

*See Brass Sheet and Strip from Canada: Notice of Final Results of Antidumping Administrative Review*, 57 FR 20460, 20462 (May 13, 1992) (*Canadian Brass*). While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor company if the resulting operations are essentially the same as those of the predecessor company. *See, e.g., Industrial Phosphoric Acid from Israel: Final Results of Changed Circumstances Review*, 59 FR 6944, 6945 (February 14, 1994), and *Canadian Brass*, 57 FR 20460. Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor. *See, e.g., Fresh and Chilled Atlantic Salmon from Norway: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 9979, 9980 (March 1, 1999).

We have examined the information provided by Tyco and determined that Tyco is the successor-in-interest to Manuli. Tyco's acquisition of Manuli has precipitated minimal changes to the original Manuli corporate structure. Tyco's management, production facilities, supplier relationships, sales facilities and customer base are essentially unchanged from those of Manuli's. Therefore, the record evidence demonstrates that the new entity essentially operates in the same manner as the predecessor company. Consequently, we determined that Tyco should receive the same antidumping duty treatment as Manuli, *i.e.*, zero percent antidumping duty cash deposit rate.

The cash deposit determination from this changed circumstances review will apply to all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this changed circumstances review. *See Granular Polytetrafluoroethylene Resin from Italy: Final Results of Antidumping Duty Changed Circumstances Review*, 68 FR 25327 (May 12, 2003). This deposit rate shall remain in effect until publication of the final results of the next administrative review in which Tyco participates.

**EFFECTIVE DATE:** March 25, 2004.

**FOR FURTHER INFORMATION CONTACT:** Fred Baker or Robert James, AD/CVD Enforcement Office 8, Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-2924 or (202) 482-0649, respectively.

**SUMMARY:** The Department of Commerce (the Department) is postponing the final determination in the antidumping duty investigation of wax and wax/resin thermal transfer ribbons from the Republic of Korea from March 22, 2004 to March 29, 2004.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 22, 2003, the Department published its Notice of Preliminary Determination of Sales at Not Less Than Fair Value: Wax and Wax/Resin Thermal Transfer Ribbons From the Republic of Korea (68 FR 71078). The preliminary determination was negative. The notice stated the Department would issue its final determination no later than 75 days after the date of the preliminary determination (December 16, 2003).

Section 19 CFR 351.210(b)(2)(i) allows for a postponement of the final

determination until not later than 135 days after the date of publication of the preliminary determination at the request of the petitioner, when the preliminary determination was negative.

On February 12, 2004 the Department postponed the final determination to March 22, 2004 at the request of the petitioner. *See* Notice of Postponement of Final Antidumping Duty Determination: Wax and Wax/Resin Thermal Transfer Ribbons from the Republic of Korea, 69 FR 6941 (February 12, 2004).

#### Postponement of Final Determination

On March 16, 2004, the Department received a request from the petitioner, International Imaging Materials, Inc. (IIMAK), that the Department postpone the final determination until March 29, 2004. IIMAK made this request under section 19 CFR 351.210(b)(2)(i) which, as noted above, allows the petitioner to request a postponement of the final determination if the preliminary determination was negative. There are no compelling reasons for the Department to deny petitioner's request. Therefore, pursuant to section 19 CFR 351.210(b)(2)(i), the Department is postponing the deadline for issuing the final determination until March 29, 2004.

This notice of postponement is in accordance with section 735(a)(2)(B) of the Tariff Act of 1930, as amended, and 19 CFR 351.210(b)(2).

Dated: March 19, 2004.
