Dear Interested Parties:

The USDA Forest Service Lake Tahoe Basin Management Unit (LTBMU) is seeking comments on the enclosed Pre-Decisional Memo for the Aspen Community Restoration Project. This project follows directives in the LTBMU Land and Resources Management Plan (Forest Plan) and the 2004 Sierra Nevada Forest Plan Amendment Record of Decision (SNFPA) for management of diverse ecosystems and associated species. The attached Pre-Decisional Memo describes proposed implementation activities and includes a project area map. As the Aspen Community Restoration Project continues through the environmental analysis process, the Forest Service will continue to be the lead agency for the National Environmental Policy Act (NEPA) planning process. The Forest Service will work closely with the Tahoe Regional Planning Agency (TRPA), and Lahontan Regional Water Quality Control Board (LRWQCB) to meet applicable regulations.
