

# Okefenokee National Wildlife Refuge Intermediate Nature Photography Workshop

RAIN OR  
SHINE!

**Saturday & Sunday March 21-22, 2009**

**Saturday 8:00 a.m. to 4:30 p.m.; Sunday 7:00 to 11:00 a.m.**

An intermediate class to expand your basic knowledge and/or build on the basic session conducted in January. Join local award winning nature photographer John Reed to learn more about key photographic principles such as exposure, metering, composition, ETTL flash and more.

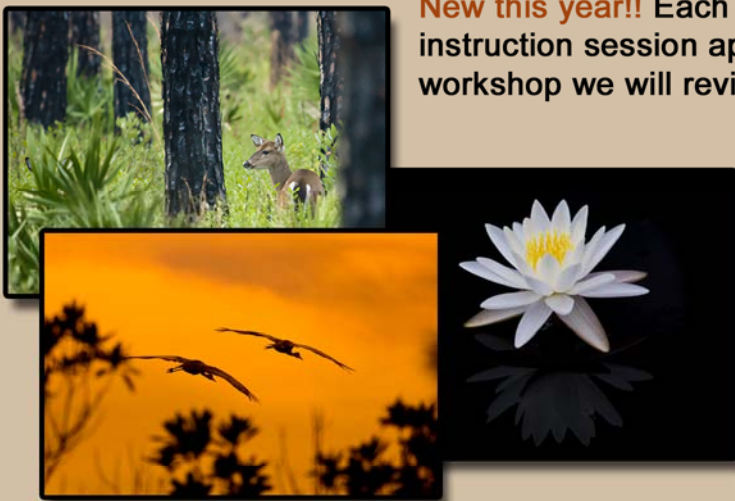

Saturday consists of instruction sessions & 2 shooting exercises to practice what you learned. Finish Sunday with a morning of field shooting exploring the Refuge with John available to answer questions and offer tips and advice.

As an intermediate class, the more familiar you are with your camera controls, the more you will gain from the class. BUT!! ALL skill levels are welcome and will benefit. Attendance at the January workshop is not a prerequisite.
