incomplete or has significant defects, we will contact you for additional information. You should provide any additional information within 90 days. If you don't provide requested information within a year, we may deny your application.

(b) If your application meets all requirements, we will consider whether the costs claimed are allowable and reasonable. We will then send you written notification of our decision to award or deny reimbursement in full or in part.

## \$310.19 Under what conditions would EPA deny my request?

We may deny your reimbursement request in full or in part if:

(a) Your records, documents, or other evidence are not maintained according to generally accepted accounting principles and practices consistently applied;

(b) The costs you claim are NOT reasonable or allowable, that is, they are higher than what a careful person would spend for similar products or services in your area; or

(c) You do not supply additional information within one year from when we request it; and

(d) Reimbursement would be inconsistent with CERCLA section 123, or the regulations in this part.

## §310.20 What are my options if EPA denies my request?

If we deny your request because you failed to meet a requirement in this regulation, you may request, in writing, that EPA grant an exception. You may also file a request for an exception with your initial application. In your request for an exception, you must state the requirement you cannot comply with and the reasons why EPA should grant an exception. We will grant exceptions only if you establish good cause for the exception and if granting the exception would be consistent with section 123 of CERCLA.

(d) After filing for review:

(1) You may request an informal conference with the EPA disputes decision official;

(2) You may be represented by counsel and may submit documentary evidence and briefs to be included in a written record; and

OTHER THINGS YOU NEED TO KNOW

## §310.22 What records must I keep?

(a) If you receive reimbursement under the regulations in this part, for three years you must keep all cost documentation and any other records related to your application. You must also provide EPA access to those records if we need them.

(b) After three years from the date of your reimbursement, if we have NOT begun a cost recovery action against a potentially responsible party, you may dispose of the records. You must notify EPA of your intent to dispose of the records 60 days before you do so, and allow us to take possession of these records beforehand.
