Technical comments:⁴

⁴ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.

The Commission staff notes that HTS heading 9902.05.16 had provided a temporary duty suspension for the subject product that expired on December 31, 2006. That heading should be used to renew the duty suspension, and the article description on page 1 of this report should be used because it contains the correct chemical name.
