

# AWIPS / HADS USER IDS, WMO Headers and their associated Product Identifiers

The following table presents the HADS USER identifiers and the communication headings that are used to deliver HADS generated data products to the Weather Forecast Offices and River Forecast Centers. These product identifiers became operational 1500 UTC April 10,2001  
(Page last updated 03/14/03)

Offices are listed alphabetically within each NWS region. Note for the WFOs, Alaska, Eastern, Pacific and Southern Region WMO Headings begin with SR while Central and Western Regions begin with SX.

| HADS User ID          | Office Location                  | WMO Header  | AWIPS PIL |
|-----------------------|----------------------------------|-------------|-----------|
| <b>Alaska Region</b>  |                                  |             |           |
| AFC                   | Anchorage AK.                    | SRAK40 KWOH | RRSAFC    |
