

§ 222.175

Example 2. "Non-supplanting." The LEA from the example of supplanting that has the \$300,000 roof commitment has also received a \$400,000 estimate for the replacement of its facility's heating, ventilation, and air conditioning (HVAC) system. The LEA has not made any commitments for the HVAC system because it has no remaining funds available to pay for that work. Since other funds are not available, it would not be supplanting if the LEA received an emergency grant under this program to pay for the HVAC system.
