Technical comments:⁴

The Commission staff notes that HTS heading 9902.24.49 provides a temporary duty suspension for the subject product that expires on December 31, 2009. The Commission staff recommends that HTS heading 9902.24.49 be used to extend the existing duty suspension and that the article description on page 1 of this report be used because it contains the correct chemical name and common chemical name.

⁴ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
