I. BACKGROUND

1. At its 26th Session (November 2000), following a reservation by the European Community, the Harmonized System Committee had a short exchange of views concerning the classification of the "Media Composer 1000". The Committee agreed that the Secretariat should organize demonstrations of the "Media Composer 1000" for its next session and postponed a full discussion on its classification until that time.

II. SECRETARIAT COMMENTS

2. Following the instructions of the Committee, the Secretariat has organized two demos of the "Media Composer 1000" 1996 version (floppy drive - downloaded into memory) and current unit (CD drive - working from a CD). These demonstrations will take place on Tuesday, 8 May 2001, in the area outside the meeting room, during the coffee and lunch breaks, as well as during the evening cocktail.

III. CONCLUSION

3. The Committee is invited to take note of these demonstrations.
