Designated Routes
2-26	Alternative B: Special Designations
2-27	Alternative C: Special Status Species Priority Areas
2-28	Alternative C: Wildland Fire Use
2-29	Alternative C: Land Tenure Adjustment Zones
2-30	Alternative C: Public Lands Not Available for Livestock Grazing
2-31	Alternative C: Fluid Mineral No Surface Occupancy and Closure Areas
2-32	Alternative C: Solid Leasable Mineral Closure Areas
2-33	Alternative C: Salable Mineral Closure Areas
2-34	Alternative C: OHV Designations
2-35	Alternative C: Special Designations
2-36	Alternative D: Wildland Fire Use
2-37	Alternative D: Land Tenure Adjustment Zones
2-38	Alternative D: Land Use Authorizations
2-39	Alternative D: Fluid Mineral No Surface Occupancy and Closure Areas
2-40	Alternative D: Solid Leasable Mineral Closure Areas
2-41	Alternative D: Salable Mineral Closure Areas
2-42	Alternative D: OHV Designations
2-43	Alternative D: Special Designations
3-1	100 KM Area of Consideration for Air Quality Impacts
3-2	Historic Trails
3-3	Soil Erodibility Potential
3-4	Vegetation
3-5	Big Game Winter Range
3-6	Sharp-tailed Grouse Habitat and Ferruginous Hawk Important Bird Area
3-7	Sage Grouse Habitat

LIST OF FIGURES – VOLUME III

Figure

3-8	Visual Resource Management Classes on BLM Administered Public Lands
3-9	Watersheds (4th Level Hydrologic Unit Codes) and Hydrologic Features
3-10	Existing and Agency Designated Utility Corridors
3-11	BLM Grazing Allotments
3-12	Locatable Mineral Occurrences
3-13	Sand and Gravel Potential and Existing Permits
3-14	Oil and Gas Occurrence Potential
3-15	Existing Phosphate Mines and Known Phosphate Leasing Areas
3-16	Geothermal Springs and Wells
3-17	Geothermal Potential
3-18	Uses of Geothermal Resources
3-19	Bear River Wild and Scenic River Study Area
3-20	Blackfoot River Wild and Scenic River Study Area

LIST OF APPENDICES – VOLUME III

- A Idaho Standards for Rangeland Health and Guidelines for Livestock Grazing Management
- B Laws and Executive Orders Affecting BLM Planning and Management
- C Guidelines/Techniques/Practices
- D Seasonal Restrictions for Identified Wildlife Habitat Areas and Raptors
- E Matrix of Cutthroat Trout Objectives for Yellowstone and Bonneville Trout
- F Land Identified For Disposal under the Authority of the Federal Land Transaction Facilitation Act
- G Road and Trail Locations Identified for Public Access Acquisition
- H Fluid Minerals Leasing, Terms and Stipulations
- I Summary of the Area Wide Investigation of Phosphate Mine Contamination and Final Risk Management Plan
- J Methodology and Assumptions For Vegetation Modeling, Fire Regime Condition Class and Land Health Condition
- K Nomination of Areas of Environmental Concern
- L Air Quality Assessment Technical Report
- M Plants, Fungi and Wildlife Species of Cultural Significance to the Shoshone-Bannock Tribes Within the Pocatello Filed Office Area
- N Wildlife Species Likely to Occur in the Pocatello Field Office
- O Idaho BLM Special Status Species Ranking Protocols 2003
- P Allotment Permitted Use (AUMs) and Seasons of Use by Livestock Kind
- Q Oil and Gas Resources, Reasonable Foreseeable Development Scenario
- R Geothermal Resources, Reasonable Foreseeable Development Scenario
