

(2) For a fisheries facility, any facility using that species or any for which aggregate facilities are inadequate to best use harvests of that or any other species.

U.S. means the United States of America and, for citizenship purposes, includes the Commonwealth of Puerto Rico; American Samoa; the U.S. Virgin Islands; Guam; the Republic of the Marshall Islands; the Federated States of Micronesia; the Commonwealth of the Northern Mariana Islands; any other commonwealth, territory, or possession of the United States; or any political subdivision of any of them.

U.S. note means a promissory note payable by the notemaker to the guarantor.

Useful life means the period during which project property will, as determined by the Division, remain economically productive.

Vessel means any vessel documented under U.S. law and used for fishing.

Wise use means the wise use of fisheries resources and their development, advancement, management, conservation, and protection.

§ 253.11 Guarantee policy.

(a) A guarantee financing or refinancing up to 80 percent of a project's actual cost shall be available to any qualified citizen otherwise eligible under the Act and these rules, except:

(1) *Vessel construction*. The Program will not finance this project cost. The Program will only refinance this project cost for an existing vessel whose previous construction cost has already been financed (or otherwise paid). Refinancing this project cost for a vessel that already exists is not inconsistent with wise use, but financing it may be.

(2) *Vessel refurbishing that materially increases an existing vessel's harvesting capacity*. The Program will not finance this project cost. The Program will only refinance this project cost for a vessel whose previous refurbishing cost has already been financed (or otherwise paid). Refinancing this project cost is not inconsistent with wise use, but financing it may be.

(3) *Purchasing a used vessel or used fishery facility*. The Program will neither finance nor refinance this project

cost (except for a used vessel or fishery facility that the Program purchased and is reselling), unless the used vessel or fishery facility will be refurbished in the United States and will be a contributory project or it will be used in an underutilized fishery.

(b) Every project, other than those specified in paragraphs (a) (1) and (2) of this section, is consistent with wise use and every project, other than those specifically precluded in paragraphs (a) (1) and (2) of this section, may be financed, as well as refinanced.

§ 253.12 Guaranteed note, U.S. note, and security documents.

(a) *Guaranteed note*—(1) *Principal*. This may not exceed 80 percent of actual cost, but may, in the Division's credit judgment, be less.

(2) *Maturity*. This may not exceed 25 years, but shall not exceed the project property's useful life and may, in the Division's credit judgment, be less.

(3) *Interest rate*. This may not exceed the amount the Division deems reasonable.

(4) *Prepayment penalty*. The Division will allow a reasonable prepayment penalty, but the guarantor will not guarantee a notemaker's payment of it.

(5) *Form*. This will be the simple promissory note (with the guarantee attached) the Division prescribes, promising only to pay principal, interest, and prepayment penalty.

(6) *Sole security*. The guaranteed note and the guarantee will be the noteholder's sole security.

(b) *U.S. note and security documents*—(1) *Form*. The U.S. note and security documents will be in the form the Division prescribes.

(2) *U.S. note*. This exists to evidence the notemaker's actual and contingent liability to the guarantor (contingent if the guarantor does not pay the guaranteed note (including any portion of it), on the notemaker's behalf or if the guarantor does not advance any other amounts or incur any other expenses on the notemaker's behalf to protect the U.S. or accommodate the notemaker; actual if, and to the same monetary extent that, the guarantor does). Payment of the guaranteed note
