The 2010 payment to the Military Retirement Fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force; retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps; and survivors' benefits.

The 2004 National Defense Authorization Act (P.L. 108-136) created additional benefits for certain retirees who receive disability compensation from the Department of Veterans Affairs and moved the responsibility for payments under the Combat Related Special Compensation program to the Military Retirement Fund. Any additional funding requirements for retirees with service prior to 1985 will be included in this payment.

Public Law 98-94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the military personnel accounts, which cover the accruing costs of the future retirement benefits being earned by today's service members. The second source is interest on investments of the fund. The third source is made up of two payments from the general fund of the Treasury. The first Treasury payment covers a portion of the accrued unfunded liability for all the retirees and current members who had earned benefits before the accrual funding system was set up. The second Treasury payment covers the liability for concurrent receipt of military retired pay and disability compensation paid by the Department of Veterans Affairs. This benefit was added in the 2004 National Defense Authorization Act. The 2010 Budget proposes expanding this benefit to service members retired under the disability rules codified in Chapter 61 of Title 10 of the United States Code.

The status of the fund is as follows:

Public Law 106-398 provides for accrual funding for health care to Medicare-eligible retirees. The statute establishes an accrual health care fund which has three sources of funding. The first is contributions from employing agencies, which cover the liability for future benefits accruing to current service members. The second is an annual payment from the general fund of the Treasury on the accrued unfunded liability, and the third source is income from the investment of fund balances.

The 1985 Defense Authorization Bill, Public Law 98-525, provided for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapter 30, Title 38 U.S.C., and to selected Reserve personnel under the authority of Chapters 1606 and 1607, Title 10 U.S.C. Public Laws 100-48 and 108-375 made this program permanent. The fund is financed through actuarially determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

The agency has a currency fluctuation account that insulates its appropriation's buying power from changes in exchange rates. At the current exchange rate, ABMC would require \$17.1 million to offset foreign currency fluctuations. In 2009, "such sums as may be necessary" language was enacted for this account. The Commission will continue to estimate and report its Foreign Currency Fluctuation Account requirements.

The 1991 Defense Authorization Act, Public Law 101-510, created an Armed Forces Retirement Home (AFRH) Trust Fund to finance the AFRH-Washington and the AFRH-Gulfport Homes. The homes are financed by appropriations drawn from the trust fund.

The AFRH Fiscal Year 2008 Performance and Accountability Report displayed the significant progress of the AFRH over the past four years.

The Gulfport Home is being rebuilt at a cost of \$240 million as a result of Hurricane Katrina. The project has a target completion date of 2010. AFRH received \$5.6 million for the planning and design of the Scott Project in 2009. AFRH is requesting \$70 million from the Trust Fund for completion of the Scott Project, which will create better living conditions for residents; promote aging in place; and bring AFRH resident facilities in line with

the Americans with Disabilities Act (ADA), fire codes, and other building codes.

The AFRH provides, through the Armed Forces Retirement Home-Gulfport and Armed Forces Retirement Home-Washington, residences and related services for certain retired and former members of the Armed Forces.

The average number of members receiving domiciliary and hospital care are shown below:

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

The Selective Service System (SSS) continues to register men as they reach age 18, as required by law, and maintain an active data base of registrant records. Should the Nation return to conscription for a national emergency, the Agency would have the first draftees at military processing centers according to the mobilization plan. The Agency also manages a program for the Nation's conscientious objectors. In cooperation with the Department of Defense, all Reserve Force Officers participating in the SSS program are being reduced to 150 in 2009 and 2010 to reflect readiness requirements and the Military Conversion initiative.

The SSS will continue to strengthen its partnership with the Armed Services. The Agency will continue its national initiative to offer every young man that receives a registration acknowledgment, almost two million annually, the opportunity to volunteer for the military services.

The agency is allocating an additional \$2 million towards upgrading its information technology systems. A modernized information technology system will improve business processes and national registration compliance statistics, while helping to sustain an "all volunteer" military recruiting effort. This will ensure faster, more accurate processing, as well as more secure storage of personally identifiable information. It also will improve registration processing and enable better customer services via the Internet.
