

The U.S. EPA's Explanation of  
Significant Differences for Foote Mineral  
Co. Superfund Site Now  
Available Online

The U.S. Environmental Protection Agency (EPA) Region 3 issued an Explanation of Significant Differences (ESD) for the Foote Mineral Co. Superfund Site on December 1, 2007. The ESD is now available online for review. Any problems that residents may have had accessing the ESD on the internet have been fixed. The ESD is available online at <http://www.epa.gov/arweb>. Select 'PA' for State, 'Foote Mineral' for Site Name, and leave AR Type blank. Select 'Search,' and on the next screen select 'Search Results.'

EPA is still accepting public comments on the ESD until midnight on December 30, 2007. Please mail your comments to Francisco J. Cruz at the following address:

U.S. EPA  
1650 Arch Street (Mailcode: 3HS52)  
Philadelphia, PA 19103
