§ 21.02a Special calls for machine-readable information.

(a) Upon special call by the Commission for information relating to futures

and/or option positions held on the dates specified in the call, each futures commission merchant, member of a contract market and foreign broker shall furnish to the Commission in accordance with paragraph (b) of this section the following information concerning accounts of traders owning or controlling such futures and/or option position, except for accounts carried by another futures commission merchant on a fully disclosed basis, as may be specified in the call:

(1) Account number;

(2) The name and address of the person for whom each account is carried; and

(3) The number of open futures and/or options contracts carried in each account as specified in the call.

(b) Except as provided in paragraph (c), the information shall be furnished in the following form and manner:

(1) *Reporting medium.* Except as otherwise specifically approved by the Commission, information shall be provided on compatible data processing media.

(2) *File layout.* All required machine records shall be submitted together in a single file. Each record will be 80 characters long with a record type identifier in the first four positions and a record sequence identifier in the last eight positions. Specific record formats are a set of COBOL language record descriptions. Four records are defined as follows:

(i) Type 400A records are an identification record used to pass data specifying the firm that is reporting. One 400A record should be included in the file.

(ii) Type 410B and 411C records are account identification records. Type 410B records are used to furnish account numbers. A series of type 411C records are used to transmit the name and address of the accounts. A series of 411C records should follow each 410B record.

(iii) Type 520E records are open position records. A series of 520E records should follow the last 411C record for each account.

(3) The required record description is as follows:

```
01 O-T-400A:
   05 O-T-RECORD-TYPE—PIC X(4) VALUE
     400A.
```
