Technical comments:⁴

The Commission staff recommends that the article description of HTS heading 9902.32.62 be modified as shown on page 1 of this report to correct the presentation of the chemical name.

⁴ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
