

Watch for Suspicious ITEMS

Characteristics of Suspicious Items:

- Abandoned or hidden in unusual place
- Leaking gas, vapor, odor or suspicious substance (including excessive grease)
- Contains exposed wires or timer
- Have an attached message with threatening note or suspicious marking

Potentially Suspicious Items:

- Canister, propane style tank, metal box, bottle, out of place items

What to do or not do if you see a Suspicious Item:

- **REPORT** suspicious items to a terminal employee, local authorities, or 911
- Do **IMMEDIATELY** report suspicious item
- Do pay attention to location of item or device
- Do **NOT** move or touch item or device
- Do not use radio or cell phone within 50 feet of item or device
