

THE WHITE HOUSE

WASHINGTON

November 9, 2001

Dear Mr. Speaker:

In accordance with provisions of P.L. 107-38, the Emergency Supplemental Appropriations Act for Recovery from and Response to Terrorist Attacks on the United States, FY 2001, today I have authorized transfers from the Emergency Response Fund totaling \$9.3 billion for emergency recovery and response and national security activities listed in the enclosed letter from the Director of the Office of Management and Budget. As provided in P.L. 107-38, \$1.7 billion will be made available immediately and \$7.5 billion of these funds will be made available 15 days from the date of this transmittal.

These funds are in addition to the \$9.7 billion that I previously authorized for transfer and will allow our Government to continue to address the consequences arising from the terrorist attacks of September 11, 2001.

With this action, I have transferred all but \$1 billion of the funds that were made available to me. It is now time for Congress to act without delay on the final \$20 billion in critical defense and domestic needs that I requested on October 17th. My Administration does not intend to seek additional supplemental funding for either domestic or defense needs for the remainder of this session of Congress.

The details of these actions are set forth in the enclosed letter from the Director of the Office of Management and Budget. I concur with his comments and observations.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Dennis Hastert". The signature is stylized with a large, sweeping initial "J" and a long, horizontal stroke at the end.

Speaker of the House of Representatives

THE DIRECTOR

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

November 8, 2001

The President

The White House

Submitted for your consideration are requests to make available by transfer previously appropriated funds provided in P.L. 107-38, the Emergency Supplemental Appropriations Act for Recovery from and Response to Terrorist Attacks on the United States, FY 2001. You have previously authorized the transfer of \$9.7 billion from the Emergency Response Fund (ERF).

Your approval of these additional requests would transfer a total of \$9.3 billion from the ERF to the Departments of Agriculture, Defense, Justice, State, Transportation, and the Treasury; International Assistance Programs; and the Broadcasting Board of Governors. The funding would address consequences of the attacks, including funding for: food and refugee assistance to Afghanistan, Pakistan, and other neighboring countries; economic and security assistance to Uzbekistan, Turkey, and other countries in the region; additional sky marshals; purchase of additional security equipment for the Nation's airports; repair of the Pentagon; and national security operations.

These requests represent the sixth round of transfers from the ERF to respond to urgent requirements arising from the September 11th terrorist attacks. Pursuant to P.L. 107-38, \$1.7 billion will be made available immediately without further congressional review and an additional \$7.5 billion of these funds will be made available 15 days after this designation is forwarded to Congress.

Under the Emergency Supplemental Appropriations Act, \$20 billion of the \$40 billion was appropriated without further action by Congress. With this latest transfer, you will have made \$19 billion of this \$20 billion available to agencies to meet national security, homeland security, and domestic recovery purposes.

The final \$20 billion is only available once Congress enacts another law making these funds available for obligation. On October 17th, you requested that Congress enact approval of the \$20 billion and we will continue to work with the Congress to ensure the quick enactment of your request so that recovery and response from the attacks can continue without interruption.

I have carefully reviewed these proposals and am satisfied that they are necessary at this time. Therefore, I join the heads of the affected Departments and agencies in recommending your approval of the transfers described in the enclosure.

Sincerely,

A handwritten signature in black ink, appearing to read "M E Daniels Jr". The signature is written in a cursive, slightly slanted style.
